Hon<sup>ble</sup> S<sup>r</sup> & Gentlemen

Having considered on your Hon<sup>rs</sup> and Councils demands as to the freightment of ship Princess of Denmark to China, We find them to exceed what we are able to give, nevertheless resolve to make Your Hon<sup>rs</sup> and Council a proffer of what wee think may be reasonable on both sides, which is Twelve Thousand Pagodas to be paid here at the arrivall of said Shipp from Amoy to this place, Wee obliging ourselves to give the Commander his dispatch by the Twentieth of December next at farthest, w<sup>ch</sup> proposall regarding the charge we shall be at of measuring the Ship, Presents &c<sup>a</sup>. Wee hope may be worth your Hon<sup>rs</sup> &c<sup>a</sup> Councils Consideration it being what we Judge the stock that may goe on her will bare, soe hoping your Hon<sup>rs</sup> and Council will please to favour us with Your Answer hereunto For our Government Wee remaine,

That if the Hon<sup>ble</sup> President and Council will set said shipp up at the sea gate, declareing that all Merchants have liberty to lade and take their Passage if they please at the usuall rates, and that she shall certainly proceed, then if the aforesaid ship makes not 12000 Pag<sup>s</sup> freight at her returne I will be obliged to make up soe much, and if she makes more it shall be all the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Otherwise I doe offer 14000 Pag<sup>s</sup> certainly, both w<sup>ch</sup> offers and proposalls is provided that noe other of the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Europe Shippes be permitted to goe.

[18<sup>TH</sup>]

Letters from Basherad Cawn the Mogulls Duan in answer to the Presidents letter with the rent money, wherein he discants upon the smallness of our rent and present, in consideration of the great Profitts & revenues we made of the place, which now was under the Mogulls Dominion, and therefore not to be as in the King of Golcondas time, His Cheif designe herein being to gett a greate present from us, which being well consider'd of, is resolv'd not to conceed to, since it can doe us little kindness & may encourage their exactions.

The Duans Messenger a great Moorman that was sent with the letter and to discourse more particularly in this occasion, was sent for and civilly treated, who after many stories and magnifying his Masters interest and Power in the Mogulls Coart and this Countrey, the President told him, that we were and should be very desirous to continue the Duans freindship, which we hope he would not deny us in Consideration of the many great advantages our Settlements and trade brought to the Countrey and that he was misenformed of our profitts by it, the Revenues not defraying half the charge we were at in maintaining it and the poor, however twas our own, given us by the grant of severall Kings and soly raised and built by the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> charge from a barren Sand, which we should defend against all opposers of our Right, and soe dismist the Moor w<sup>th</sup> calmer thoughts, and expectations then he brought.

The nine English men that were suspected to bee Pyrats, lately brought from Pollicat, having been some time under confinement and strictly examined in the Coart of Admiralty, but noe confession or evidence appearing against them as to matter of fact they still resolutely persisting in the denyall of committing any Pyracyes, but that they belong'd to an Interloper, and left her at Zeiloan, but there being too much reason to beleive them to be Pyrats, and being advised by the Judge of the Admiralty, that there is noe other course or means left to discover their Guilt but by pardoning two of them to witness against the rest, and the Judge having some private notice that they were inclinable to confess on condition of Pardon, Tis therefore agreed and orderd that according to His Majesties Charter a pardon be granted, and that afterwards their Examination be taken in the Coart of Admiralty, and that y<sup>e</sup> rest be tryed by a Coart Martiall, if there be cause found against them.

Cap<sup>t</sup> Stephen Ashby, being upon his dispatch to the West Coast, complains that his Ship is very weakly mann'd, therefore desires the Council to supply him with such a number of men as may enable him to performe that unhealthy Voyage, Tis therefore agreed and orderd that Ten soldiers or seamen be spared him, he paying Pag<sup>s</sup> 26 each for y<sup>e</sup> charges the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> having been at, for their sending out of England.

Raja Ralupa [*Lacuna in the original*] of Bencoolen having Voluntarily spared the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> eighteen of their Mallayes for the assistance and transport of the Madrass friggot hither free of all wages, for which kindness M<sup>r</sup> Bloom desired they may be courteously entertained here, and upon their returne to gratifie them with a small present, to encourage others of their people to serve the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> upon the like occasion, and they haveing often requested the President to lend them 1000\$ to lay out in goods proper for those parts, which he as often excused to them, telling them, that neither the King or M<sup>r</sup> Bloom had desired or mentioned any such thing in their letters to him, however in Consideratio[n] of their free service, Tis agreed, & orderd that 100 Pag<sup>s</sup> be lent them for their occasions, takeing their bill for 170 Dollers to be paid at their arrivall at Bencolen or its amount in Pepper, and in consideration, that they are Mahametans, that 50 Pag<sup>s</sup> be given them to make provision for their Voyage to the West Coast on the Williamson, and the Command<sup>r</sup> orderd to treat them courteously aboard and that in Consideration of the Rajas kindness herein, that a present of a half a peice of Scarlet be sent them, according to M<sup>r</sup> Bloomes advice and desire.

Orderd that Pag<sup>s</sup> 800 be paid M<sup>r</sup> William Fraser Storekeep<sup>r</sup> to defray charges of the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Shipping in the road and clearing the supernumerary Seamen &c<sup>s</sup>.

Employes.

