The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount and Perumbaukum Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant.

Government Advertisement.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time keepers delivered to his charge for the purpose of having their daily rate ascertained, notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this port will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the owners, and that they will be returned, on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,

SEC. TO GOVT.

FORT ST. GEORGE, 20th April 1807.

N. B. Gentlemen sending their Time keepers to the H. C. Observatory in order to have their rates ascertained are requested to notice the time of the day when by the preceding Advertisement they are desired to apply for sending or withdrawing their watches, as the public servants are allowed to withdraw from the office between the hours

of three, and eight o'clock in the afternoon, and the owners may occasionally be disappointed when sending during that interval. It is also recommended to the owners never to send their Time keepers in a Palankeen, for long experience has shown that its motion disturbs the rate and frequently stops the watch altogether.

H. C. OBSERVATORY, }
1st October 1809. }

JOHN WARREN,
ACTING ASTRONOMER.

for Ships or Vessels in the Offing.

S I G N A L S respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Stacks. One consisting of an upright Mast, representing the East point of the compass with a Yard hung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or Square national flag, represents a ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant terminating in one point, represents a Sloop or Cutter of one mast.

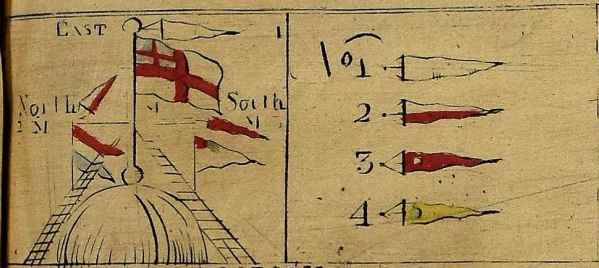

If either of these flags are hoisted to the top of the upright staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yard, the vessels seen are in the North or South Quarters of the compass.

The number of ships that appear in the offing, are expressed by Pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

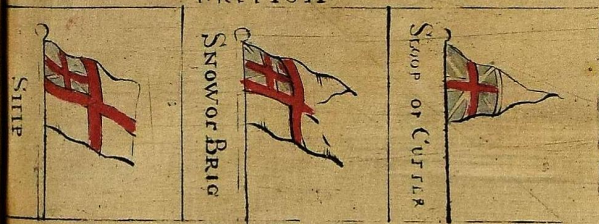

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants, will fly from the national flag of the upright Staff; if in the North or South Quarters, the Pendants will fly at the extremity of the yard arm over the National flag, hoisted on the stay of the North or South Arms of the Cross Yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the National flag. If the Ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

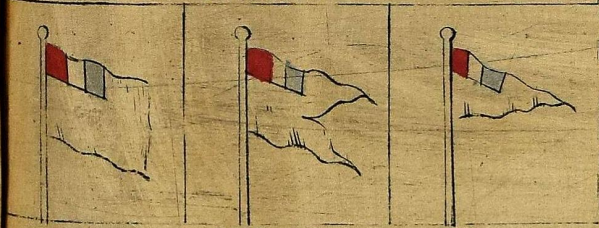

If a fleet is in sight, one Gun will be fired after the signal for the fleet is made; and if there are two fleets of different nations in the same point of the compass, the signal of the first seen fleet, will be lowered after the space of 15 minutes and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed plate represents the flag of all nations, that trade to Madras; in the upper corner of which is represented the flag staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward; the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern staffs, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snaws in the North Quarter, and a French broad pendant hoisted to the stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the Staff, are hoisted under the National flag, in the manner expressed by the letter M. they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the union flag of the Fort, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indiaman. A yellow Pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish Vessel; and if a red Pendant flies in the place of the yellow Pendant, it will express a Portuguese. A blue and yellow Pendant, flying over the National Flag represents a fleet of men of war, and under it, a fleet of Merchantmen.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized; has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the first of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; To the Town Major of Fort St. George for Military persons belonging to that garrison: to the Adjutant General of the Army for all other Military persons leaving the Presidency; and to such Officers Commanding Military stations as shall be authorized to grant Passports: These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a station, shall deliver

Passport Regulations.

their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, & if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th—That passports to Military Persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer, in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to _____" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th—Public Officers having received a Passport authorising them to travel post on the public service shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th—All Public Officers authorized to grant or receive passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered, on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a Journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the

Passport Regulations.

