The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbaukum Hill (a small Sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distances with a common Sextant.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the Honorable Company's Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; Notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the Honorable Company's Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this Port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the Owners, and that they will be returned, on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,
Sec. to Government.

Fort St. George, 20th April, 1807.

Pursuant to the above Advertisement, Notice is hereby given, that no Time-keeper sent to the Honorable Company's Observatory, will be returned without *written* application from the Owner, or person who originally sent it; this application, if more convenient, may be added to the official receipt, which must always accompany the application.

No application either for a Time-keeper to be received at the Observatory, or for its being returned, can be attended to, unless made between the hours specified in the Public Advertisement.

H. C.'s Observatory,
15th June, 1825.

J. GOLDINGHAM,
Astronomer.

*** *It is recommended, that Time-keepers be not brought out in a Palankeen, the motion having been found to produce injurious effects: a Carriage is also objectionable; and the best mode perhaps, is to let trusty Servants perform the service; sheltering the Time-keepers from the direct rays of the Sun, with the folds of a cloth.*

Sun's Greatest Amplitude.	23	43	23	47	23	51	23	56	24	1	24	7	24	14	From the E. or W.

Under the degree of latitude, or nearest to it, of the place required, taken from the table of Latitudes, and opposite the day of the month, or nearest to it, on the left hand side of the table, the time of the Sun's rising will be found, and opposite to it on the right hand is the time of the Sun's setting.

Directions for setting a Clock or a Watch to Mean Solar Time by this Table; the Time by the same Clock or Watch of the Sun's rising or setting having been observed.

The Table shews the apparent Time when the Sun's centre is cut by the horizon either at rising or setting—convert this into Mean Time, by taking out the Equation of time from the table in the Almanac, and as the table directs adding it to, or subtracting it from, the time of rising or setting of this Table.

The refractive power of the Atmosphere elevates the Sun so much, that the centre of that Luminary is actually cut by the horizon, when the lower limb appears to the eye to be half his diameter above it—Therefore the Time by the Clock or Watch must be noted when the Sun's lower limb is thus far above the horizon—and you get the Clock or Watch Time of his rising or setting, according as the observation may be taken at Sunrise or Sunset—the difference between this time, and the Mean time of rising or setting found before, will shew what the Clock or Watch is fast or slow for Mean Time—and it is to this time that all good Clocks and Watches are regulated and set.

A parah of chunam is 5 marcals.—Milk, oil, ghee, &c. are sold by the grain measure containing 8 ollucks; 20 ollucks, are equal to 1 English gallon.

LAND MEASURE.

Land is usually measured with Gunter's Chain of 100 Links, or with a Rod of 10 feet, and reduced to Cawnies, Grounds and Square feet, agreeably to the following table.

60 feet long and 40 broad, make one Ground or Maunie, containing 2,400 square feet.

24 Grounds, or Maunies; make one Cawnie equal to 57,600 square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1.3223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an Acre—Or multiply the Cawnies by 1.3223, and the product (cutting off 4 places to the right hand) will be the same, and the figure so cut off are the decimal part of an Acre.

The Covid in CLOTH MEASURE is 18 Inches, but the English yard of 36 inches is generally used.

Abstract of an Act passed in the Thirty-third Year of His late Majesty, Cap. 52, Sec. 70, precluding the return to their duty of the Civil and Military Servants, after an absence of Five years.

And be it further enacted, that no person who shall have held any Civil or Military station whatever, in India, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander-in-Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof, eight days previous notice of the time and purpose of such Meeting shall be given in the London Gazette, or unless, in the case of any Military Officer, it shall be proved, to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

Regulations for the

GRANT OF ABSENTEE ALLOWANCE

TO CIVIL SERVANTS WHEN IN EUROPE.

That after an actual residence in India in the civil service of ten years or upwards, a covenanted civil servant of the Company, upon either of the establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill-health or from any other cause, and without reference to his private fortune, to come once to Europe on leave for three years, and to receive for that period from the Company's cash an allowance of £500 per annum, provided that in no case shall a greater number of servants come home under this regulation, annually, than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of servants who may have come home under this regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay, and that the preference shall be given first to servants producing medical certificates upon oath, that a visit to Europe is indispensibly necessary for the restoration of health, and then to servants in their order of seniority, according to the rank assigned to them by the Court of Directors on the gradation list of the service.

That in cases of civil servants compelled by illness certified upon oath,

to come to Europe previous to their completion of an actual residence in the civil service of ten years, such covenanted servants shall each be presented with the sum of 2,000 sicca rupees as passage money, and shall be entitled, for a period not exceeding three years, to an allowance from the Company's cash of £250 per annum; but that servants having received this indulgence, shall not, in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any allowance under the first regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn in the shape of absentee allowance, exclusive of passage money, and that of £500 per annum for three years.

That servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing regulations.

That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

That the same be paid half yearly in Europe; that, on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

That any servant being in the receipt of absentee allowance from a civil fund, shall not be entitled to receive, during the same period of absence, the allowances prescribed by these regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited.

EXTRACTS FROM THE

REGULATIONS RESPECTING MILITARY AND OTHER OFFICERS RETIRING FROM THE COMPANY'S SERVICE.

EVERY Officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained within twelve months of his arrival in Europe, but such pay is to be the same only as that allowed to Officers of Infantry.

A Member of the Medical Board, who has been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, is permitted to retire from the service, and allowed £500 per annum.

A Surgeon of a General Hospital, or Superintending Surgeon, who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the service, and allowed £300 per annum.

All other Surgeons and Assistant Surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three years for one furlough.