M<sup>r</sup> Nath : Higginson haveing served his Covenanted time to the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>s</sup> expired the 18 Instant and then layd down the Comp<sup>as</sup> Service, The Councill mett to settle their severall Employments wherein, M<sup>r</sup> John Littleton being second by succession is appointed to the charge of the Books and Accounts. The next is 3<sup>d</sup> and Warehousekeep<sup>r</sup> according to the Comp<sup>as</sup> printed Rules and Custome of this Place, but M<sup>r</sup> Thomas Wavell being formerly orderd joint Commissioner of the Customes with M<sup>r</sup> Nathaniel Higginson declares he ought to continue in that Employ and take his precedence, which occasioning dispute with the rest it was put to the Vote, after perusal of the severall Letters and orders from the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> about M<sup>r</sup> Wavell, wherein we find him possitively orderd, Collector of the revenues giveing him a gratuity of 40 Pag<sup>s</sup> to encourage him therein, therefore not alterable, but by the Hon<sup>ble</sup> Comp<sup>as</sup> express order, but his being Customer was not so possitive, the question was therefore putt whether he ought to continue in the Sea Customes or be removed to the charge of the Warehouse as accustomed in such cases, and by m[a]jority of Votes, he was determined to the Employ of the Warehouse, which he was appointed to, to take the charge of from M<sup>r</sup> Littleton.

The next proposall was whether the Paymaster or the Sea Customer had the Precedency, M<sup>r</sup> Johu Cheney being next of Degree to the Warehousekeep<sup>r</sup> according to His station was appointed Paymast<sup>r</sup> or Purser Marine according to those stated Rules, and orderd to receive the books and Acc<sup>ts</sup> from M<sup>r</sup> Thomas Gray.

M<sup>r</sup> William Fraser being next in succession he is therefore orderd Sea Customer and to receive that charge from M<sup>r</sup> Thomas Wavell.

The Emplay of the Storekeep<sup>r</sup> being the next place, is appointed to M<sup>r</sup> William Cawley, who is orderd to receive the remaines and accounts of M<sup>r</sup> William Fraser late Storekeeper, and also to look after the fitting manning and expences of the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Ships and Vessells.

M<sup>r</sup> Thomas Gray being last of Council is appointed to the Land Customes, which buisness being small tis thought fitt, that he doe take charge of the Mint, for the present, as also to continue his former Emplay of Register of the Insurance office, according to the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> orders.

The Saphir friggot being arrived well fitted from Tonqueen, the President proposed the sending her, immediately for England to give the Hon<sup>ble</sup> Comp<sup>a</sup> An Acc<sup>t</sup> of the returne of their Shipping from Bengall and the late manngement of affaires there, that the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> might give what orders they Judge most requisite in these weighty buisness to their Honours and Nation, but adviseing more particularly with the Command<sup>rs</sup> about the season for Passage, Tis their opinion, that the Ship now sent for England, must winter at the Maroushes, soe that the Williamson may be as soon home from the West Coast as any sent hence. The selling of most of the Comp<sup>as</sup> Vessells, and Sloops was also proposed to cease the useles charge they are at, but not knowing what orders their Hon<sup>rs</sup> may suddainly send us about the prosecuting the Warr or settling those ffactoryes upon the best tearmes wee can, either of which cannot be manng'd without those Vessells, Tis therefore held best to keep y<sup>m</sup> in their Hon<sup>rs</sup> Service and to fitt and employ them y<sup>e</sup> best way we cann till further orders.

Proposed ye sending ye Saphir friggot for England with advices.

Proposed ye selling most of ye Honble Compas Vessells.

Debated of

ye Defence.

Wee haveing advices from the Southern and Vizagapatam Factories that their buisness is greatly impeded, and their Merch<sup>ts</sup> are so far from undertaking a new contract, y<sup>t</sup> they almost despair of concluding y<sup>e</sup> old in some months, and our Merch<sup>ts</sup> here also being much discourag'd by the warrs, troubles and obstructions in y<sup>e</sup> Countrey, the weavers & other necessary labourers being by the armies of the Mogull and Savagee encampt about us dayly so rob'd and plunderd that they will not be perswaded yet to undertake a new Contract, w<sup>ch</sup> makes us doubtfull of dispatching the new Defence an early Ship home for England as we design'd, T'was therefore proposd and taken into consideration how to dispose her upon a Voyage, y<sup>t</sup> may compensate her great charge of Demorage, there being but two that appears w<sup>th</sup> any probable advantage, The S<sup>t</sup> is to the West Coast, where we have already sent two Vessells the Dorothy & Bencolen to returne hither with pepper & design'd 2 more Viz: the Williamson & Resolution, to be laden from thence for England with Pepper, the other to be employd upon this Coast for graine which being now much cheaper then formerly twill scarcely be worth her time, T'was therefore proposd to send her to China to be laden thence with Sugar, Tutenague &c<sup>s</sup> for Persia, which we calculate may amount to about Twelve thousand Pounds, which wee were also encouraged to, by our Laveing soe great a quantity of Silver by us, which we cannot Invest nor well dispose of, and though this designe is for many other reasons concluded the best and most advantageous for her, and the Hon<sup>ble</sup> Company, yet there arrises a great and almost an indispensible objection against it, which is their Hon<sup>rs</sup> letter of the 25<sup>th</sup> September by the Princess of Denmark, wherein they expressly forbid us sending any their Stock to China or Tunqueen upon any pretence whatever, which being a matter of great consequence, and scruple to act contrary to order, T'was therefore deferr'd to further consideration, whether in such cases of necessity wee might adventure upon it.

The news received yesterday by a Porteguez Shipp from Goa, that Bombay continues so resolute a defence against their Enimies to the distruction of a considerable number and the rest retyre and offer a cessation of armes, but this being no later news then we rec<sup>d</sup> from Callicut we suppose it the same and makes little alteration in our debate about the Defences going to China, but this day receiving news from Pullicherry by a french Ship lately arrived there from France, that there is great Probability of a warr betwixt England and Holland and that the Dutch had taken two of our Shippes in Europe, which makes the Defence's Voyage more doubtfull and dangerous then formerly she being to Pass the Forces of Mallacca, but there being no advyce or certaine news by any of our letters, wee deferr our resolutions till Munday next, however the Captaine is orderd to gett his ship in a readyness for saileing, which he has promised to do in six days time, for which the boats and all other assistance is orderd him.

