Informing him that in effarets
last year the Tanguel or Musselman
Priest of Leroungade in the Malabar
District of this Presidency, to whose fanatical
doctrines and conduct the sanguinary out-
breaks which have occurred of late years
among the Malabars were supposed to have
been mainly attributable, was allowed
to leave Malabar for Arabia, all pro-
ceedings against him being foregone
on his engaging to quit this Country and
not to return to it; that since then, he has
been residing partly in Arabia and partly
at Constantinople, that he has re-
cently returned to Suddah, and that
from a letter from the Vice Consul he
meditates a return to Malabar, and may
possibly continue to make his way by
land from Suddah to Aden, requesting
therefore that should he make his appear-
ance at Aden, every means will be used
to prevent his returning to this Country,
and that he be informed that in the
event of his again presenting himself
in India, he will be dealt with under
the provisions of Regn. II 1819 of the
Madras Code, and confined as a
state Prisoner at a great distance
from the district of Malabar -
observing that the name of the
Tanguel according to the pass port fur-
nished by the Magistrate of Malabar
is Syed Fazil son of Syed Alibi

With reference to the letter requesting the
engagement of passage to Van Diemen's
Land for 14 European Convicts of Madras,
intimating that transportation of Convicts
to that Island appears from recent Parlia-
mentary Reports, to have been stopped, &
that the Penal Settlement now open is the
Swan River Colony on the Western Coast
of Australia - suggesting that the Convicts
in question be sent thither pending the
promulgation of Her Majesty's pleasure
as to the destination of the European
Convicts of India in future; and
observing that if this is done, it will
be necessary to forward with the
Prisoners, a letter to the Governor of West
Australia, empowering him to
detain and put to labor the Convicts,
pending an intimation of Her
Majesty's pleasure -

With reference to a letter intimating
that the only Penal Settlement now open for the
reception of European Convicts is the Swan
River Colony, & suggesting that the four
Madras Convicts for whom passage
was applied for should be sent there.
Observing that there was difficulty in
giving effect to the suggestions of the Govt.
of Bengal as regards three of the Convicts,
but that the 1st man John Thornton,
having been sentenced by the Supreme
Court to be transported to Van Diemen's
Land, a reference had been made to
Her Majesty's Judges with the view of
ascertaining whether under the terms of
his sentence he may be sent to Swan
River, and if not what course should
be taken with respect to him. Under
these circumstances requesting that for
the present, passage to Swan River
may be taken for only three Convicts;
& stating that Govt. will determine in
regard to the fourth by the time the saddle
touches at this Port -

Thinking that the Mr. Blake Sheristasan
of the subordinate court of Bellary appears to have
been pressed into duty beyond what the circum-
stances called for, he has not as he would
make it appear been wholly acquitted of mis-
conduct by the Superior Court, and altho'
the objection to his competency has been finally
overruled by the Hon. Udalt, it was recognized
as valid and sufficient by the Civil Judge.
Under all the circumstances of the case, thinks
it sufficient to give Mr. Blake an allowance equal
to what he received as a pension - Considering that
the Civil Judge acquiesced in the removal of
Mr. Blake from the Sheristadaship on the
ground of the disqualification alleged by the
subordinate Judge, thinks that the latter
can scarcely be saddled with the compensation
awarded to Mr. Blake -

With reference to the removal of Mr. Blake,
Sheristadar of the subordinate court of Bellary, by
Mr. Story the former subordinate Judge, sees no ground
for charging Mr. Story with having acted otherwise
than on public grounds, and would for requiring
him to pay Mr. Blake's salary while un-
employed - sees no other course than that
proposed by the Honorable Mr. & Will towards
Mr. Blake, and concurs in the views recorded
by him on the case -

Thinks that as the Special Commissioner
of Malabar has not in his final Report to
Government aggravated his impeachment of
the conduct of Mr. Bonally the Magistrate in
respect of the outbreaks which have occurred in
that District, and in regard to other matters in
which the interests of the Hindoos and Moplahs
have been concerned, it is unnecessary to com-
municate his Report to that Gentleman, but
as it is fair that Mr. Bonally should have
the opportunity of making his defence as
completely as he himself desired, thinks that
he should be informed that it is open to him
to address to Gov. any further representations
he desired to offer on the subject treated of in
the Commissioner's letter to him of the 7th
August last -

Offers no objection to the proposal of the Honorable Mr. Elliott, that the President should be allowed to inquire into any thing he may desire to add to the report, he made to the letter of the Special Commissioner of Malabar of the 1st August last, regarding the instance in which the Commissioner took exception to his conduct in respect of the outbreaks which have occurred in that District, and for reasons stated observes that in assenting to the course to be now adopted, he does so with the reservation, that should any thing arise in the discussion of this matter, which might prejudice either Equally or his Assistant, further explanation will be called for, before a final decision passed.