A chaplain, after eighteen years' service in India, including three years for one furlough, is allowed to retire on the pay of lieutenant-colonel; after ten years (if compelled by ill-health to quit the service) on the half pay of lieutenant-colonel; after seven years, on the half-pay of major.

A Commissary, or Deputy Commissary of Ordnance, not being a commissioned Officer, is allowed to retire on full pay, if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty-five years actual service in India.

Every Lieutenant Colonel, Major, or Captain, is allowed to retire with

the *half pay* of the rank to which he has attained, in case his health shall not permit him to serve in India.

A Lieutenant having served thirteen, or an Ensign nine years in India, including three years for a furlough, may retire on the *half-pay* of his rank, in case his health shall not permit him to serve in India.

A Subaltern Officer, or Military Assistant Surgeon, having served six years in India, is permited to retire on the *half-pay of Ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every Officer returning on Furlough, and wishing to retire from the Service must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must, at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *twenty-two years*, without having a furlough; in that case he is allowed *two* years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service, will be considered to have retired from the date of their application, for leave to retire; or from the expiration of two years from the date of their landing in England, whichever shall happen first.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to Assistant Military Surgeons and Veterinary Surgeons. The furlough to be granted by the Commander in Cheif at each Presidency, with the approbation of the respective Goverments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A Chaplain after seven years' residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior of this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay, only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to this Presidency.

Officers are required to join the establishment to which they belong at the expiration of three years furlough, unless they shall have obtained an extension of leave, from the court six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court, that a further residence in Europe is indespensibly necessary.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness, must, if resident in London or its vicinity, appear before the Company's examining physician Dr. W. F. Chambers, of Upper Brook-Street, Grosvenor-square, who will report to the Court of Directors his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two Gentlemen, eminent in the medical Profession, *viz.*:—

I hereby certify, that I have carefully examined (state the nature of the case, as well as the name of the party), and I declare, upon my honor, that according to the best of my judgment and belief, is at present unfit for duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least longer in this country.

Also, previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness, are to furnish a certificate of two eminent physicians, *in the above form*, with the attestation of a Magistrate, that the persons who signed the certificate are Physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the Act of 33 Geo. III., cap. 52. sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw the pay of their Brevet rank beyond the above period.

NOMINATION OF STUDENTS.

Regulations and Preparatory Instructions.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college, will be required to address the following letter to the nominating Director:—

"Sir:—I beg to assure you, on my honour, that my ———, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education.

"I have the honor, to be, &c."

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, church warden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of "baptisms of the parish of ———, in the county of ———, contains the "date of the birth of my son ———, who is the bearer of this, and pre- "sented for a nomination as a student at the East India College, by ——— "Esq.; and I do further declare, that I received the said presentation for "my son —— gratuitously, and that no money or other valuable considera- "tion has been or is to be paid, either directly or indirectly, for the same;

" and that I will not pay, or cause to be paid, either by myself, or by my " son, or by the hands of any other person, any pecuniary or valuable " consideration whatsoever, to any person or persons who have interest- " ed themselves in procuring the said presentation for my son from the Di- " rector abovementioned."

" Witness my hand, this —— day of ——, in the year of our Lord,——."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a Magistrate, to the following effect, viz.

" I, ——, presented as a student for the East India College, by ——, " do make oath and swear, that I have caused search to be made for a pa- " rish register, whereby to ascertain my age, but am unable to produce the " same, there being none to be found; and, further, I make oath and swear " that from the information of my parents (and other relations), which in- " formation I verily believe to be true, that I was born in the parish of " ——, in the county of——, on ——, in the year ——, and that I am " not at this time under the age of sixteen, or above twenty years."

" Sworn before me this —— day of ——

" Witness my hand, this—day " of——, in the year of our " Lord——"

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The abovementioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the Candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the Candidates respectively.

Candidates are to produce certificates, from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, conduct, disposition and character.

Candidates will be interrogated in an open Committee of College, as to their character, connections, and qualifications, conformably to the General Court's Resolution of the 6th July 1809.

Misconduct of students at College, will be attended with expulsion therefrom; and those who do not pass with credit the final examination, will not be admited into the civil service of the company. A student publicly expelled the College will not be admitted into any of the Company's civil establishments abroad, or into the Company's Military Seminary.

On a student's appointment to be a writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000, as liquidated damages to the company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

The rank of students leaving the College is determined by the certificate of the College Council, which is granted with reference to the industry, proficiency, and general good behaviour of the students.

Such rank to take effect only in the event of the student's proceeding to India, within three months after they are so ranked. *Should any student delay so to proceed, he shall only take rank among the students classed at the last examination previous to his departure for India; whether that Examination may have been held by the College Council or by the London Board of Examiners, and shall be placed at the end of that class in which rank was originally assigned to him.*

AT A COURT OF DIRECTORS, HELD ON WEDNESDAY, THE 9TH AUGUST, 1809.

RESOLVED, that any person who shall, in future be nominated to a situation, either civil or military, in the service of the Company, and who shall have obtained such nomination in consequence of pur-

chase, or agreement to purchase, or of any corrupt pretence whatever, either direct, or indirect, by himself or any other person, with or without his privity, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

Every Candidate must produce a certificate of his birth, taken from the parish register, and signed by the minister, and countersigned by the churchwardens; or, if born in Scotland, by the session's clerk and two elders, accompanied by a declaration from his father, mother, or nearest of kin, the forms of which may be had at the cadet-office. But in the event of there being no register of birth or baptism, the cadet will be furnished with the form of an affidavit to be taken by the cadet previously to his being appointed.