Traveller, if such a measure shall in their judgment appear to be necessary.

10th—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor, can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes will be generally by the Sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will as soon as may be practicable after the receipt of these instructions transmit to the Secretary of Government, descriptive lists of all Europeans, not in His Majesty's or the Company's service residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary

Passport Regulations.

will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th—From and after the above date ;—no Passport shall be granted to any European not in the Service, who *resides* or *states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license, but Mariners or Traders, whether British or Foreign *not resident in India* who may desire to pass from one port to another for commercial purposes ; shall be furnished with Passports without hesitation.

N. B.—The Certificate should include a description of the person, and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice whenever the Government shall think fit.

FORT ST. GEORGE, 21st April 1802.

NOTICE is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council has been pleased to make to the foregoing resolution, is in favor of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby farther given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring in to the nearest garrison any European deserter or vagrant of any description.

FORT ST. GEORGE, May 25, 1799.

Passport Regulations.

IN addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport—The Right Honorable the Governor in Council is hereby pleased to give notice that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2d.—The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing Resolution, is in favor of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

3d.—For the more strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant, of any description.

4th.—The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military Persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military Persons leaving the Presidency.

FOR LETTERS SENT BY SEA.

The same rates of postage, as specified in the foregoing para. to be levied on all such letters, with the exception of those intended for Europe which the writers of them may wish to be forwarded, with the utmost expedition to London after their arrival at some port in Great Britain or Ireland, on which letters double postage, at the above rates, is in future to be levied; but no letters will be so forwarded unless the words "*Double Postage Letters*" shall be written on the envelope, or that the wish of the writer that they may be put into the double postage packets shall be made known, in writing, to the Post Master of the station where they may be delivered in.

be marked on the envelope, and the ship postage thereof, as well as the inland postage thereon, shall be collected by the Post Master of the station at which the person resides to whom the letter is addressed.

12.—That as an encouragement to persons having ship letters to bring them to the Post Offices, a reward of one fanam shall be paid for each letter to the person so bringing them.

13.—That all News Papers, excepting the Government Gazette, shall pay postage; those within the weight of one ounce being considered as single letters, and paying accordingly, and all beyond that weight, paying, *prorato*, according to their weight; the postage being collected at the stations to which the papers are addressed; the Newspapers, it is to be understood, are in all practicable cases, to be forwarded by the Bangy Tappal, vide Bangy regulations.

14.—That the Books published at the Asylum Press for the benefit of the Institution, and the Madras Monthly Journal shall, for the present, be forwarded by the Bangy Tappal at the rate of postage chargeable on a single letter only, the same being payable at all the stations to which they are directed.

15.—That parcels of News Papers &c. arriving by sea shall, in future, be charged with postage at the following rates, those of 1 ounce weight as a single letter, of 2 ounce weight as a double, of 3 as a treble, and so on progressively; if however there may be reason to believe that any parcel contains letters, the person to whom it is addressed will be required to open it, or allow of its being opened at the Post Office, in order that postage may be charged, at the usual rates, on all letters which may be found in it.

As it has been determined that no parcels received by sea shall, in future, be transmitted to any inland station, unless the person to whom it is addressed shall send a request to that effect to the Post Master General, notice will be given, as early as may be possible after the arrival of any ship, of the parcels received by her, and on application in writing the parcels shall be forwarded to the persons so applying, when they will be held responsible for the postage of them, whatever may be its amount.

19.—That hereafter the hour for the despatch of the Tappal shall be six in the evening, and the hours for the General Post Office being open to the public, as follows: viz,

Post Office Regulations.

From 10 A. M. to 1 P. M. both for the receipt and delivery of Letters, and from 3 to 5 P. M. for the receipt of letters only.

20.—That no letters or parcels containing money, jewels or any articles of value shall be permitted to be sent by Tappal.

21.—That no detention whatever of the mails shall be allowed at any of the inland stations, and that when the Public Service shall require it an Express shall be dispatched, but at the risk of the person causing it to be dispatched for any improper abuse of this privilege.