Since the sad newes from Bombay and the french reports of a warr with Holland, both which may bring this place into great danger or necessity severall of the Councill were dissatisfied at the defence's proceeding for China, and many of the subscribers to that Voyage recalling their subscriptions, which has occasion'd severall debates on that affair, but the lateness of the season requireing our resolutions therein, and it being a buisness of great consequence, to alter our res[ol]ves we had advised the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup>: off, the President therefore after duely stateing and representing the matter in all its Circumstances, proposed and desired for the fairer and fuller dicission and satisfaction therein, that the Councill being now all mett would severally give in their opinions and reasons about the Shipp's proceedings to China or not, which each person drew up and deliverd the Secretary as followeth Viz<sup>t</sup>.

I am apprehensive of noe suddaine danger that threatens this Place or the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> concernes having hitherto a freindly correspondence with the Government, besides we cannot be long without ships either from Europe, Persia, Surrat or the West Coast and therefore noe necessity of keeping the Defence here for a gaurd. It may also be a great disappointment to the Hon<sup>ble</sup> Comp<sup>a</sup> that alter her Voyage, after we have advised them of it, Tis therefore my opinion that she goe to China as designed, which will employ her time and stock, to compensate the charge of her demorage.

The President

opinion &

about ye

ship defence.

ELIHU YALE.

The reason why I am not for Cap<sup>t</sup> Heaths going for China is Viz<sup>t</sup> Bombay being under great troubles that in all probability, it cannot long withstand y<sup>e</sup> Enemy therefore it is necessary that one Europe Shipp bee in this road to secure the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Estate.

THOMAS WAVELL.

For the Ship Defence's goeing for China, I think it very requisite, for that advice is given by the Williamson to the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> which cannot be recalled, and for my own part having subscribed to near  $\frac{1}{4}$  part of the stock design'd upon said Shipp, in case the Hon<sup>ble</sup> Company disapprove thereof, and accordingly have orderd Insurances to be made in England, also doe beleive, the said ship to be little serviceable upon the Coast.

WILLIAM HEATH.

If the affaires at Bombay proves unsuccessfull the ships that are there, will certainly retire to the Fort, so by their comeing, to our assistance, The Defence it is my opinion may be spared, to proceed on her Voyage to China.

JOS: HADDOCK.

That she stay here untill hear from Bombay and not goe for China my reasons are.

1: The probability of Lost Bombay, the Megull threatning it and us, and having made a great breach in the walls. 2<sup>ly</sup> The probability of a warr w<sup>th</sup> Holland and not unlikely a civill warr, which may hinder Shipp's comeing out. 3<sup>ly</sup>

[26TH]

—FORT ST. GEORGE, MAY 1689—

No Ships of force or countenance to secure the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Estate and their servants in case should be forced off as undoubtedly shall, If God divert it not by the Mogulls death. 4<sup>y</sup> that o<sup>r</sup> ships here are but weak & small, if occasion should force us to retire on board. 5<sup>y</sup> y<sup>e</sup> if it be judged so necessary to send her then to keep the Resolution for the satisfaction of the Inhabitants & security of the Comp<sup>as</sup> estate &c<sup>a</sup>.

JN<sup>o</sup> CHENEY.

The Consideration of the great danger & many troubles under which the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> Labour under, as appears by late advices from Bombay & seems yet to be worse. 2<sup>y</sup> If there is (as already beleived) a breach w<sup>th</sup> Holland. 3<sup>y</sup> It is not unlikely, but the advices from the Hon<sup>ble</sup> Comp<sup>a</sup> by the first ship now daily expected may enorder us to continue and prosecute the warr Vigorously against the Mogull, and that the Conduct thereof be committed and continued in the Person of Cap<sup>t</sup> Heath: 4<sup>y</sup> The Mogulls lying not farr off us, threatning suddainly to assault this place & seeing we ought to prefer the keeping and maintaining of the Comp<sup>as</sup> Estate and ffactories with all the forces we can<sup>r</sup> by sea & land for these reasons & what more might be said, I incline and my opinion is that the Defence goe not to China, unless the Resolution stay here in the road, there being no other to goe for England next August or September if Peace in Europe.

WILLIAM FRASER.

I am not of the opinion that the Defence should goe for China and Persia for the following reasons viz. the likew<sup>d</sup> of a warr w<sup>th</sup> Holland, and the dangerous Condition Bombay is in and the orders the Mogull hath sent to Surratt to prosecute the warr against us in every part for to turne us quite out of his Dominions, soe consequent we must suddainly expect to be beseiged here, wherefore its of absolute necessity to keep a gaurd ship here for to ship off the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Estate, to preserve it, as likewise their servants, in case we are beaten out of the Fort, its but what the Generall observed to keep all the ships by him at Surrat, Bombay, for security and Defence.

WILLIAM CAWLEY.

The Defence to goe for China there being the prospect of an advantagious Voyage for the Company, and in my opinion noe necessity for her stay here, since in all Probability we may expect a ship or two suddainly from Europe or some other Part before any danger and her demorage too great for her keeping upon a frivolous Slight Pretence.

THO: GRAY.

Where the Majority of Voates being for her stay here, to secure the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> estate from the dangers may be expected. The Cap<sup>t</sup> was accordingly orderd to desist his preparation for the China Voyage & to continue his ship here till further order.