2. No candidate can be admitted under the age of fourteen years, or above the age of eighteen years.

3. No candidate will be admitted without a certificate, signed by a surgeon of respectability, that he has no mental or bodily defect that may disqualify him for military service, and a declaration that he has had the small-pox, or has been vaccinated.

4. Every candidate must produce a certificate of good conduct from the master under whom he has last studied.

5. Every candidate must deliver the name and address of the person residing in London, or its vicinity, who engages to receive him if he shall be dismissed from the seminary, or removed from sickness or any other cause.

It is an indispensable qualification that the candidate write a good legible hand, as he will be required to write down a sentence from dictation by the head master; and if he should be found deficient in this respect, or in his orthography, his reception into the institution will be suspended for such length of time as the head master shall report to be necessary.

7. No candidate will be admitted as a cadet who cannot read and construe Cæsar's Commentaries.

8. No cadet will be admitted who is not expert in vulgar and decimal fractions.

9. When a cadet is admitted, the lieutenant-governor or resident superintendant shall immediately send the head-master's certificate to the clerk to the seminary committee.

PROBATIONARY CLASS.—1. Every cadet will be required to pay the sum of £53. 16*s*. 5*d*. into the Company's treasury, previous to his being admitted into the seminary, to reimburse the Company the expense of his probation, including clothing, stationery, books, drawing and mathematical instruments, pocket-money, at the rate of two shillings and sixpence per week, medical attendance, and washing.

2. That for the purpose of securing to the Company the re-payment of such expenses, and the expense of any damage that a cadet shall wilfully do to any part of the buildings or furniture belonging to the seminary, or to the trees in the gardens or grounds of the seminary, two respectable persons, on the part of every cadet, shall give bond to the Company, previous to his admission into the seminary, in the sum of £200 jointly and severally.

3. Previous to the cadet's admission into this seminary, his parents or friends shall furnish him with the following articles, *viz.*

Twelve shirts, eight pairs of cotton stockings, six pairs of worsted ditto, six towels, six night-caps, eight pocket-handkerchiefs, two combs and a brush, a tooth-brush, a Bible and prayer-book; to be repaired, or, if necessary, to be renewed by the parents or friends at the vacation.

4. That in future every cadet upon his admission be considered a probationary pupil only for the first six months, at the end of which period the public examiner will be required to report to the seminary committee the probability of his being able to pass for the artillery at the first public examination after his two years' residence is expired; but should this appear improbable, either from want of talent or diligence, the cadet is then returned to his friends, and the sum paid into the Company's treasury upon his admission, £53 16*s*. 5*d*. be detained in liquidation of his expenses: but if the cadet is reported fit and able to prosecute his studies, then the said sum to be considered as covering his expenses at the seminary for the first year.

PAYMENTS.—After the first year, the cadet will be required to pay £40 per annum into the Company's treasury, and the payments must be made in advance, towards defraying the Company's annual expense for his board, lodging, and education, and for supplying him with the following articles, *viz.*

Books, stationery, mathematical instruments, drawing materials, repairing his clothes, pocket money at the rate of 2*s.* 6*d.* per week, medical attendance, and washing; as also with such a supply of the following articles as, in the opinion of the military Seminary Committee, shall be deemed necessary:

When the cadet attends to be passed by the Committee, he must give in the name and address of some friend residing in London or its vicinity, who will receive him if he shall be dismissed or removed from the Seminary.

SECURITY.—The Cadet will likewise be required to give in the names of two persons (housekeepers) to be his security against damage to the Company's premises, or the head master's property, and also to reimburse the Company in the event of his not going to India in the Company's service.—Expense for the execution of the Bond, in the Secretary's Office, £3.

PROHIBITION.—The Cadet must not join the Seminary with a greater sum than one guinea, and a further supply from any of his relations during the term may subject him to dismission from the Seminary.

VACATIONS.—Midsummer commences 17th June, ends 31st July;
Christmas commences 22d December, ends 31st January.

At the close of every vacation, the Cadet must apply at the Cadet Office for an order for his re-admission, and all sums then due to the Company must be paid up. This order will express that he is only to be re-admitted upon his returning with the same number of books and instruments which he took home with him, and that his linen is put into proper repair.

CAVALRY OR INFANTRY CADETS.

Cadets nominated for either of the above corps must be 16 years of age, and under 22, unless they have held a commission in his Majesty's service for one year, or in the militia or fencibles for the same period, they are then eligible, if not more than 25 years of age; and they must procure similar certificates and vouchers to those prescribed for cadets entering the seminary.

College and University of Glasgow, or the Faculty of Physicians and Surgeons of Glasgow, is deemed satisfactory as to his knowledge of Surgery. The above testimonials must be produced upon his receiving his nomination from a member of the Court of Directors. The Assistant Surgeon will then be sent to Dr. Chambers, the Company's examining Physician, with the undermentioned letter:

"SIR:—I have the commands of the Committee for passing military appointments, to request you will please to examine Mr. ———, and certify whether he is now qualified in physic to serve as an Assistant Surgeon at any of the Company's Presidencies in the East Indies; and if not, at what period you think he may be sufficiently qualified to obtain your certificate."

The following regulations have been resolved on by the Court, in reference to the examination by Dr. Chambers:

That every person nominated an Assistant Surgeon be required to pass an examination in the practice of physic, in which examination will be included as much anatomy and physiology as is necessary for understanding the causes and treatment of internal diseases, as well as the art of prescribing and compounding medicines.

That upon the Assistant Surgeon presenting himself to Dr. Chambers, he be required to produce to him satisfactory proof of his having attended at least one course of lectures on the practice of physic, and above all, of his having attended diligently the practice of the Physicians at some General Hospital in London, Edinburgh, Dublin, or Glasgow, for at least six months; and that, unless he produce such proof, it be deemed a want of proper qualification, and be immediately reported as such by the examining Physician to the Committee for passing military appointments.