In order to ascertain correctly that the preceding regulation has been acted upon to its full extent, a table will be prepared at the General Post Office, showing the distance between, and probable time of arrival at each station, with which the returns, to be made by the person in charge at each station, will be compared, and the Collector in whose district any delay may appear to have occurred, will be held responsible for the same.

22.—That all public Officers, Civil and Military, entitled to frank, shall send to the Offices of the Paymaster, or other public Officer from whom they receive their pay, lists of the public letters despatched by them during the month preceding, with one of the following attestations upon honor, at the foot of the same.

FOR CIVIL OFFICERS.

I do hereby certify upon my honor, that to the best of my knowledge and belief, the above is a correct list of all the public letters despatched under my signature during the month of _____ and that they were solely and entirely on the public service."

FOR MILITARY OFFICERS.

*I do hereby certify upon my honor that to the best of my knowledge and belief, the above is a correct list of all the public letters exclusive of _____
(Soldiers, Sailors or Sepoys, as the case may be.) Letters despatched under my signature during the month of _____ and that they were solely and entirely on the public service.*

FOR OFFICERS COMMANDING CORPS &c. IN HIS MAJESTY'S OR THE HONORABLE COMPANY'S SERVICE.

*I do hereby declare upon my honor that to the best of my knowledge and belief, the following is a correct list of _____
(Soldiers, Sailors or Sepoys, as the case may be.) letters franked by me during the last month, under the restrictions specified in the fifth article of the Post Office Regulations.*

23.—That no abstract of pay shall be discharged except it be accompanied by a list to the above effect, and if it be paid without attention to this point, that circumstance alone shall be considered as a sufficient cause of retrenchment.

24.—That the lists given in by the Officers in the Civil department shall be forwarded to the Office of the Civil Auditor, with the monthly accounts of the person paying the abstracts, and those in the Military Department, to the office of the Military Auditor General.

25.—That the lists so forwarded shall remain in deposit in the office to

Post Office Regulations.

which they are sent, for the purpose of being compared, if required, with the lists which will be ordered to be forwarded direct to the Post Master General from the persons in charge of the subordinate Post Offices.

26.—That with a view of obviating the possibility of misconception with regard to the letters intended to be exempted from postage, it is to be unequivocally understood that, with the exception specified in the 1st, 5th and 10th articles of these regulations, all letters and papers that are not exclusively on the business of the Public Service, and that have not been previously entered as an official record, shall be subject to postage, and should it come to the knowledge of the Governor in Council, that any of the Officers, Civil or Military, now authorized to address letters on the service, have made an improper use of the trust so reposed in them, by forwarding letters on their own private concerns under a cover superscribed "On the Service," the Governor in Council will consider it a disqualification for office.

27.—That should the name of any Public Officer, obliged from his situation to carry on a public correspondence, be omitted in the list now published, such Officer must address a letter to Government, stating the nature of his public correspondence, when if it be deemed of sufficient importance, his name will be added to the list, or some public Officer, already included in the list, will be directed to superscribe his letters on the service.

28.—That any Officer on duty, or leave of absence, at the Presidency, who may have occasion to correspond on the public service, shall carry his letter to the Adjutant General who, upon being satisfied that the letter is exclusively upon the public service, will frank the same.

29.—That all Officers similarly situated at the subordinates, shall apply to the Commanding Officers of the stations where they may then be residing.

30.—That no Post Office packet shall in future be opened between one station and another for the accommodation of Travellers, as is understood to have been heretofore the practice, but should a competent authority, or circumstances of an urgent public nature at any time render it necessary for an Officer, in the execution of his duty to open a public Mail, it must be carefully opened and closed by the Officer himself, and an official letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

31.—That no letter which has once been delivered into any Post Office under this Government shall, in future, be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which letter will be forwarded, if necessary, to the station to which the re-delivered letter was addressed, in order to afford the means of detecting any frauds that may be attempted. It is however to be understood that the postage will in no case be returned.

32.—That with a view to prevent the suppression of private letters, and the misappropriation of the postage collected on them, all receipts granted in future at the Post Offices under this Presidency for letters delivered in, shall be on stamped paper, each receipt having the word Single, Double, Treble, Quadruple or Packet engraved on it in the English, Tameel, Telinga and Persian characters, and specifying at the same time in writing, or by a second stamp, the station from which the letter is despatched—the place to which it is addressed, the date of its delivery into the first Post Office, and the postage paid on it.

