Expresses surprise that the Medical Board should not have seen the impropriety of a Justice Surgeon Rankin's application for authority to dissect the bodies of all Prisoners who may die under treatment in the Jail Hospital. Observes that Govt. have neither right nor pretence for introducing any such Regulation and proposed that the Medical Board be told accordingly, and desired to instruct Mr. Rankin to go on as his Predecessors have done, with a warning that if any complaint is made against him on this topic, he will incur serious displeasure.