The Assistant Surgeon will finally be required to execute covenants in the Secretary's Office, and find security in two persons to the extent of £500, jointly and severally, for the due performance of those covenants.—*Stamps and Fees*, £15 15*s.* 6*d.*

PASSAGE MONEY.—If the Assistant Surgeon should proceed in one of the Company's ships, he will have to pay £95 for his accommodation at the Captain's table, or £55, for his accommodation at the Third Mate's mess; and his passage money must be lodged in the hands of the Company's Paymaster, for the said Captain or Third Mate.

EXTRACT *of a* GENERAL LETTER *from* ENGLAND *in the* COMMERCIAL DEPARTMENT, *dated 7th September*, 1808.

Para. 229.—IN our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans, to be Warehouse-keepers of Baggage, subject to our immediate inspection and control, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible dispatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other Persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

GOVERNMENT ADVERTISEMENT.

The Right Honorable the Governor in Council having reasons to apprehend that the existing Law against the receipt of Presents from Native Princes and other Natives of Rank is not sufficiently understood, is pleased to publish for general information the following Extract from an Act of Parliament passed in the 33d Year of the Reign of His present Majesty. It is further explained that the Provisions of the Statute are not only applicable to all persons, Civil and Military, in the Service of His Majesty or of the Honorable Company, but also to the different members of their families residing in India.

LXII. And be it further enacted, That the demanding or receiving any sum of money, or other valuable thing, as a gift or present, or under colour thereof, whether it be for the use of the party receiving the same, or for, or pretended to be for the use of the said Company, or of any other person whatsoever, by any British subject, holding or exercising any office or employment under His Majesty, or the said United Company, in the East Indies, shall be deemed and taken to be extortion and a misdemeanour at Law, and shall be proceeded against and punished as such, under and by virtue of this Act, and the offender shall also forfeit to the King's Majesty, his Heirs and successors, the whole gift or present so received, or the full value thereof.

LXIII. Provided always, and be it further enacted, that the Court of Jurisdiction before whom any such offence shall be tried shall have full power and authority to direct the said present or gift, or any part thereof, to be restored to the party who gave the same, or to order the whole, or any part thereof, or of any fine which the Court shall set on the offender to be paid, or given to the Prosecuter, or Informer, as such Court in its discretion shall think fit.

LXIV. Provided always, and be it enacted, that nothing herein contained shall extend, or be construed to extend, to prohibit or prevent any Person exercising the profession of Counsellor at Law, Physician, or Surgeon, or any Chaplain, from accepting, taking, or receiving fees, gratuities, or rewards (bonâ fide) in the way of his profession only.

FORT ST. GEORGE,
2d Sept. 1825.

D. HILL,
Chief Secretary.

FORT WILLIAM,

Public Department, December 31, 1810.

The following REGULATIONS having been adopted by the Governor General in Council, under the authority and direction of the Honorable Court of Directors, they are now published for general information.

2d. The Governor General in Council has been pleased to authorise the Accountant General and the Sub-Treasurer for the time being, to act under the responsibility of the Honorable Company, as agents (for the purposes hereinafter mentioned) of the public creditors of this Government, whether residing in Europe or elsewhere.

3d. The Officers abovementioned are authorised to receive charge of, and to grant, receipts in duplicate, for any Obligations or Loan Acknowledgments of this Government, which the Proprietor may wish to deposit with them. No Note is to be received in deposit, which shall not appear to be made out in the name of, or be regularly indorsed to, the person depositing it. Persons desiring to deposit their Government Securities shall make their application to the Accountant General and Sub-Treasurer in the form hereunto subjoined, No. 1; and the receipt of those Officers will be given in the Form No. 2.

4th. The Officers abovementioned will receive the Interest on any Government Paper which may be deposited with them.—And will, according to the instructions of the Proprietor, remit the amount, either to England in Bills to be drawn on the Honorable Court of Directors, if the same shall be payable in such Bills by the terms of the Loan; or to the Presidencies of Fort St George or Bombay by Drafts on the Public Treasuries of those Presidencies, or to any of the Stations subordinate to this Presidency, by Drafts on the Collectors or on the Residents at Delhi or Lucknow, according to the rates of Exchange at which Government may draw at the time—or they will pay the amount at the Residency to any person nominated by the Proprietor to receive such payment. The instructions as to the manner in which the Interest is to be paid, must be made out according to the forms hereunto subjoined, Nos. 3, 4, and 5, which are adapted to the several cases

above specified. The Proprietor will be at liberty to substitute one of these modes of receiving the Interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the Interest falls due. Persons having more Notes than one in deposit may give separate instructions regarding the Interest on each Note, but the whole of the Interest on each Note must be received in the same manner and at the same time.

5th. When the Principal of any Government Paper so deposited shall become payable, the abovementioned Officers will, according to the instructions of the Proprietor, either pay the amount, with the Interest due upon it, to such person as shall be appointed to receive the payment; or they will reinvest it in any other Loan, to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgments of this Government in the market, at the current price of the day.—The instructions for these purposes must be made out according to the forms hereunto subjoined, Nos. 6, 7 and 8, which are adapted to the three several cases above specified. The Proprietor may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be delivered at the Treasury one month before the day on which the Principal falls due. Persons having more Notes than one in deposit, may give separate instruction regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

6th. If any Loan be opened by the Government of Fort William, into which the Paper deposited may be receivable, the Officers abovementioned are authorized to subscribe the Paper so deposited to such Loans, upon receiving the instructions of the Proprietors for that purpose; although the Notes may not be in course of payment. Instructions for this purpose must be made out according to the form No. 9.

