(Prepared under the orders of the Government of Madras)

GOVERNMENT OF MADRAS

1961

(Price of the Catalogue and the Index -- Rs. 12-00)

The present Index is a supplement to the Catalogue of Persian and Arabic manuscripts in the Government Oriental Manuscripts Library Madras published by this Library under the scheme of the Government of India who have come forward with financial grant for the preparation and printing of Catalogues of Persian and Arabic manuscripts in the various Libraries in India. In that Catalogue the titles of the work have been arranged alphabetically. It should have had a general Index also containing the titles of the works, names of the authors and names of the commentators if any. As the printing of the Catalogue has to be completed by the end of March 1961, it was published within the time without the general index. It was not included in it for want of certain clarification sought from the Government of India. Since the titles of the work have already been arranged alphabetically in the Catalogue, it was decided to omit them in the general index in which the names of the authors of the works and the names of the commentators alone have been included. The names of the commentators have been printed in Italics. Thus it will be seen that the Index now issued is really a part of the Catalogue already published and not a separate publication. Both, the Catalogue and the index, will be available for sale only as one work and they will not be available for sale separately.
