# STATISTICAL APPENDIX

FOR

## VIZAGAPATAM DISTRICT

MADRAS

PRINTED BY THE SUPERINTENDENT, GOVERNMENT PRESS

---

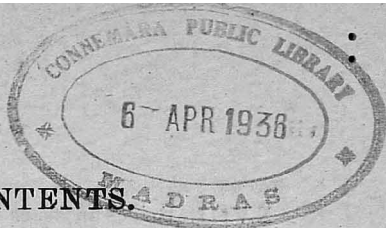

1935

## PREFATORY NOTE.

---

It was originally intended to publish as an appendix to this volume a supplement containing additions and alterations to the contents of the various chapters in Mr. W. Francis' District Gazetteer for Vizagapatam (1907) as has been done in the case of Statistical Memoirs of several other districts whose Gazetteers had been published some years ago. Copies of Vizagapatam District Gazetteer are, however, rare and out of print now ; and so the Government had to consider whether it would not be better to bring out a second and revised edition of this Gazetteer than to publish a supplement of additions and alterations to the original Gazetteer in the form of an appendix in this volume. But in view of the unsettled nature of the district boundaries as a result of the proposal to form the new Province of Orissa, Government have now deferred the decision and the publication of a new and revised Gazetteer dealing with the new Vizagapatam district has therefore to wait till the formation of the Orissa Province and the consequent changes in the limits of this district.

Note.—Area handed over to Forest Panchayats—Nil. There are no Forest Panchayats in this district.

The deficit in 1920-21 was due to non-realization of certain lease amounts, in 1921-22 to enhancement of salaries of subordinates owing to high cost of living and in 1922-23 the posting of a highly paid official as District Forest Officer.

CLASSES I AND II.—These include all institutions maintained by Provincial Funds and under Government management. The fact that an institution possesses endowments or receives contributions from Local Funds or private subscriptions should not be regarded as a reason for not classing it as "State" so long as Provincial and Imperial Funds are practically responsible for all the charges connected with it. Class I—"Public" are State dispensaries which are open to the poorer classes of the public. Class II are State dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

Class III.—Local Fund dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed or maintained by Local or Municipal Funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, should not be regarded as a reason for not classing it as a Local Fund dispensary so long as its existence is practically dependent upon Local Funds.

Class IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or Local Funds.

Class V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers should not be regarded as a reason for not treating it as a private non-aided dispensary.

Class VI.—Comprises all Railway Dispensaries whether maintained by State Railways or others.

The difference (a ~ b) is presumably due to a later adjustment of the balances of the old Taluk Boards after their division.

CLASSES I AND II.—These include all institutions maintained by Provincial Funds and under Government management. The fact that an institution possesses endowments or receives contributions from Local Funds or private subscriptions should not be regarded as a reason for not classing it as "State" so long as Provincial and Imperial Funds are practically responsible for all the charges connected with it. Class I—"Public" are State dispensaries which are open to the poorer classes of the public. Class II are State dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local Fund dispensaries include all institutions which are vested in Local Boards or Municipalities or guaranteed or maintained by Local or Municipal Funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, should not be regarded as a reason for not classing it as a Local Fund dispensary so long as its existence is practically dependent upon Local Funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guaranteed, but receiving aid from Government or Local Funds. (This includes also the subsidized dispensaries in rural areas.)

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers should not be regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all Railway Dispensaries whether maintained by State Railways or others.