7th. The Officers abovementioned are authorized to receive remittances, in Government Bills only, from individuals desiring to purchase the public Securities for deposit with them (provided such Bills shall be payable at the General Treasury, and shall amount to 1,000 Sa. Rs.) and to invest the amount, according to the instructions of the Proprietor, in the Government Securities, either by subscribing the amount to any Loan which may be open for the receipt of Cash, or by purchase in the market at the current price of the day; instructions for this purpose shall be made out according to the forms hereunto subjoined, Nos. 10 and 11.

8th. The Officers abovementioned are further authorized to invest the amount of interest due on Paper deposited with them in the Government Securities, in either of the modes mentioned in the last clause, upon receiving the Proprietor's instructions for that purpose; such instructions must be made out in the form hereunto subjoined, No. 12.

9th. The same Officers are further authorized, at any time, on receiving proper authority and instructions from the Proprietor for that purpose, to indorse any one or more notes deposited with them, as Attornies to the Owner, to such Person as he shall direct, or to sell the same on the Owner's account at the current price of the day, and to pay over the proceeds in Cash at the Treasury to such person as the Proprietor may appoint to receive the same, provided that the whole amount of each Note sold, shall be payable in one sum, and to the same person. But they are prohibited from re-investing the proceeds of Paper so sold, or from disposing of it in any other manner than by such payment at the Treasury, as abovementioned, to the order of the Proprietor. Any fees, which may have become due according to the rates hereinafter prescribed upon the Paper required to be indorsed, are to be paid before the indorsement is made; or in case of the sale of the paper, the fees shall be deducted from the amount proceeds before it is paid over. The power of Attorney to Indorse, or to Sell, must be made out according to the form No. 13; the direction to Indorse according to the form No. 14; and the direction to Sell, and the order to pay, according to the Form No. 15.

10th. If Government should at any future period grant a remittance of the Principal of any Paper deposited under the terms of this Advertisement, the Officers abovementioned will remit the Principal upon receiving

instructions from the Proprietor to that effect, such instructions must be made out according to the Form No. 16. The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the abovementioned officers, and such securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them, upon payment of such fees as may have become due to the Accountant General and Sub-Treasurer, according to the rates hereafter specified, upon the Paper so required to be delivered up. The authority to receive deposited Paper, must be made out according to the Form No. 17.

12th. In each of the cases in which the Officers abovementioned are authorized to invest money in the Public Securities, it is to be understood, that they will invest as nearly as possible, the whole amount, but that they are in no case and upon no account, to exceed it. Such fractional sum as may remain in their hands above the amount invested, will be payable on demand at the Treasury to the order of the Proprietor, such order is to be made out according to the Form No. 18.

Should any person refuse to receive a letter addressed to him, it shall

The postage of refused Newspapers shall, in like manner, be recoverable from their Editors or other persons by whom they may have been forwarded.

7.—The postage shall be paid in advance for all letters, which Individuals may address on their private affairs to the Public Officers of Government; and this rule shall be understood to include the case of letters transmitting Bills of Exchange, Promissory Notes, Receipts or Government Securities, &c. &c. to the Accountant General, the Treasurer to the Government Bank or other Public Officer; but the practice thus enjoyed shall be reversed when Public Officers correspond on such subjects with Individuals.

8.—Newspapers received by sea, or from the Editors at Madras for transmission to any Station to which there is no Banghy, if not exceeding the weight of 3 Rupees, shall be forwarded by Dawk at the postage of a single letter; but Newspapers exceeding the weight of 1 Rupee shall in all practicable cases be forwarded by Banghy.

Such packets shall be endorsed Law Papers, Accounts, &c. as the case may require.

10.—It shall be at the discretion of the Post Master General, and of the Officers in charge of the Subordinate Post Offices to forward by Dawk to Stations to which there may be no Banghy, parcels not containing letters and not exceeding 80 Rupees in weight at the Banghy rates of postage.

11.—Books printed at the Government Press for the benefit of the Male Asylum shall be forwarded by Dawk, or if practicable by Banghy, at the postage of a single letter, payable at the Stations to which they are directed.

12.—Ship postage shall not be charged on letters for transmission by sea: but letters received by sea shall besides the inland postage be charged 4 Annas, if not exceeding the weight of 1 Rupee; 6 Annas if not exceeding that of 1½ Rupee; and so on increasing 2 Annas for every half Rupee in weight, but if weighing more than 12 Rupees they shall be considered a packet and charged 3½ Rupees.

14.—The opening of Mails between Stations is inhibited, except on urgent public occasions, when they must be opened and closed in the presence of the Public Officer deeming such measure necessary, and who shall immediately address an official letter to the Post Master General, and likewise to the Officer in charge of the nearest local Post Office to which the Mails are to be conveyed, stating his motives for so doing.

15.—Expresses are not to be employed except on the most urgent public occasions, when the despatches to be transmitted must bear on the face of them the words, "By Express."

16.—No public despatch exceeding the weight of 3 Rupees shall be forwarded by Dawk on a Banghy route, unless it be endorsed "By Dawk."

1.—Banghies are established on the routes from Madras to Calcutta, to Cannanore, and to Trichinopoly. The two first are despatched on Tuesdays, Thursdays, and Saturdays: the last, which proceeds via Pondicherry, Portonovo, and Tanjore, is despatched every day of the week except Sunday.

Note.
The weight of private parcels has been restricted to 280 Rupees, and the size, to the cube of 9 inches.