With this facility of discovery every individual, European or Native, whose letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General; but it is at the same time recommended to the public, as an additional check, that every person do insert in a book, to be kept for the purpose, the directions of all letters sent by Tappal, with the name of the station from which they are sent

Post Office Regulations.

and the date of their delivery at the first Post Office, and likewise that the stamped receipts abovementioned may not be mislaid or thrown away, without which precautions the present Regulation cannot, it is feared, have the desired effect.

The Governor in Council deems it proper to repeat that any deviation from the preceding regulations, will not fail to subject the offending party to the severest displeasure of Government.

Bangy Regulations.

GOVERNMENT ADVERTISEMENT.

NOTICE is hereby given, that, for the purpose of reducing the weight of the mails despatched by tappal, and of affording convenience to the public at large, a Bangy despatch, will, from the beginning of January next, be established on the routes that lead from Fort St. George to Fort William, to Seringapatam, and to Trichinopoly.

The bangy will be despatched three times a week; and the days of despatch from the Presidency, will be Tuesdays, Thursdays and Saturdays. The first bangy will consequently start on Tuesday the 2d of January 1810.

All newspapers and all public despatches exceeding the weight of one ounce, will be reserved for the bangy; except in cases where the early receipt of any public despatch may be deemed important, when it must be endorsed with the words "by tappal."—and in the case of extra newspapers, not exceeding the weight of a single letter, which will still be forwarded by tappal.

When newspapers and public despatches, exceeding the weight of one ounce, may be addressed to, or from stations beyond those to which the bangy is sent, they will be transmitted, as far as possible, by bangy, and forwarded by tappal only to, or from the final bangy station.

Parcels for the bangy must be delivered at the General Post Office, before the hour of 12 in the forenoon of the day on which the bangies are despatched, and the bangies will be despatched at 4 o'clock in the forenoon,

The bangies will be opened for the receipt of all parcels (with the exceptions hereafter mentioned), and the bangy-postage of a parcel, not exceeding fifty rupees weight, will be three times the tappal-postage of a single letter,—that of a parcel, not exceeding one hundred rupees weight, will be six times the postage of a single letter, and so on in arithmetical progression—but, no parcel, exceeding one thousand rupees weight, will be received for transmission by bangy.

Newspapers will be charged only with the present rate of postage, and the Government Gazette, will, as at present, pass post-free.

All parcels, whose bulk exceeds the cube of six inches, will be charged with double postage, and none, whose bulk exceeds the cube of one foot, will be received for transmission by bangy.

Every precaution will be adopted for the security of parcels transmitted by bangy, and it is not apprehended that they will be exposed to any considerable degree of risk, but it is proper to notify, that the Post Office will not be held responsible for their safety.

10. Government reserves to itself a right of putting a stop at any time to the further reception into the Loan of any of the Public Securities enumerated in the above clauses (including the Treasury Notes,) either wholly, or in part, by a notification to be made in the Calcutta Gazette; and none of the said Securities, which may hereafter be advertised for payment, will be receivable into the Loan at any time after they shall have been so advertised.

11. Subscriptions to this Loan will be received at Bombay; (and at Bombay only,) in specie, at the exchange of 108 Bombay Rupees per 100 Calcutta Sicca Rupees.

12. The Sub-Treasurer at the Presidency where the transfer is made, will grant the Proprietor of the Obligation, an Acknowledgement or Certificate for the amount, in Calcutta Sicca Rupees, at the rates of exchange above specified, bearing Interest at the rate of six per Cent per Annum, from the date of such Acknowledgement until the 31st of December 1810.

Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education begun in early youth, and continued to their departure for the duties of their public stations.

" And it is hereby further notified that the public register for entering transfers and mortgages of lands and houses in Madras is now open at the said cutcherry."

Pursuant to the former of these Advertisements the Government quit rent and arrears if any outstanding is to be paid by the Proprietors in actual possession of the lands or houses on which it is due; all persons, therefore, purchasing or taking mortgages of lands or houses should be careful to have their deeds regularly registered and all arrears of quit rent discharged by the former holders up to the day of the transfer, as otherwise they will be held answerable for the amount.

F. W. ELLIS,
COLLECTOR OF MADRAS,

—(X)—

EXTRACT of a general letter from England in the Commercial Department, dated 7th Sept. 1808.