## — FORT ST. GEORGE, JULY 1689 —

Being assured by the late News from Europe of a Peace with Holland, and advices from Goa acquainting us y<sup>t</sup> Bombay Castle was in a better Condition then formerly and that by their late success against the Sidy's forces they were forced to retire to the utmost Parts of the Island, sending treatyes of Peace and accomodation which is beleived will come to an Agreement, so that we are not in that Danger, wee were before apprehensive of, and therefore offering noe better employment for the Defence then the sending her to China, also haveing much silver return'd from Bengall, which wee cannot dispose, It's agreed that the severall Commanders Masters, and Pylotts be consulted about the season of Voyaging to China, which if tis their opinion that tis attainable without a Probable danger or difficulty, that then the Defence doe proceed with all expedition to China to lade Sugars Tutenague &c<sup>a</sup> for Persia.

Amongst the news Papers rec<sup>d</sup> from Persia was sent us cobby of the Hon<sup>ble</sup> Governours &c<sup>a</sup> agreement with some Armenian Merchants in England about Inhabiting and trading at the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>ss</sup> severall settlements of Bombay, Madrass &c<sup>a</sup> as also to freight upon their Shippes, according to the Conditions therein specified, which probably may be now of greater benefit to the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> then hereafter, by helping to lade the great Tonnage we are charg'd with and little Possability of procureing goods for half of it, in these Parts, The Goods therefore sent for Sen<sup>r</sup> Gregorio and some others of the cheifest of the Armenian Merch [c] and acquainted them of the favourable agreement the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> had made with their nation for their settlement and trade, and severall kind Priviledges under their Governments, which they seem'd greatly satisfied and pleased with, desireing a translate thereof to communicate to their freinds at Bengall &c<sup>a</sup> and to invite them hither, which is accordingly orderd to be given, with all other due encouragements so great and advantagious a designe requires.

The Persons we sent to survey the Dyamond friggot report that she is much out of repair and in a very leaky Condition, whereupon we had thoughts of sending her to Vizagapatam to fitt there, but late advices thence tells us, that Planks and other materialls are so scarce and dear there, that they cannot gett sufficient to repair those Shippes already sent them, and there being noe other convenient place left us for that service on this Coast, Tis agreed and orderd that she be dispatch<sup>t</sup> for Pegue with what can be procured on freight and that we send something on the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> Acc<sup>t</sup> for the charge of her repair, and lade her back with salt provisions, Sticklack, Timbers, Mortivans, Graine &c<sup>s</sup> Commodities proper for the supply of y<sup>e</sup> Garrison for which to send 1000 Pag<sup>s</sup> in Silver, broad cloth fine, and Ordinary Perpetuanoes, one Chest Rose water, &c<sup>s</sup>: and to be consigned to the Master and one writer we shall send upon her, and to be reco<sup>m</sup>ended to the care and assistance of M<sup>r</sup> Thom<sup>s</sup> Makrith and Cap<sup>t</sup> Thomas Lacy who also are designed thither upon their own Acc<sup>ts</sup> and the reason of our sending for Provisions is, their being so very scarce and dear here as also for store for this garrison against a seige, but if noe occasion that way then to dispose it to the Shipping or send it to Bombay.

protest.

Whereas the Ship Resolution was by a Charterparty bearing date the 2<sup>d</sup> of March 1687<sup>z</sup> lett out by S<sup>r</sup> Josiah Child Joseph Herne & W<sup>m</sup> Sharp Commander of the said ship, in the behalf of the rest of the Owners to serve the R<sup>t</sup> Hon<sup>ble</sup> East India Company in trade and Warrfaire in a Voyage to the East Indies, and to remaine in their service twenty four months after the 20<sup>th</sup> Jan<sup>y</sup> 1687<sup>z</sup> and to saile directly for England whether laden or empty, as by said Charterparty doth more plainly appear, and in pursuance of which agreement, the said ship did according to the said R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> orders sail out of the downes the 25<sup>th</sup> April 1687: and arrived in Madrass road the 15<sup>th</sup> October following and hath ever since followed all such orders as have received from the Hon<sup>ble</sup> President Agent or Chief, and haveing now received a dispatch to saile from hence to Bencolen, and Batavia to take in the Royall Jame's Cargo and in case of its not being delivered to returne to Bencolen or Madrass againe, which Voyage cannot be  $\Psi$ formed, according to the opinion of the most experienced Pylots, within the time limited in Charterparty, the Ship Mary being five months on her Passage the last year from thence thither, and it [is] also the opinion of severall of the Council, that the said Cargo will not be deliverd by the dutch, till they have orders for the same from Europe, they grounding their opinions upon the dutch advices and also on the information given by severall of the Royall Jame's men lately arrived here, and haveing severall times demanded a laden of Bales and also petitiond for Salt Peter to carry it home at 11 £  $\Psi$  Tonn which not being complied with & I being obliged by Charterparty to proceed for England, after expiration of the time aforementioned, whether laden or not first haveing made legall demands, thirty dayes before, in Consideration of this and the fatall consequences of the Royall James by her longer then ordinary staying in these parts and the news of the Nathaniels being put into the Cape in great distress, give me just reason not to stay any longer in y<sup>e</sup> Countrey then the time limited by Charterparty aforesaid, and there being noe Chief at Batavia and probably I may be at Sea not laden when the said time is expired, do therefore in y<sup>e</sup> behalf of the owners of the said ship Resolution protest against the Hon<sup>ble</sup> Elihu Yale President, and Council for want of Laden and I do actually declare and protest against the Hon<sup>ble</sup> Elihu Yale & c<sup>a</sup> Council and Governour & Company of Merchants of London tradeing to the East Indies Jointly and Severally and do lay to their charge all such damages that may acrow and Losses that may be sustained to the said owners for want of Laden and by going home empty at the experation of our Limited time.