2.—Parcels or bundles of Newspapers from England or other places, not exceeding the weight of 700 Rupees or the cube of 1 foot, may be transmitted by Banghy; but those exceeding the cube of six inches shall be charged double postage. The subjoined table shews the rates at which parcels will be forwarded by Banghy.

3.—The payment of letter postage having been evaded by transmitting a number of letters under one cover by Banghy, it is required that parcels be left open at the ends or they will be liable to be examined if suspected to contain letters.

4.—Every precaution is adopted for the security of letters and parcels transmitted by Dawk and Banghy; but it is proper to notify, that the Post Office will not be held responsible for their safety.

Post Master General.

Passport Regulations.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st---That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d---That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the Person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to such Officers Commanding Military Stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d---That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th---That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th---That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly, a copy of their Register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by civil Officers exclusively; but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to ," noting the date; entering in his register the particular of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th—Public Officers having received a Passport authorizing them to *travel post on the public service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th---All Public Officers authorised to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to strain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th---For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

Memorandum.

Exclusive of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d—The routes of foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th—English subjects, who are not in his Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th---All Public Officers who may be authorized to grant Passports will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in his Majesty's or the Honorable Company's Service, residing within the limits of their respective authority; with their opinions regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the Service, who shall not possess such certificates on the "1st day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th---From and after the above date---no Passport shall be granted to any European not in the service, who *resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or

Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of " ," subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

FORT ST. GEORGE, 21*st April*, 1802.

NOTICE is hereby given, that from and after the 1st day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of his Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

FORT ST. GEORGE, *May* 25, 1799.

IN addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

3. For the most strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person, who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

ADVERTISEMENT.

The following Extract of a Letter from Lieut. John Strover Criddle, 2d Assistant to the Marine Surveyor General, addressed to the Secretary to the Marine Board, at Fort William, under date the 4th of September last, is published for general information.

" With respect to the Armegon Shoal, there is no Flag Staff at that " place, nor can Armegon Hill be discerned from the Southern end of the " shoal, and it frequently happens, that the Pulicat Hills are obscured for " many days—Soundings then become the only guide, I therefore recom- " mend, that no Ship proceeding down the Coast should come under 12 " fathoms, she will then be from 2 to 3 miles off the shoal, consequently " out of danger."

THE following directions for Vessels approaching the Roadstead of Calingapatam, extracted from the Survey of the local Marine Officer, are published for general information.

In the S. W. Monsoon, the Flag Staff to bear W. b. N. ½ N. in 7 or 8 fathoms, and in the N. E. Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of rocks, on which the sea breaks at low water, a little to the Southward of the Roads; which may be known by several Rocks on the Beach and in the Surf.

Vessels coming along shore from the Southward should not come under 10 fathoms, till the Flag Staff bears N. W. b. W.; when they may haul in for less water—Anchoring to the Southward of the above bearings, ships will have rocky ground.

From the Northward of the Rocks on the Beach, and in the Surf, the reef runs out about ¾ of a mile, in an E. N. E. direction.

Signals

FOR SHIPS OR VESSELS IN THE OFFING.

SIGNALS respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the compass, with a yard flung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant, terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to the top of the upright Staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two vessels; a red pendant, pierced with white, three vessels; and a yellow pendant pierced with blue, four vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the vessels in sight are Men of War in the East Quarter, one of the numerical pendants will fly from the national flag of the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the national flags, hoisted on the stay of the North or South arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flags. If the ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the Signal

for the Fleet is made, and if there are two Fleets of different Nations, in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed Plate represents the Flag of all Nations, that trade to Madras: in the upper corner of which is represented the flag staff and yard, and the manner in which the signals are made to express ships or vessels discovered in the North, South, and East Quarters of the Compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward: the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern Staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad pendant hoisted to that stay of the South Arm of the Cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the staff, are hoisted under the national flag, in the manner expressed by the letter M. they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the signal staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and a yellow pendant, flying over the national flag, represent a fleet of Men of War, and under it a fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Go-

vernment, in December 1796, and is of essential service to ships coming into the Roads in the night.

The Light is 90 feet above the level of the Sea at high water, it can be seen from the decks of the Honorable Company's Ships about 17 miles, and from their mast heads near 26 miles.

The South part of Pulicat Shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the Shoal, the light should always bear to the Westward S. S. W. $\frac{3}{4}$ W.

APPENDIX.

PROSPECTUS OF THE MADRAS MILITARY FUND.

This Fund, which has been instituted by the Honorable Company's Army at this Presidency, has for its objects;

To provide for the Families of Officers left, by their death, destitute of an adequate maintenance; and to assist Officers unprovided with aid by the Regulations of the Service, or from their own resources, under such circumstances of urgent sickness as renders a voyage to England necessary for the preservation of their lives.

This institution holds out advantages to Subscribers of so superior a kind, that all Officers of the Madras Army, are invited to become Members of it. It is honored with the Patronage of the Honorable the Court of Directors, by whom it is likewise liberally endowed.

It is not to be doubted, now, that the Fund has commenced operations, and the benefits derived from it are fully ascertained, that such Officers belonging to the Madras Establishment, as have not hitherto had an opportunity of becoming Subscribers to so benevolent a Fund, or were unacquainted with its existence, will readily avail themselves of this occasion for contributing, both by their Donations and Subscriptions, to the furtherance of so Philanthropic an institution, of which, though all who contribute to its maintenance, *may not themselves experience its benefits*, still in the uncertainties of life, it is not impossible, that some so contributing may, at some future period, by an unexpected change of circumstances, partake of its advantages: at all events they will possess the gratification of affording their aid, to a source from whence comfort and support will be derived to the families of many a valuable friend, and contemporary in the Field.

