22nd September — From the Right Revd the Lord ——

For reasons assigned cannot recommend the withdrawal from the Archdeacon of his Office Establishment Approves of the recommendation of the Finance Committee relative to the propriety of no longer applying the term "Consistorial Court Establishment" to the Monthly disbursement for the expenses of the Office Establishments of the Bishop Archdeacon &c. and that such allowance be hereafter drawn under the head to which it is appropriated. Recommends that the duties of Clerk of the Church and Sexton be in no instance united to the same individual considers doubtful the recommendation of the Finance Committee respecting the proposed reduction of the Ecclesiastical Establishment of Saint Mary's Church very just and reasonable. Is of opinion that the proposed augmentation to the Ecclesiastical Establishments at certain Chaplaincies is calculated greatly to increase their efficiency and suggests the grant of allowances at Cochin for a Clerk qualified to act as School Master and also for a School Mistress for the benefit of the large and impoverished Christian population at that place —— Diary to 7th November 1841 No. 6 — 2887
