Adelphi

My dear friend

I have just received your letter of the 10th inst. and am glad to hear from you. I am well and hope these few lines will find you the same.

I have been thinking much of late about the future of our country and the state of our Union. It seems to me that we are passing through a critical period and that the result will determine whether we are to remain a united people or become a collection of warring states.

I believe that the only way to preserve our Union is by maintaining a strong central government and by adhering to the principles of liberty and justice for all. I am sure that you will agree with me in this.

I have been reading much of the history of our country and am struck by the courage and wisdom of our forefathers. I hope that we may be able to emulate their example and to preserve the Union for ever.

I am, my dear friend, very truly yours.

Yours sincerely,
Wm. Lloyd Garrison
