BOARD OF REVENUE—cont.

From the Secretary to the— Submitting a report from the Collector of Masulipatam, dated 15th August last, with other papers respecting the case of Narasimha Appa Rao, uncle of the Zamindar of Nuzvid, stating the sentiments of the Board on that case, and that the endeavours of the Collector to procure, as desired by Government a provision for Narasimha Appa Rao out of the funds of that Zamindar have failed and that the Board do not consider themselves authorized as Court of Wards to enforce the measure. They consider him as having a natural not a legal claim on the Zamindar of Nuzvid, but not on him alone but conjointly with the Zamindar of Ellore his own son, and also a minor. They think that the chief difficulties in the way of a settlement have arisen from his having encouraged to claim a large allowance than has been usually granted in similar cases. They seem to think that an arrangement may be effected for his receiving an allowance of Rs. 400 a month from the two Zemindars, and that, in that case arrears should be allowed from the 1st February 1805.

From the Secretary to the—. With reference to a letter from this department and the copies of petitions enclosed in it and to their letter of the 13th instant state their reasons for repeating their request to Mr. Mc Donnell to delay his departure for Salem. The charges against Mr. Cockburn in these petitions are of such a nature that if a Commissioner be deputed to investigate into them it would be indispensably necessary as a first step to suspend that officer from his duty. The petitions are copies made in the Government Office and the papers from which these have been made do not appear to be originals. The Board think that a preliminary enquiry is worthy of consideration for ascertaining the truth of these statements and finding whether

From the Secretary to the— Referring to a letter from this department under date 27th March last calling for information on the subject of a complaint against the Collector of Madras for levying a tax on the bazaars of the Gun Lascars at the Washing Green and submitting the Collector's reply which they consider very unsatisfactory, stating that his proceeding to levy rent was wrong and doing so by distraint unwarranted. The former is recommended as it will then appear a charge in the Military Department, whereas in the latter it will show a decrease of revenue.

Cons., 3rd July, No. 16, p. 2118.

To the— Authorizing the Collector of Salem to pay the mittadar of that district the amount of arrears due on account of rent of the ground occupied by the hutting of the 4th Native Veteran Battalion at the rate of Rs. 23-3-3 per annum, commencing from the date of occupation and to continue that amount annually so long as the ground may be applied for the same purpose and these sums to be placed to the debit of the Military Department.

BOARD OF REVENUE—cont.

From the Secretary to the— Submitting correspondence with the Collector of Masulipatam relative to the portion of the Rajahmundry sibandi transferred in 1825 as a temporary measure to assist in preserving the peace of Masulipatam, and which establishment has since that period continued under that Collector, who now states that the effects of the transfer have been beneficial and that the objects of the measure obtained, but is of opinion that their removal will tend to renew former evils. From Mr. Robert's report the Board were unable to judge what additional establishment the district required but were still of opinion that some increase was necessary, and the establishment at a charge of Rs. 1,010 per mensem proposed by Mr. Roberts appeared to them moderate, but as the objects of the measure have already been obtained, the Board recommend that the establishment transferred from Rajahmundry only be adopted as the charge is much less, being Rs. 769 per mensem and as the Collector of Rajahmundry wished to be relieved from a charge of no benefit to his district. The Board have brought to the notice of the Collector of Masulipatam the non-utility of the services of Trumpeter, Tomtom-man and Gumasta with a view to abolish those posts. They therefore recommend a reference to the Sudar Adalat for their opinion as to the proper course to be pursued, and stating that in the meantime the Collector will be apprized of the question that has occurred and will be directed to move the Court to grant time for an answer to be received from the Sudar Adalat.

The late Judge states that the Nazir has reported that the parties who were to pay the amount could not be discovered and that there are no records in the office to show by whom the sums were due. The Board consider this report to be very imperfect, but as there appears very little prospect of recovery after a lapse of so many years of a sum which is probably due by many persons, recommend that sanction be given for writing off this sum under the head of stamps. Should Government deem a further reference necessary, the Board suggest that the Sudar Court be instructed to direct an inquiry to be made by the Nellore Judge on whose exertions the eventual recovery of any part must depend.

Cons., 24th July, No. 1, p. 2277.