By Severall Englishmen Your Excell<sup>ty</sup> &c<sup>a</sup> were pleased lately to send us on your Ship from Batavia to Pollicat, we are informed that our R<sup>t</sup> Hon<sup>ble</sup> Masters Ship the Royall James, laden and dispatch't by their Governour and Council in York Fort at Bencolen the [*lacuna in original.*] of November 1689, was by the distress of an accidentall leak for it into the Port of Bantam for releif, and from thence by Your Excell<sup>ty</sup> Commands brought into Your Port of Batavia, where for want of money necessarys and Credit to repair her and maintaine themselves, they were necessitated to make sale of the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Ship for eleven hundred Rix Dollers.

But that Your Excell<sup>ty</sup> &c<sup>a</sup> was favourably pleas'd to permitt the unladeing, and houseing the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> pepper, and to order three English of the Ships Company to stay to take care thereof, w<sup>ch</sup> kind favour we most thankfully acknowledge, and doubt not our R<sup>t</sup> Hon<sup>ble</sup> Company will esteem it so to, but that neither the said pepper nor our People may be longer troublesome to Your Excell<sup>ty</sup> &c<sup>a</sup> we herewith send another of the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> Ships the Resolution, Cap<sup>t</sup> William Sharp Command<sup>r</sup> or his Successors to receive and relade the said pepper for England and to satisfie and clear all charges thereon, wherein we entreat Your Excell<sup>ty</sup> continu'd kindness, and y<sup>t</sup> you will please to order such necessarye Assistance as may expedite her dispatch for England, which kindness will undoubtedly be greatly est[e]em'd by our Hon<sup>ble</sup> Comp<sup>as</sup> approved by your and Commended by both our nations, whose strict allyance, must oblige us to all acts of freindship & hospitallity, & more particularly to misfortunes of this nature, which we cannot doubt from so wise Just & generous an Assembly To whom we wish all honour and prosperity, Subscribing,

and consigned to them in England from s<sup>d</sup> Port the 19<sup>th</sup> November 1688 : but soon after by springing an unfortunate leak, which they could by noe means remedy or clear at Sea, were forced to make the best of their way to the King of Bantam his Port of Bantam for releif, that being the nearest and fittest place for it, but soon after their arrivall there and before they had done anything towards the stopping of their leak, they were by Your Excell<sup>ty</sup> & c<sup>a</sup> Command brought thence to Your Port of Batavia, where having waited and petitioned long for Your Excell<sup>ty</sup> & c<sup>a</sup> favourable assistance to their distrest condition, without the least releif or notice of their misfortunes, they were for want of money necessaryes and Credit, to repair her or maintaine themselves, necessitated to make an illegall sale of the said Royall James for eleven hundred Rix Dollers, which about five years past, cost near fifteen thousand pounds sterling of England or 60,000 rix dollers a bad markt for English ships and a sadd Acc<sup>t</sup> for her owners, which small proceed of Ship and Stores, the unauthorized Venders unjustly distributed among<sup>s</sup>t themselves, and it seems spent it, idly at Batavia, returning much poorer hither without their Ship y<sup>n</sup> they went with it ;

And whereas Your Excell<sup>ty</sup> were pleased to Permitt the unladeing and housing the said Cargo of Pepper upon the Island Onrust, giving y<sup>e</sup> charge & keeping to three Englishmen Viz. John Buttle Thomas Faircloth and George Carmack, belonging to said ship, who duely paid the charge of its housing, Upon notice whereof Wee the President and Council of Fort S<sup>t</sup> George for Acc<sup>t</sup> of the R<sup>t</sup> Hon<sup>ble</sup> English East India Comp<sup>y</sup> according to our duties have sent Cap<sup>t</sup> William Sharp or his Successor, Commander of the R<sup>t</sup> Hon<sup>ble</sup> : Comp<sup>ys</sup> Ship Resolution to receive and lade the said pepper aboard Her for England, but Your Excell<sup>ty</sup> & c<sup>a</sup> having contrary to all reason and Justice refused the delivery thereof on pretence of demands upon our R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>y</sup> from the King of Bantam, which have not least collour or Shaddow of right in them, Since Your Excell<sup>ty</sup> and Hon<sup>ble</sup> Council well know how much our R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>y</sup> sufferd and lost in goods debts and trade, by their being unjustly dispossesed of their factory & rightful possession in Bantam, tho they had been the raising and enriching of that King and Kingdome, besides the King of Bantams particular great debt to them which still remains due as  $\text{P}^{\text{r}}$  Acc<sup>t</sup>, and had it been otherwise, can it be beleived or supposed, but that King would have satisfied himself out of y<sup>e</sup> treasure and goods he deliverd to the English at their departure from thence to Batavia, but this and that action being sufficiently known both in India and Europe, it needs no further arguments to confute its being a reason for Your Excell<sup>ty</sup> & c<sup>a</sup> detaining the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>y</sup> Pepper unhappily fallen under your mercy, nor any other reason that wee can imagine so long as our nations continue their peace & alliance and their Articles are of any Vallidity with You, w<sup>ch</sup> makes the action so illegall and unjust, that we are bound in duty to declare it so, and hereby to complain and appeale to the Lawes of England and Holland for Justice herein, And do also in the name & behalf of our R<sup>t</sup> Hon<sup>ble</sup> Masters the R<sup>t</sup> Hon<sup>ble</sup> East India Company, Protest and declare against You the Generall and Hon<sup>ble</sup> Council of Batavia, for the R<sup>t</sup> Hon<sup>ble</sup> Neatherlands East India Comp<sup>y</sup> Jointly and Severall in the Summe of one hundred thousand pounds Ster<sup>l</sup> of England for this unwarrantable Act of Yours the Heer Johannes Camphuys, the Heer William Van Outhoren, the Heer Martin Pitt, the Heer Jon Van Hooren, the Heer Pawve, the Heer S<sup>t</sup> Martin, The Heer Van Beveren, the Heer Volkonier, the Heer Eninge, for your Joint or Severall detention of the said Two thousand Seventy two baharrs & three hundred and forty pounds of round Pepper belonging to the R<sup>t</sup> Hon<sup>ble</sup> English East India Comp<sup>y</sup> of London, for all damages disappointments & losses they shall or may sustein thereby, as also for the demorage and dead freight for want of that ladeing of Pepper for their Ship Resolution and likewise in behalf of the owners of Ship Royall James for your ordering or permitting her illegal sale or distruction under your authority and Government, all which by a reasonable calculation amounts to about the said Summe of one hundred thousand pounds Sterling, which we hereby charge You the Generall and every of You of Council with, as you shall

