Sud Govt say that the Collector has reported having in his possession some original Documents signed by & some entirely in the hand-writing of Tumbisamy connected with the Management of the Village of Alkeeveridasuaram ——— 10 augt 7

The Most Noble the Governor in Council sees nothing in the case of Mr Lewin which in the slightest degree affects his character as a Judicial officer & considers the acts proved against him to be highly Censurable His Lordship is of opinion that Mr Lewin was not justi= =fied in having pecuniary transactions with or through the officers of the Court & thinks more seriously of the other charges than the Sud Govt sees nothing which could warrant Mr Lewins retaining a Public Servant for 18 months at Madras & paying him from the Establishment charges of the Zillah Court, states the Sud Govt have not called for the daily Prison-Book shewing the employment of Con= =victs during the Period Mr Lewin is charged with em= =playing them for his own private purposes, considers his Conduct in having received the present of a Pony from a Native inexcusable. thinks with these views that the Con= =duct of Mr Lewin merits the strongest disapprobation and Censure of Govt & fully approves of the act of Govern which permitted Mr Lewins Resignation of the Service & sees no necessity now for further Proceedings Can not think it just that Tumbisamy should be subject to any different or greater penalty than Mr Lewin himself & would there= =fore in his case also express the Censure of Government & warn him against future Misconduct ——— " 8

The Honorable Mr Chamier explains the impropriety of taking up the charges against Mr Lewin on vague & indefinite state= =ments before the result of the investigation into the charges preferred against Dorasamy was known, thinks that as Dorasamy should, as recommended by Sud Govt be declared permanently disqualified for the Service of the British Govt thinks that as Tumbisamy has defrauded Govt by permitting suits to be filed for stamps for below the prescribed value made on solemn affirmation false charges & made various other charges found to be groundless, frivolous vexatious & malicious he should be removed from office & declared unfit to serve the Govern again, thinks it enough in Mr Lewins case to record the disapprobation of his Proceedings ——— " 9

Lewin J. M.- Tumbisamy & Dorasamy Modeliar Contd

The Honorable Mr Dickinson states that as Mr Lewin has been permitted to resign the Service, further investigation against him would appear impracticable; that had he seen the Papers submitted by Lud. Ord. previous to his resignation being accepted he would have proposed further Enquiry- Records his views on the charges preferred against Mr Lewin, & on the report of the Lud. Ord. adds that he states that the Lud. Ord. have treated the charges in a far less serious way than they deserved- Notices the strong terms of condemnation which the Lud. Ord. have applied to Tumbisamy & Dorasamy & states that he can not allow himself to form any Judgement unfavorable to either of those Persons until they have been duely heard in defence, & afterwards shall appear to be guilty- Nor Can he join in pronouncing their charges against Mr Lewin to be frivolous & malicious, until upon full investigation they shall be shewn to be so——— 10 Aug. 10

The Most Noble the President is of opinion in Concurrence with the Honorable Mr Dickinson that if the Lud. Ord. deem the charges brought against Tumbisamy Modeliar to call for the serious Notice of Govt. they should make his case the subject matter of Separate Proceedings & report upon it after full investigation & sees no Cause for any further measure on the part of Govt. till this is done, says the Case of Colum Royal Naidoo quite different from that of Tumbisamy, & that if Mr Chamier intends to infer that as Tumbisamy is a Christian, this Circumstance has led to a different Mode of dealing with Colum Royal Naidoo, he can only express his surprize, but if this is not Mr Chamier's meaning, he would be informed to what his observations refer- states he is not aware that the Conduct of Tumbisamy in the office of P.C. Lud. Ord. Amen has been at any time brought under Notice of Govt. unfavorably, & notices the high testimonies born to his Character——— .. 11

Trial of Petty offences & Minor Felonies

The Honorable Judges of the Supreme Court forward copy of a Presentment made by the Grand Jury the Presentment urging the necessity of the Police Bench exercising Summary Jurisdiction over petty offences (now coming before the Supreme Court) as in the other Presidencies ——— 4 May 1

The advocate general thinks it most expedient to confer on the Magistrates a Summary Jurisdiction to try Cases of this description, and enumerates the objections to the plan suggested by the Honorable ~~Court~~ Judges of the Supreme Court of extending the Jurisdiction of the existing Court of Quarter-Sessions, & empowering that Court with the assistance of a Jury of 5 Persons to dispose of these Cases ——— .. 2