From the Secretary to the— Submitting a letter from the Collector of Vizagapatam representing the difficulty in which the Zemindar of Vizianagaram would be placed if his allowances were restricted for the current fasli to the amount available from the current revenue, after payment of the Government Peshkash, management charges and interest of his debt in bond, stating that the Collector has since the 1st January advanced the Zemindar Rs. 30,000 and that the total amount received by the Zemindar within the fasli is already more than the expected surplus and apprehending that if in his present situation his allowances are suddenly cut short, he will probably be involved in greater embarrassment by contracting new debts the Board recommend that his allowance be continued at the former rate of Rs. 10,000 per month to the end of the current fasli, the Government allowing a part of the current Peshkash to stand over equal to the amount advanced beyond the real surplus to be recovered from his allowance in the ensuing fasli and that the Zemindar be apprized that no more will be advanced to him in future than is clearly available from the income of the year.

BOARD OF REVENUE—*cont.*

To the—. Concurring with them in considering the result of Mr. Sheffield's management of the extra revenue of Malabar as set forth in their proceedings which accompanied their Secretary's letter No. 250 of the 8th ultimo to be most satisfactory and highly creditable to his zeal and exertions. Cons., 24th July, No. 6, p. 2313.

From the Secretary to the—. Submitting their proceedings on reports from the Principal Collector of Kanara relative to the management of the extra sources of revenue in that district for fasli 1237. Cons., 24th July, No. 7, p. 2314.

To the—. Desiring that the suggestion of the Principal Collector of Kanara for raising the duty on grain to its former rate may receive their early consideration.

Cons., 24th July, No. 8, p. 2328.

From the Secretary to the—. Stating that on the 4th September 1827, Government authorized the Principal Collector of North Arcot to discharge the balances due to the family of the ex-Poligar of Pakal, amounting to Rs. 21,517 according to an account current furnished and which was duly paid and that as it was intended that the allowances should be continued at the rates specified in that account current provided the family did not accept of Shrotriam in preference (which they declined). Money-pensions were consequently paid at Rs. 2,442-8-0 per annum to the elder son, and Rs. 2,104 per annum to the younger for the continuance of which the Civil Auditor now requires special sanction and which the Board recommend may be granted.

Cons., 24th July, No. 9, p. 2330.

To the—. Directing that the Principal Collector of the Northern Division of Arcot should continue to the sons of the former Poligar of Pakal until their death the payment of their pensions at the rates sanctioned previously to the 11th July 1825, to the then incumbents, and after their death the pensions will be subject to reduction as explained in paragraphs 8 and 9 of the Minutes of Consultation under date 4th September 1827.

Cons., 24th July, No. 11, p. 2332.

From the Secretary to the—. Submitting a letter from the Principal Collector of Kanara reporting upon a suit instituted against his predecessor and others in the Zillah Court, for the possession of a piece of land now held of the Government on rent, and for damages for being kept out of possession. The land is claimed by plaintiff as included in a Wurgh purchased by him at public auction. According to the advertisement it appears doubtful whether in the advertisement and in the bill of sale this land is included: if it be so, the Board think it proper to submit for the decision of the Court by whose order the sale was made; the point, whether the plaintiff, having acquired all that was intended to be conveyed to him, shall through an error in drawing up the bill of sale, obtain a piece of Government land unconnected with Wurgh and sale of which was never contemplated, with a suggestion that, if the plaintiff was really misled by the advertisement and was induced to pay more than he would have done, if he had not considered the piece of ground in his purchase, the proper course would be to order a re-sale. The Board recommend that the principal Collector be authorized to defend the suit at the public expense on behalf of Government.

Cons., 24th July, No. 12, p. 2333.

To the—. Stating that it is not thought desirable that the suit instituted in the Zillah Court at Mangalore by Mainay Beary against the late Principal Collector of Kanara and others should be defended unless it can be clearly shown that the land in question was not included in the limits described in the advertisement which preceded the sales at which the plaintiff became the purchaser with observations thereon.

Cons., 24th July, No. 13, p. 2335.

From the Secretary to the—. Submitting letter from the Principal Collector of Coimbatore enclosing one from Mr. R. T. Porter, late Head Assistant in that district claiming the unappropriated commission of Head Assistant for the period during which he acted in that capacity previously to his permanent appointment. The Board state that Mr. Porter was appointed to act in 7th August 1827 and continued until 21st January 1828, when he was permanently appointed, that the commission which accrued in the meantime was not drawn and remained unappropriated, that as the gentleman for whom Mr. Porter acted was not entitled to it, and as Mr. Porter held the appointment of Second-Assistant without any extra allowance for acting in the higher situation, and with reference to a similar case noted, recommend his claim being admitted.