Officers becoming Subscribers, within the period of six months after their first arrival in India, are not charged with any arrears of subscription; but after the expiration of that period, they are to pay up their arrears from the date of their arrival with compound interest:—Officers who were in the service at the establishment of the Fund, 1st April 1808, are to pay up all arrears from that period, calculated agreeably to the Regulations, and are to furnish affidavits of health.

Any unmarried Officer becoming a Subscriber shall, upon his marriage, pay up the additional Donation attaching to Subscribers who are married; that is, he shall pay 30 days Garrison pay and allowances of the rank he may then hold.

Any Subscriber proceeding to Europe on sick certificate, in conformity to the existing Regulations of the Government of Fort St. George, or such as may be hereafter framed, such Officer not being provided with passage money by the Regulations of the Service shall, on making oath that he does not possess the means of paying for his passage, be entitled to receive from the Military Fund the passage money regulated for his rank; and on a similar declaration, on oath, to the Agents in England, he shall be entitled, on his return to India, to receive the sum regulated for the outward passage.

Any Subscriber so proceeding to Europe on sick certificate, being provided with a passage, either at the public expense, or as above recited, who shall moreover make oath that he does not possess the means of purchasing the requisite clothing and equipment for the voyage, shall be entitled to receive from the Fund a further sum not exceeding 200 Pagodas; but not to any further sum on account of equipment on his return to India.—No Officer, although a Subscriber, who may proceed to Europe on furlough, and fall sick during such absence, is entitled to any of the benefits of the Fund, which are exclusively confined to Officers quitting India on sick certificate.

Subaltern Officers who may proceed to England on Sick Certificate, and who shall make oath that they do not possess property which will produce an Income, including their pay equal to £140 per annum shall be allowed such sum annually as with their Pay, and other resources will make up that amount during the period of furlough as regulated by the Court of Directors.

No Subscriber eligible to receive passage money or equipment allowance

more than once in eight years, but in case of urgent sickness which may occur within that period will be entitled to receive an advance equal thereto as a loan.

Officers who shall have subscribed to the Fund for a period of 8 years, are entitled to loans under the foregoing circumstances, should the state of the Funds admit of it.

A Subscriber being desirous to send his Wife and Children to Europe or in the case of a Wife and Child returning from Europe shall be allowed a loan equal to the amount of 20 months subsistence of the rank he then holds, provided he shall have previously deposited with the Directors an irrevocable order engaging to repay the amount so borrowed, with interest at 8 per cent. within 22 months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the Fund, a Personal Bond, in which he shall be joined by two securities to be approved by the Directors, and assignment on any property he may possess.

A Subscriber who may be desirous to remit money to his Wife or Children in Europe, shall be allowed to receive an Order on the Agents of the Fund in England for any amount which he may have previously paid into the Fund here, either by Instalment or otherwise, provided always that any loss by exchange or otherwise shall be borne by such subscriber.

A subscriber proceeding to Europe on sick certificate with his Wife and Children shall be authorized to apply for the regulated passage money for such Wife and Children, to be advanced by the Military Fund as a loan; such loan however, can only be advanced upon the Personal Bond of the Subscriber, including two Sureties to be approved by the Directors. The amount to be repaid within two years after the Subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank, and the Sureties to be bound to make good any balance or deficiency in the event of the subscriber ceasing to be a Member of the Fund, by death or otherwise, before the bond is discharged.

Ensigns to be exempted from any demand for their Donations until twelve months after their admission on the Establishment.

Subscribers who have not already paid up the above *Total* Donation of their rank to pay the Balance due by them to complete the same, by instalments at the following rates; commencing from the 1st of January 1824, payments being required from Officers only, who may be in receipt of full Indian allowances, viz.

Colonels	-	Rupees	25	per Month	Married or Unmarried.
Lieutenant Colonels	-	,,	20	do.	The Married having double the amount to pay and double the time allowed for paying it.
Majors	-	,,	15	do.	
Captains	-	,,	10	do.	
Lieutenants	-	,,	8	do.	
Ensigns	-	,,	7	do.	

3d.—The maximum and minimum established by the first proposition is fixed as the maximun and minimum of aggregate contribution for all classes of subscribers, so that each subscriber on the one hand having paid a certain amount, added up without interest in either of the classes (or the maximum) will be exempted from further contribution, while he may continue in that class; and, on the other hand, before the benefits issue *in full*, from the Fund, either to subscribers or to families, a certain amount, calculated *without interest* also, (or the minimum) is to be derived to the Fund, from the subscriber, or in the case of his death from the amount payable to his family. In the latter instance the rates of deductions for paying up the arrears of minimum due are to be regulated by the following Table.

C.

TABLE *of the Rates for annual deductions, to be made on all benefits to Subscribers and on annuities issuing from the Fund in each Class respectively, till the required Minimum be made up.*

From the 6th Class not to exceed -	One-fifth of the net amount payable from the Fund.
,, 5th - - -	Two-ninths.
,, 4th - - -	One-fourth.
,, 3d - - -	Two-sevenths.
,, 2d - - -	One-third.
,, 1st - - -	Two-fifths.
for all children - -	One-fourth.

4th.—It is optional with Married Subscribers to pay a donation of 282 Rupees, or not, within one year after the Birth of each daughter, the advantage resulting from such payment being that the annuity which on the death of the subscriber becomes payable to such daughter, will be continued to her until her marriage or death in the manner prescribed; and in the event of its not being paid, the annuity to the daughter will cease on her attaining the age at which annuities to sons are discontinued; and a posthumous daughter or a daughter whose father may die before she be one year old, will be entitled to the advantages of this Regulation, but the prescribed Donation for her will be deducted from her annuity at the rate prescribed in Table C.