The Chief Magistrate & Superintendant of Police suggests as the most immediate Remedy the Extension of Act No. XXI of 1839 to this Presidency making it lawful for 2 Justices of the Peace to hear & determine summarily all Cases of Simple Larceny with the addition of stealing of Property within the value of 20 Rupees ——— 5 .. 3

Govt. gives the preference to the measure proposed by the Chief Magte. & Super: of Police & does not see the necessity of proposing that 2 Magistrates should be required to administer under the above Act if one has been found sufficient at Calcutta - & Govt. of India addressed on the Subject ——— .. 4. 5

Disturbances on outbreak in Coilcontla Talook

The Acting Magte. J. H. Cochrane Esqre. maintains that the view taken by Special Commissioner of the proximate & remote Causes of the Rebellion, is not correct is of opinion that Bhattuarty Enams are an extraneous subject quite unconnected with the Case, does not allow that the resumption of the Cuttoohady Enams was the Cause of the feelings of disaffection alleged & can not believe that among those Cuttoohady Peons & People of higher classes there was any general feeling of discontent ——— 16 22

Disturbances Outbreak in Coilcontla Talook (Contd)

says Nursimha ready himself instigated by one Godayee Venkiah was the main Cause of the rebellion, he became dissatisfied by comparing his impoverished condition with the affluence of his ancestors, & his Cause was embraced by the Cuttoobadies among whom he had a hereditary influence, finds a proof of this in the evidence given by the followers of the Rebel in their trial _____ 23 to 32

Considers the evidence & says that Nursimha Reddy visited Hyderabad, Kurnool, & the Poligars of the District, had possession of a Sunnud (Forged) bearing the impression of a Seal in Persian Characters which he said was sent to him by Nabob of Golcondah he shewed it to all Polygars to get assistance from him according to his own part, being accompanied from Village to Village by about 30 armed Cuttoobadies of the Cashew of his ancestors - after returning to his Village, he made the Owk Rajahs to write to the Polygar of Annagoondee in Ballary (Comara Mulla Reddy in order to assist him) his elder Brother, warned the Tahsildar of their treasonable Proceedings, which brought Matters to a Crisis sooner than he wished _____ 33 to 35

relates the Circumstances connected with the outbreak and shews the Connection of the family of the Owk Rajahs, with the Rajah of Chitwal, & the Cause of their discontent & their gladness to keep up the ferment - agrees with the Special Commissioner in supposing the from Copy of a letter, which Nursimha Reddy addressed to Board of Rev; promising allegiance of his Patrimonial Estate was restored to him, that he imagined he could have succeeded in keeping up the ferment to so protracted a period as to incline Govt to Come to a Compromise with him _____ 36 to 39

Village Cuttoobady Police

The acting Magistrate states his firm Conviction that the Measures proposed for adoption in regard to the reform of Village Police are efficient - sees no reason for making any distinction between Cuttoobadies and Taliars, differs from Special Commissioner in not knowing how by reducing the Number of the former & retaining them as Taliars it would be the means of placing more Tools at the disposal of Mischief Reddies & Turnouts _____ 40. 41

says the Number of Cuttoobadies exclusive of Taliars to be retained for Services was decided on with reference to the existing Circumstances, & is of opinion that the Village Police alone averaging 5 for each village would be as per Special Commissioners Statement would be inadequate in Number & agrees with S.C. that the inefficiency of the Village Cuttoobady

Cuttoobady Enams says there is no question that they are considered hereditary & that the privilege should be maintained but the Emoluments as at present enjoyed have dwindled to nothing owing to their subdivision among relatives & Coharers & in Consequence the original Rules laid down for performance of fixed duties have become a dead letter 44

Village Cuttoobady Police & Enams.