Agrees with the Honorable Mr. Elliott that there is nothing in the Report of the Special Commissioner of Malabar on the conduct of the Tahsildar of Ennad in reference to the outbreaks, which "speak" upon the Tahsildar, "purposed unfaithfulness or dishonesty, and no grounds therefore for dismissal, but agrees with the Commissioner in expecting that the Tahsildar would have had, as a Magistrate, better and more full information of the probable time and extent of the outbreaks, and might consequently have been able to afford to the Magistrate such information as would have led to their prevention, and that subsequently he would have enabled the European Officer to fix criminality upon the abettors or fomenters of these atrocities, but does not see that the Tahsildar has done this. Observes that whilst he would acquit the Tahsildar and retain him in his post he would warn the Magistrate that he expects from this, and other Magistrate officers, aid, and information of the character above pointed out, as a part of their official duty, and as an evidence of their fidelity to the trust reposed in them.

Resolved on the question as to whether the charge of the Town of Coimbatore appertains to the Magistrate or the District Judge, and whether the latter officer can and is authorized to be Town independent of the Collector, whereas that the Judges of the Soudar Udalt have properly reversed the sentence of the Magistrate condemning the Sheristadar of the Zillah Court and his brother for the offence of Calumny, and acquitting the Jemadar of the charge of having defrauded the prisoners under this Contract of a part of their food, &c. thinks it proper that a strong censure should be passed on the conduct of the Magistrate in these two cases; and that disapprobation should be expressed of the demeanour of both the Magistrate and the Judge in the transactions and communications which the Soudar Udalt have brought to notice in connection with the employment and treatment of Convicts; but that as the matter has been disposed of by the Soudar Udalt it does not appear that Govt. are called upon to adopt as extreme a measure as to remove Mr. Rossell and Mr. Thomas to other stations. Observes that they may be admonished that Govt. will be compelled to that course if they cannot carry on the public service without dissension; and thinks that the Soudar Udalt should be called upon for their opinion in consideration of the evidence they have had before them whether the Jemadar should be dismissed from the service.

Mr. Elliott

I enclose Mr. Conolly's Report of the
20th November last upon the removal of Mr.
Conolly from the office of Magistrate of the District of Middlesex, & upon the
the allegations made against him, which have occurred
in that District and in relation to the Chaplains
and Hindoos respectively. It is my opinion that
the impeachment of Mr. Conolly has not been
made good; and that he has been unnecessarily
to doubt Mr. Conolly's impartiality - appears
of the principles upon which he proposed
to have acted, and thinks that he has shown
resolution & cool judgment on trying occasions
and remarkably good sense always, which
warrant a dependence upon him - He is not
sure that personally he has always been
sufficiently active, and thinks he should
be admonished that his personal supervision
generally, and that on occasions of emer-
gency especially when general disturbances
have occurred, or are anticipated,
at any place within his charge, his early
presence on the spot is deemed to be necessary;
that it would be unjust to Mr. Conolly
to remove him from this office as proposed
by Mr. Strange - but independently of the
consideration of what is due to Mr. Conolly
personally, is of opinion that this measure
would be ineffectual on public grounds.
Coupled with what appears to have
transpired of Mr. Strange's views in relation
to the interests of the Chaplains and Hindoos,
and the manner in which the former should
be dealt with, apprehends that the removal
of Mr. Conolly would be regarded mainly
as a triumph to the Hindoos and a dis-
couragement to their rivals, and would
have the effect which Mr. Strange antici-
pates as the consequence of retaining
him in his office, namely, to widen the
breach between the two parties. With reference
to the allegations brought against Mr.
Collett find what that officer had represented
in his defence, does not appear for
passing a censure upon him, or giving orders
for his being transferred to a different
part of the District from that in which
he has hitherto been employed - Observed
that if Mr. Conolly is continued in the
Office of Magistrate it would be advisable
to leave the employment of Mr. Collett
to his discretion.

States that, he had on the report of the Birt Suor Amoen made some strong remarks on the alleged untruthfulness of his defence in regard to those faults, but that on a consideration of the papers now submitted by him, & particularly his answer to the charges against him, together with what is represented in the Memorial, he does not find the want of truth by any means manifest - but thinks it a matter of presumption on which it is hardly fair to pronounce positively against the Memorialist and that he has just cause to complain of the manner in which the proceedings were conducted throughout.