It appears Mr. Van Halteran enjoyed a pension of Rs. 14 the continuance of which

after his decease to his widow was objected to on the ground that her mother's pension was sufficient for the maintenance of both, and she was accordingly supported; but this resource ceasing the Board recommend that a pension of Rs. 14 may be granted to her from the date of her mother's death, and to cease upon her marriage or upon her coming into the enjoyment of the property left her by her mother in Batavia which is stated to be not now available.

From the Secretary to the— Submitting a letter from the Collector of Tinnevely relative to charges incurred in part of the Moyin Zabita of his district for fasli 1237 objected to by the Civil Auditor in consequence of certain alterations in the number and pay of his servants. The alterations were made with a view to the more efficient management of the district, some of the charges were only temporary and were discontinued, when the establishment was revised in consequence of the orders of Government of the 1st February 1828 and when a new Moyin Zabita was submitted stating to take effect from the 1st of May of that year, which was forwarded to the Revision Committee. From statement No. 2 enclosed in the Collector's letter it appears that the alterations produced a net decrease of charge in fasli 1237 of Rs. 14,201-15-5 below the amount last sanctioned, and under this explanation the Board recommend that the alterations to the end of April 1828 of fasli 1237, amounting to Rs. 14,622-12-2 may receive the sanction of Government.

Cons., 24th July, No. 19, p. 2343.

From the Secretary to the— Submitting correspondence with the Collector of Madras relative to an application made by Raghava Chetti to purchase a piece of ground consisting of 560½ square feet, adjoining a building belonging to him. The Board recommend that he may be permitted to do at Rs. 525 per ground, the price he formerly paid for some ground under similar circumstances and in the same place and at that rate, the sum he will have to pay for this piece will be Rs. 122-8-10. The Board recommend that the ground-rent due on the piece now applied for from 1825 amounting to Rs. 302 may be written off, as it appears that the demand has not been regularly made from its several occupants; besides the bills extant are for no more than Rs. 71-11-6 under which circumstances it would be hard, if legal, to enforce it against them now. They have further stated to the Collector that it would be unreasonable to demand these arrears from the applicant in addition to the price of the ground.

The arrangement of the Sudar Adalat having reference only to estates held by the Collectors under the Court's orders, the Board request instructions whether the same are to be observed with respect to surplus funds of estates held under precepts from the Provincial and Zillah Courts, and whether Collectors are in future to receive charge of money to be held in deposit on account of those Courts. Referring to a letter from this department under date the 14th April 1826, directing the enquiry to be pursued relative to the project contemplated of constructing a large tank by means of convicts, the Board submit correspondence on the subject, by which it appears that it would not be advisable at present to undertake a work of this nature and state that it has been suggested to them that it would be advantageous to Government to employ convicts in the repair of tanks. This has been customary only in the immediate vicinity of zillah stations and the Board will be better able to judge of the advantages likely to be obtained by an extension of the plan when a case is brought specially before them, they have accordingly directed the several Collectors to transmit with their annual estimate of repairs, a statement of such works as they are of opinion a large body of convicts might be employed on with advantage to Government. To the Board of Revenue—. Transmitting hindowee memorandum with translation from the Sarishtadar who lately accompanied the Right Honourable the Governor and authorizing the adjustment of the same by a bill on the treasury under the signature of their Secretary.

Cons., 4th Aug., No. A, p. 2490.

From the Secretary to the—. Referring to a letter from this department of the 15th May last, regarding land at Vellore required for hutting the 48th Regiment N. I., submitting the reply of the Principal Collector of the Northern Division of Arcot to a reference made to him upon the subject. The Principal Collector states that the land comprising cawnies 14 annas $2\frac{1}{4}$ of Nanja Punja and Totakals assessed at Pagodas 54—12 $\frac{1}{4}$ per annum is situated in the centre of an extent of paddy fields, containing in all cawnies 50-12 bearing an assessment of pagodas 198—2 the whole of which must be permitted to remain waste should the alienation of the portion desired be carried into effect. The question of the expediency of sacrificing the entire revenue for the attainment of the object is for the decision of Government. Should the measure be deemed necessary, it appears from the Principal Collector's statement that no objection will be raised by the present occupants of the land to the transfer.

Cons., 7th Aug., No. 1, p. 2491.

Resolution thereon.

Do. do. No. 2, p. 2493.

From the Secretary to the—. Submitting a letter from the Collector of Madras and concurring in his recommendation of remitting the reserved and further reserved rent stipulated for in the old forms of Government grants. In these it was stipulated that besides the annual rent payable upon the extent of land, the holder should, after the expiration of 30 years, pay the fixed sum of 30 Pagodas, and after 99 years the fixed sum of 100 pagodas without reference to the extent of land. These stipulations are in the new forms omitted and the annual rent alone is demanded; and as such reservations form a very unequal tax and frequently fall heavy upon the parties, the Board think it expedient that all such demands be remitted generally.