Says the Estabt. is too corrupt and dishonest, & a reform is necessary, he explains the nature of the plan proposed for the due distribution of the Enams under which of the Enams of 11756 Cuttoobadies of which Emoluments amount to Rs. 2,93,649-14-5, the Services of 1557 Cuttoobadies holding Enams at 30,984-5-7. were to be dispensed with (their Enams being liable after death to lapse to resumption) and a reduction to the amount of 29,623-12-5 was to be made on the occurrence of lapses in the Enams of 1396 Living Cuttoobadies, the eventual loss to Govt. under this arrangt. being on deducting the 2 Items Rs. 4130-4-- & at present Rs. 64738-6-- - The Acting Magte leaves it to Govt. to decide whether the proposed measure may be carried by resuming the Enams as a boon or at an additional cost to Govt. & suggests in Consequence of the hopes of the Cuttoobadies having been buoyed up by the Special Commissioners report a modification of the proposed plan involving increased Cost to Govt 45649

Bhatwarty Enams

The acting Magte considers these as not secular but charitable & contends they come under Regulation II of 1831 not transferrable nor Cognizable by Civil Courts enlarges on the insecurity of Tenure now prevailing in Consequence of these Enams having been considered as Cognizable by Civil Courts, thinks the prohibition in regard to the Enams being transferrable as contained in the above Regulation were enforced & the measures proposed for the due registry of them adopted, it would of great benefit to the holders 50.54

differs from the special Commissioner in the opinion that the disturbances could never have been Caused by the Buttoobadies whose enams were resumed but is inclined to think that tho' these may have been predisposed to play a desperate Game whenever an opportunity offered. such a Proceeding as taking up arms against Govt would never have occurred to them, if they had not been worked up by Nursimha Reddy instigated by one Golayee Venkia to throw off his allegiance — 4 & 5

thinks the ulterior object of Nursimha Reddy was to induce Govt to offer him some terms by finding a sufficient Number of discontented Spirits by whose aid he could maintain himself in the fastnesses of the Hills for a protracted period — 6

Imputes the Tahsildar of Coilcontla with having mismanaged Nursimha Reddy & gives a very bad account of him — 7

is of opinion that these Enams can only by a strained Construction come within the meaning of Regu: IX of 1831 - says the Regulation makes no allusion to resumption of the grants, it merely transfers from Civil Court to Govt the right of adjudicating the claims to them; has no hesitation in saying that the really rightful claimants would prefer this mode of settlement - The Vakeels &c led people to take an exaggerated view of the evils to follow from the orders of the Board of Revenue - thinks it desirable that intentions of Govt must be distinctly explained to dispate in a short time feelings of distrust & discontent that may spring up &c. 11 to 13

Lewin Mr Honorable Court, adverting to the already severe punishmt of Mr Lewin state they would have vindicated the respect due to Govt by making the example even more impressive had his offensive language been before them — They trust that the Course already taken will have recalled him to a proper sense of his position it would take no further notice than to repeat their determination to uphold the authority of Govt

Govt order Copy of the above Despatch to be furnished to Mr Lewin .. 32

The Most Noble the President sees no object in sending the above Dispatch to Mr Lewin, is of opinion that no Communication which is not imperatively called for should be held with him but if the Members would depart from this Course, can not be a Party to the Proceeding ———— .. 33

The Honorable Mr Chamier has no doubt of the propriety of furnishing Mr Lewin with a Copy of the Despatch, can be no good reason why should not he be told in the terms addressed to Mr Blackburne, of the improper style of his letters, & upon his making an apology, his resignation of the Service accepted ———— .. 34

The Honorable Mr Dickinson is of opinion that Mr Lewin should be furnished with Copy of the Despatch, but is opposed to any Communication being made to him of the nature proposed by the Senior Member, & as his letters have been forwarded to H. Court, it depends upon them how they are to be disposed of ———— .. 35

The Most Noble the President states he should consider himself wanting in due regard to the office he holds, & in self-respect were he to deal with Mr Lewin's Case as an ordinary one like Mr Blackburne's, looks to H. Court alone for such an expression of their opinion as will uphold the authority of Govt; & while Mr Lewin's letters are allowed to remain on the Records, he will never join in any Com: made to him ———— .. 36

Draft Act for Reduction of terms of imprisonment

Moderate corporal punishment & short confinement

Propriety of adopting in Cases of Juvenile & Minor offenders is concurred in by the 1st Judge of the Sanj: Sud.r — The 3d Judge observes that this is now the Practice and considers a fresh Provision on this head unnecessary. The 2d Judge thinks the present state of the Law & the practice of the Courts meet the views of the Honorable Court & that this depends more on the prudence of the officers managing the Jail than to an organised System of discipline ———————

Short & Rigorous Sentences in lieu of long Sentences for Adult offenders The 1st Judge of the Sanj: Sud.r thinks the measure necessary; but thinks it will in Cases of heinous Crimes not prove efficacious & would not in such Cases recommend a Sentence for less than 7 Years. thinks it dangerous at once to abrogate by special enactment the severity of the existing Law; but would have it by degrees slide into a abeyance & disuse ———

Draft Act for Reduction of Terms of Imprisonment Contd.