Para. 229. **I**N our letter of the 31st October 1799 we informed you that we had appointed Messrs. Hyde and Minter, Clerks in our Accountant's Office to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct. — The in-

crease which has taken place in the Civil and Military establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe have determined us to make a separate department for the purpose of clearing Baggage, Wines, and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage subject to our immediate inspection and controul, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans to transact every branch of business connected with this department which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also Silk Goods from being worn or used in this Country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small are considered to be prohibited and cannot be passed in England as part of their baggage:

*EXTRACT of a general letter from England in the
Public Department, dated 26th August 1801.*

HAVING adverted to the immense quantity of baggage brought home by the Passengers arrived in the Company's Ships

and being desirous of promoting every regulation that appears to be likely to increase the importation of surplus Tonnage, we have investigated this as one cause, which has occasioned the reduction of that important benefit, both to the Company and owners, the space occupied by the Passengers baggage in one of the Ships lately arrived having amounted to the immense quantity of 63 Tons, conceiving therefore some regulation necessary to be adopted to correct as much as possible this growing evil and to prevent such immense quantities of baggage being imported, to the ultimate exclusion of the Company's cargo; we have come to the following resolutions, with copies of which you must furnish the Commanders of all Ships in the Company's Service for their information and guidance; and we direct that you adopt every other means which may appear necessary towards carrying the same into effect, viz.

That Gentlemen proceeding to England in the undermentioned stations be restricted from taking with them, a larger Tonnage of baggage and stores, than the following exclusive of their bedding, a table and a sofa or two chairs for their respective cabins, viz.

Gentlemen of Council.....	5	Tons.
General Officers.....	5	do.
Colonels in His Majesty's or Company's Service..	4	do.
Senior Merchants.....	4	do.
Lieutenant Colonels.....	3	do.
Junior Merchants.....	3	do.
Majors.....	2½	do.
Factors.....	2½	do.
Captains.....	2	do.

That Gentlemen proceeding to England in either of the above-mentioned stations who may be permitted to bring home their families with them, be restricted from taking more Tonnage than one half of the preceding allowance in addition, as the Ladies baggage.

That married Ladies proceeding to their Husbands in England, be restricted from taking more than 2-3ds of the Tonnage prescribed for a Gentleman of the same rank as their Husbands.

That Writers, Lieutenants, Ensigns and other cabin Passengers be restricted from taking a larger quantity of baggage and stores than 1 Ton each, exclusive of their bedding, a table and sofa or two chairs.

That married Ladies proceeding to their Husbands in England

of either of these last mentioned descriptions be restricted from taking more than a similar quantity of baggage.

That such Gentlemen of either of these last mentioned descriptions who may be permitted to bring home their Wives with them be restricted from taking more than 1 Ton in addition as the Ladies baggage.

That single Ladies be restricted from taking more than the same quantity of baggage and cabin furniture.

That all excess of baggage beyond the abovementioned quantities, on whatever ship it may be brought home be invariably charged freight at the charter party rate per Ton, and that the said baggage be not delivered from the Company's Warehouse, till such freight shall have been paid into the Company's Treasury.

W. J. Chater, Superintendent and Secretary.

The object of this Institution, not less benevolent than it is comprehensive and important, is to afford relief to the Native Sick and Poor of all classes and descriptions. As an Infirmary, all Natives suffering under disease and such as may be so unfortunate as to meet with accidents are admitted, and have the benefit of medical and surgical assistance. To those not desirous of being received into the Institution, or whose situation may not admit of their residing in it, professional advice and medicines are administered as out-patients. As an Asylum for the Native Poor, the Institution affords accommodation and subsistence to such as from age and infirmity, and possessing no certain means of maintaining themselves, are unable to earn a livelihood, and who without such a provision would be constrained to supplicate charity for subsistence.

The peculiar advantages of this Institution are that, excluding none of the Native Poor incapable of labour who are desirous of availing themselves of its benefits, it renders relief to all who are really objects of compassion, while it holds forth no incentives to idleness or depravity; thus establishing the inference that such mendicants as may hereafter importune the public for Charity, pursue a vagrant life not thro' necessity but choice, and consequently that they are unworthy objects of private benevolence.