Whereas opposed to the appointment
of Mr Gerrard, Head Accountant, Oriental
Bank, to be auditor of the accounts of the
Administrator General. The Honble Vanso-
manaran deceased - does not look upon this
appointment as that of an individual to a
particular Office, which one man may fill
as well as another, but considered the Post
entrusted with the duty of providing for the
most ample and independent scrutiny of
the Administrator General's acts, as well
as of his accounts - thinks also that Govt
is bound to select for the duty - men who by
position and experience, will have the confi-
dence of the public, and that the very abuses
which led to the enactment of Act VII
of 1819, and the Despatches & orders of the
Honorable Court to this Govt, in reference
to the Administrator General's past proceedings,
call for the appointment of some one of more
weight, and holding a more independent
position, than a Deputy Accountant in the
limited Establishment of the Oriental
Bank - Under these circumstances,
thinks that Mr Gerrard's appointment
would not hold out the necessary assurance
either to the public, or to the Govt, that the
Audit was such as it should be - - - - -

Observing that it does not appear that the breach of a general order of Govt. for the regulation of Military Bazaars, on the part of a person not liable to Military Law, would be an offence punishable by the Civil Magistrate, unless the act committed were itself of such a nature as to be cognizable under the ordinary regulations; but that the suggestion of the Judge Advocate General for extending to suits before the officers in charge of the Cantonment Police the limitation prescribed in respect to suits before Military Courts of requests by Act 21 of 1842, will if necessary be considered in the Military Department.

Reviewing the Report from the Court
of Superior Judges upon the charges preferred
against Mr. J. S. Tarrumalacherry, P. C. Chong-
leput, and considering it, I am
satisfied that a man in the high position of the
Principal Judge of Amoy, a man in ques-
tion of superior education as far as in-
tellectual cultivation is concerned, and
who has maintained his integrity in the
execution of his judicial office, should
have debased himself by stooping to the
arts of equivocation & misrepresentation - observing
that the considerations represented by the
Civil Judge, and by the Mr. Udall would
under any circumstances afford very strong
reasons for removing Tarrumalacherry
from the office of P. C. Chong-
leput - but with reference to what
has been stated by the Judges as to his
disingenuousness, his want of accuracy,
and the absence of that high and honorable
feeling which was to be expected from a
man in his elevated & responsible position.
Observing that Govt. would not be justified
in transferring him to any other judicial
office, or even in allowing him to continue
in the service of the state. Directing therefore
that Tarrumalacherry be dismissed from
his situation from the receipt of these
orders at Chongleput and not be re-
mitted into the public service unless the
Honorable Court should see fit to sanction
his re-employment. Observing that the
Judges have properly commented upon the
second of the proclamations issued by the

late Acting Civil Judge of Chingleput regarding the criminal charges and considering that part of it which invited acceptance who had many things to say against the Principal Judge. He has come forward and state their complaints to the Acting Judge, not in open Court - but in his private room, to be especially reprehensible. Observing that Mr. Kead's proceeding towards the Principal Judge, going through him, would also seem to have been charge-terized with great want of fairness & to have shown very deficient in discretion and right judgment, and desiring the Sub. Magistrate to communicate these remarks to Mr. Kead. - 27 June 5th July 9th

Reviewing the Report of the Surgt. Major upon
the working of the District and Village Police, and
observing that both cannot, even in the suggestions
of the Judges as to the basis on which a Village Police
should be constituted; and that no rural Police
can be efficient which is not formed from men
belonging to the Villages in which they are to serve -
and who must necessarily possess a minute
knowledge of the habits and character of the
people amongst whom they reside. The reasons
stated, observing that Govt. are wholly opposed
to the institution of any more stipendiary Police,
as a substitute for the ordinary Village Police,
but that at the same time they are fully alive to the
defects of the latter arising principally from their
insufficient remuneration although they are not
prepared to admit that their condition is altogether
so wretched as depicted by the Surgt. Major.
Noticing the different plans that have been
adopted for ameliorating the state of the Village
Police and observing that it is not to be denied,
much yet remains to be done - also that the funda-
mental defect in the Salary system has only
been partially remedied, and that until it be
fully removed the system cannot be said to have
had a fair trial - also that a systematic arrange-
ment should be made for this object without
further delay - and that the plan which has been
adopted in South Arcot giving the Salary 30 Rs. a
year of which 18, is in good arable land
and 12 in money might be introduced
generally - Desiring the S.D. of Pooné to furnish
at an early date the reports, state due on the
extension of the Pooné system to the latter District
and to Bellary; & preparing the Comr. Northern
Circars to transmit early the information he
has still to render relative to the Police of Guntoor
and that he and the S.D. will obtain from the
Collectors of all the other Districts within their
respective divisions reports on the arrangements
necessary for reforming their Village Police on
the basis adopted for that of South Arcot.
with an account of the present condition
of the Village Police in each and of its amou-
-ments, the amount required to place it on
a proper footing - the resources now available,
and the net amount still wanting both in land
and money - observing that these reports
when received by the S.D. and the Commissioner
are to be sent up with their own remarks to
Govt. in every case within a month from their
receipt, in order that Govt. might be enabled
to dispose of the whole subject at an early
date, and to place the Police Establishment
of this Presidency on the condition required
by the wants of the Country & due
to the security and protection of the
people -