Cons., 7th Aug., No. 3, p. 2494.

To the—. With reference to their Secretary's letter No. 276 of the 2nd ultimo desiring them to call upon the Registrar of Government grants to furnish a statement exhibiting the amount now due and demandable on the rents of the old grants and the proportion thereof payable by parties who have the means of fulfilling the conditions of the grants which they hold and to transmit with the above a printed form of the old grants and one now in use with a memorandum of the rate of quit-rent leviable under each.

Cons., 7th Aug., No. 14, p. 2503.

From the Secretary to the—. Submitting an extract of their proceedings on the subject of charitable choultries stating that several applications are now before them for grants of land for the support of such buildings, but that the amount of the grants proposed by the different Collectors varies so materially with one another and with the amount of those hitherto sanctioned, that they cannot decide on each individual case until they can obtain some definite rule for their guidance. They, therefore, submit with their sentiments some points requiring consideration, viewing such buildings as exclusively for the accommodation of native travellers after the arrangements that have been made for the accommodation of Europeans. Some general rules for the information and guidance of the Collectors in the provinces are also submitted for the approval of Government.

Cons., 11th Aug., No. 1, p. 2506.

To the—. Approving and sanctioning rules proposed by them for regulating the issue of grants of land for the support of choultries built for the accommodation of travellers.

Cons., 11th Aug., No. 2, p. 2516.

From the Secretary to the—. Submitting a letter from the Principal Collector of Tanjore reporting upon charge No. 49 in the statement of actual charges for fasli 1237. The Collector states that hitherto the Mirasidars of each taluk presented a Nazar of Rs.101 (advanced from the treasury) to His Highness the Rajah at the Dasahra Feast through the Head Mirasidars accompanied by the Tahsildar which was recovered by an extra assessment on each village and collected from each ryot by the Head Mirasidar, but,

BOARD OF REVENUE—cont.

From the Secretary to the— Referring a letter from this department of the 3rd March last submitting for the consideration of Government a further letter from Messrs. Arbuthnot & Co., enclosing copy of one from Messrs. Scott & Co., showing the result of their late chank farm; and requesting that in consideration of the loss they have sustained, they may be relieved from their contract from the time that the fishery was taken under amani management, and agreeing to pay all previous demands against them on that account. The Board continue of opinion that Messrs. Scott & Co. ought not in equity to be relieved from their contract for any part of its term, but that as it has been a losing concern to the contractors, they ought to be required to pay only half of the original rent or Rs. 13,483-0-8 instead of Rs. 10,683-8-0 as proposed by them. The Board detail several circumstances tending to show that were the contractors to pay either of these sums there would be an advantage to the Zemindari, in consequence of which if Government relieve them and approve of the proposed arrangement, it will probably be readily acceded to by the Zemindar.

From the Secretary to the— Referring to the 11th paragraph of their letter of the 25th August 1828, submitting their opinion respecting Mr. Drury's claim to remuneration for himself and his Head-Assistant in consequence of additional trouble in the Pearl Fishery in 1828 on the coast of Tinnevely. The remuneration amounts to Rs. 1,028-14-2 by a commission at $1\frac{1}{2}$ per cent on the total net revenue of Rs. 68,592-9-2 as is allowed to Collectors and their Head-Assistants on the extra sources of revenue which the Board recommend may be charged in the Collector's accounts under this head to be divided in the proportion of two-thirds to himself and one third to the Head-Assistant. As no remuneration has yet been allowed to the former Collector Mr. Hudleston and his Head-Assistant on account the Pearl Fishery in 1822 and the Court of Directors having expressed themselves satisfied with that gentleman's exertion to render the Fishery productive, the Board think that the exertions of the Collector and Head-Assistant should be remunerated in the same proportion as is proposed in Mr. Drury's case. Observing that from want of information as to the particular class of vessels at present navigated in the Manar Channel and the precise nature and extent of the difficulties to be overcome, no opinion can be formed as to the preference to be given to the profit of enlarging that or the Pamban pass, but that the Madras Government readily avails itself of the opportunity of associating the office charged with the superintendence of experiments ordered to be made by it with the scientific officers selected by the Government of Ceylon for the purpose of examining both channels without reference to the policy or interest of either Government in the anticipation of a beneficial result to Indian commerce from whichever of the two schemes may hereafter be considered the most feasible.