Short & rigorous Sentences in lieu of longones Contd.

The 3d of Judg: Rdt. is of opinion that a sudden diminution of the term would be unjust & productive of public insecurity. that the powers of Judg: Rdt. to mitigate sentences are sufficient & that no special enactment is necessary ..... The 2d Judge enlarges on the expediency of shortening long sentences, remarks differences between the feelings & habits of the offenders both in England & in India. thinks the substitute proposed by H. Court would fail. Suggests Solitary Confinement would be more effectual punishment but it would have serious obstacles to encounter - Comments on the practice of long & severe sentences & attributes their introduction to the nature of the Crime in India - is unable to see in what manner so large a measure of punishment as is now adjudicable can be supplied by the small measure proposed as a substitute - Trusts it impossible to increase the severity of Jail-discipline to such an extent as to obviate long punishment - observes that the result of longer short imprisonments must depend on the general administration of Justice & on the Certainty of punishment falling on the right men - & Considers the agitation of the question of long & short sentences quite premature before the defects of the present administration have been guarded against

Transportation in lieu of protracted sentences for heinous Crimes

The 1st Judge of Judt. is of opinion that transportation is still considered to be next to death, & protracted sentences for 7 or 14 years being milder, it is not desirable to adopt the measure - The 3d Judge is opposed to the measure as being very unjust and a sweeping riddance of all apportional punishmts. The 2d Judge sees no advantage in the measure

Jail-discipline - its assimilation with home-prisons

The 1st Judge of Judt. admits the present system is faulty & expensive foresees difficulty in assimilating the practice with that in England from the vast number of Convicts in India; but as their diminution by gradual reduction of sentences is contemplated suggests that an Experiment be in the 1st instance made in Guindy Jail where an Establishment furnished with materials by Govt. & Convicts from different Jails or a few expert artisans & mechanics Conducted by a Practical Intelligent officer, under the fostering Care of Judges may be entertained with a view to instruct the Prisoners in manufacturing, cloth, Paper, Cumblies, baskets, useful wicker works &c. - thinks that according to the success of this experiment, it may be extended to the Interior - by this might be done without neglect of the Public roads, & so as to reduce the present Jail expenditure

Jail-Discipline its assimilation with home Prisons Contd

The 3d Judge of Dist is of opinion that this is difficult, distinguishes between the Jail & Prisoners in England & in India & says that the Jails in India must be allowed to remain in the state in which they now are ------

The 2d Judge considers the reformation of convicts & improved systems of labour as not within reach - thinks the Jail itself must be reformed which could not be done without a heavy outlay & without the introduction of better agents as Jailors &c ——— 9 April 19

Terms of Imprisonment, statements of submitted by Sessions Judges ——— .. 20

Banishment from District. Sessions Judges to consider whether it could be added to rigorous & short Sentences ——— Proposed Draft of Ex: from Minutes of Con:

Jail-discipline - assimilation with home Prisons

Sessions Judges to submit the plan they would suggest for carrying out in 2 or 3 Jails the Experiment. The plan may be tried where there are European Jailors &c by erecting a Prison Yard surrounded by a high wall & deep ditch with Palisades & there working the Convicts 21

Terms of Imprisonment for 7 or 14 Years should not be reduced in Cases of Torch-light Robbery, but may be reduced in cases of Theft & Burglary -

Transportation should be for life & confined to most heinous Crimes

Jail-Discipline - Convicts should only be punished with hard labour in Irons on Public Roads, & the state of our Jail would not admit of improved system - To give good effect to such a system, Jails of larger dimension should be constructed & placed under European Jailors But Works of hard labor the imposed on Convicts, cannot be performed within Jails ... ... 22 Minutes by H. M. Dickinson

Memorandum by the Most Noble the President proposes the transmission of the proposed Draft Minute (N 21) to the present Judges of the Sessions Judges for their Consideration & opinion, & they accordingly called to report to Govt the result of their deliberations ——— .. 23, 24