Agent Charnock &c<sup>a</sup> being this day Joyned with us in Council, the Nabobs letters and Phyrwana from Bengall to the President were perused and long debated on and being concluded to be a happy good oppertunity to returne and settle in Bengall, that Government being under that famously just and good Nabob Ebrahim Cawne, who has so kindly invited us to it, and faithfully engaged our peace and safety, of whose honour the Agent has had long experience at Pattana and of his just and peaceable administration of that Government, and that

— FORT ST. GEORGE, OCTOBER 1689 —

there was not the least doubt of his compliyance therewith, but the warr continuing still at Bombay and in those parts, as also the late unhappy accident of the Mogulls seizing the Metchlepatam Maddapollam and Vizagapatam factorys and the severall English and concerns there, gives us great reason to beleive, there was too much truth in what Dutch reported, the Monsoon also not yet offering for the bay, and the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> haveing also more particularly left that Affair & Settlement to the Generall &c<sup>a</sup>: Tis agreed that he be advised as soon as possibly thereof and Coppies of the Phyrwana and severall letters sent him with our opinions thereof, Desireing his &<sup>ts</sup> advice and orders therein, and that a small Vessell be fitted for that purpose the overland passage being very uncertaine and dangerous (But these late troubles at Vizagapatam happening contrary to expectation and threatning this place also so that we cannot send those supplies of men &c<sup>a</sup>, we intended for Boubay, which we suppose also they have no great occasion for, The Generall not acquainting us therewith) that wee may have an answer thereof before the season offers for Bengall and that in the meantime a civill kind letter be wrote to the Nabobs generous Phyrwana as also Coppy thereof and a letter of advice to M<sup>r</sup> Eyres &c<sup>a</sup> there, for their discreet department and to acquaint the Nabob that wee intend to returne as soon as the season of the year will permitt,

There being a Bond standing out against the deceased Cap<sup>t</sup> Edward English, which was taken by the Agent and Councill of Bengall on Acc<sup>t</sup> of Armes & ammunition sold by him to the R<sup>t</sup> Hon<sup>ble</sup> Company which after the Warr was declared against the King of Syam, the Agent &<sup>a</sup> suspected that those Armes did belong to that King and therefore to be a legal prize, so took Cap<sup>t</sup> English's Bond for 2,000 Rup<sup>a</sup> being the amount, of said Armes, sold Long before the Proclamation of the Warr, Referring y<sup>e</sup> matter to the Coart of Admiralty here, which said buisness being accordingly examined by them, but not ended before the death of S<sup>r</sup> John Biggs the widdow of said Cap<sup>t</sup> Edward English desireing the Councill to Consider and end the s<sup>d</sup> buisness we have upon serious debates and enquirey of the Agent &<sup>a</sup> into said Affair, found that by Cap<sup>t</sup> English's Acc<sup>ts</sup> sworn to in Coart the 7<sup>th</sup> of October 88: that the said armes did not belong to the King of Syam but to himself, It is therefore thought reason and Justice that the said Bond be cancell'd and that Cap<sup>t</sup> English's widdow be discharged from all future demands on said Acc<sup>t</sup>.

General to the Cheif and Councill of Conimere of this date, advising them that the Pullicherry Merchant's tearnes, for an Investment are too preceise considering the strickt limitts wee are under about the provision of fine goods, but rather then break with them we may adventure upon a small Compliance, as also ordering them to treat with the Cuddalore Merchants about an Investment in Course goods, and that they sort noe more Browne Longcloth No. 1, it being too thin and Course for y<sup>e</sup> Europe Vend.

Generalls from Agent Harris &c<sup>a</sup> at Surratt dated the 27 July and 2<sup>d</sup> August last, advising of their unhappy imprisonment still, and that the treaty interchangeably signed and agreed to by the Generall and the Mogulls Nabob, was perfidiously broaken and was very near ketching the Generall, who had upon timely advice put himself in a posture of Defence. The Nabob by some ill advice had resolv'd to have the sole management and Credit in the takeing of Bombay Castle, and would hearken to no tearmes of peace, but in his prosecution was interposed by the Generall, Padrees &c<sup>a</sup> Portegueze at Daman, and brought the Nabob to a treaty with the Generall, w<sup>t</sup> the event of it may be they knew not. Also advising of the Kempthorne & Dyana [s] arrivall at Bombay with good recruit of men and ammunition, and confirming the death of President Michell and severall other Gentlemen. M <sup>r</sup> JOHN CHENEY	M <sup>r</sup> WILL <sup>m</sup> FRASER
M <sup>r</sup> WILL <sup>m</sup> CAWLEY	M <sup>r</sup> THOM <sup>s</sup> GRAY.

The President having been sometime ill of a feavour has been the occasion of our not meeting till now, hee being a little recoverd, read his acc<sup>t</sup> Cash for the month of October the Ballance examined am<sup>t</sup> . . . P: 82987: 07 :—

The Ship Chandos arriveing the 5<sup>th</sup> Instant the Generall Letters & c<sup>a</sup> Papers were perused and according to order the Proclamation sent us, King William & Queen Mary were Proclaimed King and Queen of England, with all due solemnities and formalities of the Government and Corporation w<sup>th</sup> Bonfyres and the Fort Canons with all other necessary demonstrations of respects and Honour to so great news.