5th.—Officers retired on half pay, or on Lord Clive's Fund, are to pay full subscriptions notwithstanding, according to their rank; and are also required to pay up their arrears without interest towards their respective maximum, within one year after the adoption of this Regulation may be made known in England; or failing so to do, and preferring to continue the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the Fund.

6th.—All enquiry into the property left by deceased subscribers, and all limitation of the sums payable by the Fund with reference to the amount of such property is abolished; and in all cases the annuities established by the Regulations of the Fund, as payable to each of the widows and children, will be paid in full.

7th.—The annuities payable to widows in the three senior classes are reduced to the following scale.

1st class or Colonels	- - -	£350	Including Lord Clive's Bounty.
2d or Lieutenant Colonels	- -	300	
3d or Majors	- - -	250	

8th.—Passage money to widows is discontinued except in cases where it may be certified to be absolutely necessary for the widow to proceed to Europe for the recovery of her health, but the amount at present allowed for passage money, may be advanced to such widows as may declare upon oath that they have not the means of defraying their passage, such advance to be repaid with interest at 5 per cent. by instalments, at the rate fixed in Table C. annexed to the 3d proposition.

9th.—Passage money for children is reduced, from £100 to £60 for each child, and when more than one child go home together the allowance will be still further reduced in the following ratio, viz. by £3, £9, £18, £30, £45, as there may be 2,3 4,5, or 6 children going together respectively, and in the same ratio for any greater number.

10th.—The former rates of annuities to children are re-established for those whose mothers are living, and the ages fixed for the three classes modified according to the following Table—The existing rates are continued to children bereft of both parents, and to children who from absolute or legal necessity may be separated from their mothers.

D.

TABLE *of Annuities to be paid to the Children in each Class respectively.*

Having a Mother.		*Having lost both Parents.*	
Under 6 years old - -	£20	.....	£30
Between 6 and 12 years old -	30	.....	45
Above 12 years old the Girls, for whom the Donation has been or may eventually be paid, till marriage or death, the Boys and for Girls for whom Donation has not been and is not to be paid till 21 years.	40	.....	60

N. B.—No portions to be paid to the Boys, but their pensions *may* be anticipated at any time after they are 15 years of age at their then present value.

11th.—Widows having more than one child will have deducted from the aggregate of her children's annuity *one twentieth* part of *one child's* annuity (taken on the average of all their annuities) for the second child, $\frac{2}{20}$ for the 3d child, $\frac{3}{20}$ for the 4th and so on, for any number she may have *above one* —so that for instance, supposing a subscribing Major to leave a widow and six children (two in each class) she would have to receive from the Fund for herself - - - - £180 11 3

For her six children - - -	£180	0	0
Less $\frac{15}{20}$ of £30 or - - -	22	10	0
	157	10	0
Total, besides Lord Clive's Bounty	338	1	3

But the aggregate of the children's annuities are in *no case* to exceed the amount of the widow's own annuity receivable from the Fund.

12th.—Article 6th, Section the 4th, of the existing regulations which limits the grant of personal benefit to sick officers to once in eight years is *rescinded*.

13th.—The allowance granted for equipment to officers returning to England on sick certificate is reduced to 400 Rupees for each officer, 200 Rupees to his wife, and 100 Rupees more for each child accompanying him.

14th.—Income allowance to sick subaltern officers at home is increased to such officers as are married, or to widowers having offspring, as follows; £20 per annum in addition to each officer for his wife, and £10 per annum to each of his children, the latter allowance however to be reduced, and regulated in the case of a plurality of children in the manner prescribed in the 11th of the present propositions for annuities to children, provided however that such additional allowance for *the whole family* never exceed his own income allowance, and that a Captain in like manner being at home on sick certificate with a family receive a similar allowance for his family provided he take the oath prescribed to subalterns and that such allowance never exceed the income allowance of a Lieutenant.—This and the 13th proposition immediately preceding having reference only to legitimate children.

15th.—None of these Regulations are to affect the present annuitants; regarding whom the existing regulations will continue in force, except in the matter of the next article.

16th.—When the state of the Funds shall be such as to oblige the Directors to have recourse to the 3d Art. 5th Section of the existing Regulations, the widows on the *new scale of annuities*, namely those of the three senior classes, and the children whose mothers are living, are not to be subjected to deductions until the corresponding annuities on the present existing scale shall by such deduction have been reduced respectively to the standard of the new scale, from which period, *all* annuitants and claimants are to be included in any and every deduction that may be made under the provisions of the 3d Art. 5th Section of the existing Regulations.

17th.—With the view of securing the Fund against decay and ultimate failure, the original intention in regard to Donations is henceforward to be put in force and strictly adhered to; namely that the Donations paid by officers, be, *for the "purpose of forming a capital,"* and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits *be alone* available to defray the expenses of the Fund, and that the books and accounts of the Fund be kept to that effect.

18th.—The Secretary shall lay before the Directors at the regular monthly Meeting in November each year an estimated state of the Fund, for the current year, and having taken the same into consideration, the Directors will declare what deduction if any may be required on annuities and claims for the ensuing year.

19th.—Certificates according to a prescribed form will be issued for the amount of every deduction made on the above principle, numbered, dated, and registered progressively, and when it may be deemed advisable to put them in train of payment, the same will be discharged to the parties holding them, or their order, according to priority of date, and upon their granting a full and sufficient acquittance for the same on the back of the certificate, but no interest whatever will be paid on those certificates at any time.