M<sup>r</sup> Thomas Wavell Warehousekeeper was orderd to unlade the Chandos with all possible expedition, y<sup>t</sup> she might be in a readiness to be employed on some short Voyage to compensate her Demorage, twas also Consider'd which way to send the Hon<sup>ble</sup> Companies packett & c<sup>a</sup> to Bombay, the Land conveyance being at present very unsafe by reason of the Warrs and many troubles the Countrey is infested with, Twas therefore agreed the securest way to send them by sea, and rather to waite some time for such an opportunity then to hazard them overland, and if noe vessell suddainly offers for those parts, then to send them to Bombay on one of our small Sloops as soon as fitted.

The Hon<sup>ble</sup> Comp<sup>as</sup> Merchants being very slow and backward in bringing us their goods upon the last Contract, & having been often prest and reprehended for their delays, who as often excuse themselves upon the troubles and warrs in the countrey, which have been and are very prejudiciall to their trade, haveing suffered much thereby, declaring they could proceed no further neither upon the old Contract nor a new one, except we would engage for the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> to Indemnifye them from all Losses and robberyes they should susteine thereby, which wee told them was not in our power to agree to, being also very unreason.

## —FORT ST. GEORGE, NOVEMBER 1689—

[14th]

able in itself, since if we should make such a contract, all the Hon<sup>ble</sup> Comp<sup>ss</sup> stock might come to nothing, by magnifying their Losses, but tho we could not comply therewith; yet we would for their encouragement and towards their charge and hazzard, advance 5  $\Psi$  Cent on the present prices, but they would by noe means agree to that neither, since the french and Dutch advancet 10  $\Psi$  Cent upon the former prices of their goods, most of which were fine cloth, but ours Course, by which they at best got little, they also would not receed from their proposall of the Comp<sup>ss</sup> running the hazzard of their trade alledging it to be most reasonable since their troubles and losses were chiefly occasioned by the Comp<sup>ss</sup> warr, so being not able to bring them to better tearmes yet, Wee dismiss them to better Considerations.

Tho our former Proposals for alterations in the Mint and coynes, be of great consequence and advantage to the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>s</sup> and more particularly to our Southern trade and factoryes, where the difference is from 2 to 5  $\Psi$  Cent, which in reality is but five fanams in the hundred Pagodas betwixt our and the Pollicatt Pagodas both in weight & fineness, but we haveing mett with some obstructions by the Perversness of the Minters, who are extreemly averst thereto, in so much that they fled from their buisness and the towne into the Countrey, where they have absented themselves some time, therefore for severall reasons Twas thought best to recall them for the present and not yet make any further progress or alteration therein, Till we have a greater quantity of Gold to beginn upon, and the times better settled, least this also may add to our troubles too.

M<sup>r</sup> Robert Chiswell lately arriveing here from Bencolen upon the Bencolen friggot, and haveing upon Permission of the Cheif &c<sup>e</sup> there brought some Pepper, but being not well acquainted with the Methods and rules of our Custome house, though he had desired to be enformed therein from some of tha[t] Councill, but in the mean time haveing Landed his pepper in the Custome house before enter'd, twas offer[d] by the Customer whether twas a lawful Seizure or not, but the former Customer, declaring that it was accustomed here in such cases to permitt a Post entry, Twas therefore thought just and agreed that the said Pepper be freed and delivered to the Proprietors, after Paying the stated duties of half penny a pound Permissi<sup>o</sup>: and 5  $\Psi$  Cent Custome with the usuall fees to the Custom<sup>r</sup> and freight.

The Corrall Merchants comeing to town about the Hon<sup>ble</sup> Comp<sup>ss</sup> Corrall, who haveing seen & examined all in the warehouse they came to treat about y<sup>e</sup> prices which was given them with little advance upon the former Rates Viz<sup>t</sup> 230 Pag<sup>s</sup>  $\Psi$  maund for the branch Corrall in box : 110 : for the Second sort and 90 for the other, which after some dayes consideration thereupon they bring in the prizes being the uttmost they can give, Viz<sup>t</sup> first sort, Pag<sup>s</sup> 150  $\Psi$  maund, 2<sup>d</sup> sort Pag<sup>s</sup> 145 : for the branch Corrall in box, for the second sort, 55 : & P : 52 : and for the third 40 & 25 Pag<sup>s</sup>  $\Psi$  m<sup>d</sup> : which being lower then ever we yet sold for, and less then their Invoice Cost, wee can by noe means dispose thereof at those rates, but leave it to further considerations or keep it for better marketts.

The President proposed to the Councill the settling of a Factory near Tutecarry, which we were lately encouraged to by an Invitation and hopes of procuréing great quantities of Pepper also to send two persons to reside at Trincambar to buy what goods they could, proper for Europe also graine &c<sup>s</sup> for stores for the Garrison, when there should be occasion, and some other Factory to the southward for the procurery of course goods, and employing the Hon<sup>ble</sup> Companies Stock, which we have little hopes to doe here or at Conimere or to the Northw<sup>d</sup>.

M<sup>r</sup> John Gray lately of this place dying att Maddapollam intestate, who being indebted to the R<sup>t</sup> Hon<sup>ble</sup> Company and severall of this place, and that there may be a due care of the collection of His Estate and paying all Persons in proportion as far as twill reach, Wee therefore appoint and order : M<sup>r</sup> William Fraser and M<sup>r</sup> Thomas Mackreeth his Freinds and Countrey men, they being willing to undertake the trouble of an Administration, provided that they are accountable for noe more then they receive which Wee do hereby approve of, ordering the Mayors

[14TH]

— FORT ST. GEORGE, NOVEMBER 1689 —

Coart to impower them therein, as well also doe hereby to receive make sale, dispose account, pay sue, and discharge all Persons and Concernes whatever that shall be found due to or from said John Gray requiring all persons to pay due Submission thereto, and M<sup>r</sup> John Littleton is orderd to draw up his Acc<sup>ts</sup> with the R<sup>t</sup> Hon<sup>ble</sup> Company and deliver it to them.

Wee having certaine advice that Rama Rajah King of the Morattas is come privately from His Kingdome of Punnarree, to the Chingye Countrey leaving his Uncle in charge of the Kingdome and family to manage the Warr against the Mogull, his designe of comeing hither being reported to divert the Mogulls Army from thence and joine with the severall Gentue Naigues & raise a considerable army to retake the Golconda & Vizapore Kingdomes, w<sup>ch</sup> there is great probability of, both places being at present very weakly gaurded & we having had severall factorys under the Chingee Governmen<sup>t</sup> where he now is, 'twas proposed & debated whether twas not absolute necessary to congratulate his arrivall & some suitable present be sent to see great a Prince and freind, he haveing lately been very kind and assisting to the Generall at Bombay in their troubles, and very just and favourable to our factoryes and trade under his Government in these parts, but considering that our appearance from hence may exasperate the Mogulls forces ag<sup>st</sup> us, twas therefore thought more safe and prudent, y<sup>t</sup> such civillities be paid & managed by our Cheif at Conimere who are directly under his Government, & therefore can be less resented, but y<sup>t</sup> they do first observe w<sup>t</sup> the french & dutch do therein, something following their methods both in respects and presents, & that we take the oppertunity to improve our priveledges in those parts.

The Paymaster and Storekeeper are againe order'd to bring in Materialls and fortifye the Garrison, our troubles appearing, nearer to us then formerly, five thousand of the Mogulls horses being reported to be upon the march this way.

The Coart of Aldermen (since the Vacation of the Coart of Admiralty) being prest with more buisness then usuall, whereby the buisness of the Chowltrey has been long neglected to the dissatisfaction of the Inhabitants, for whose content, and greater ease to the Coart of Aldermen, M<sup>r</sup> John Cheney, M<sup>r</sup> Cawley and M<sup>r</sup> Gray are appointed Justices of the Chowltry to sett there duely twice a week to hear and decide all small differences and prepare and recommend buisness of greater moment to the Coart of Aldermen, w<sup>ch</sup> being a place of much trouble M<sup>r</sup> John Cheney is therefore excused and discharged from being of the Coart of Aldermen, he paying the stated fine of the Charter, it being his earnest desire and request.

Cap<sup>t</sup> Barwick Gunner of the Outworks lately deceasing, whereby that place is Vacant and haveing no fitting person here at present that will undertake it; but M<sup>r</sup> Thom<sup>s</sup> Makreeth haveing some skill in Fortification and Gunnery, and there being little other buisness at present for him, he is orderd provisionall Surveyor and to direct and inspect w<sup>t</sup> Bullwarks and fortifications are orderd to be erected & repaired and M<sup>r</sup> Wright assistant to the Paymaster to look strictly after the workmen, coolyes & materialls, y<sup>t</sup> the Comp<sup>a</sup> be not wrong'd therein, and 'tis orderd y<sup>t</sup> M<sup>r</sup> Makreeth be allow'd the charge he is at in Pallinqueen hyre for vissitting the works.

Letter to [*Lacuna in the original*] Seerlascar of the Gingerlee Countrey, 15.  
 requiring the reasons of the Barbarous murther committed on the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup>

 their concernes, without giving the least occasion of offence. Demanding full  
 satisfaction for all the injuries done them; and the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> concernes,  
 to be freely deliver'd up, and those under confinement, restored to their Liberties,  
 which if they refuse to do, then to endeavour to take it, telling him that he  
 neither wants force or powder to do it.

Ship Ruby, Cap<sup>t</sup> Henry Laurence Commander belonging to M<sup>r</sup> Robert 17.  
 Freeman deceased, arrived this day from Syam, Via Atchein and Bengall, where  
 notwithstanding the Nabobs fair promises and encouragements for our returne,  
 and settlement there they were ill treated and denyed trade and provisions. We  
 are also enformed that the R<sup>t</sup> Hon<sup>ble</sup> Company's servants and other English lately  
 freed from their imprisonment there, were again under restraint occasioned by a  
 late order from the Mogull, and y<sup>t</sup> M<sup>r</sup> William Hodges dyed aboard Said Ship in

Genll from the Cheif and Council of Conimere dated the 16<sup>th</sup> Instant, 20.  
 acknowledging the receipt of the 2000 Pag<sup>r</sup> sent them by the Pearle friggott.  
 They advise us they have been upon a treaty with the Cuddalore Merchants for an  
 Investment, who gives for answer that if we will allow a proportionable quantity  
 of fine goods with the Course, and receive them at Cuddalore, they may possibly  
 adventure upon one otherwise they will say noe more to it, and finds that the  
 Pullicherry Merchant[s] are by their indifferences and delayes, upon the like treaty,  
 so referr the matter to the President and Council, only giving their opinion  
 that if there be no alteration in the list of goods required, and allow more fine  
 goods thereon, they are of beleif that there are no Merch<sup>ts</sup> will engage with us for  
 an Investment. Of News they advise us that Cashua Pontulo is the great favorite  
 at Coart and Harja Raja's son under confinem<sup>t</sup> but know not the reasons thereof,  
 The french some dayes past sent up their people to congratulate Rama Raja, the  
 Dutch are likewise preparing to do the same from Negapatam.

 would have likewise served our Merchants so, but that they have obsconded them-

Having now received certaine advice from the Cheif and Council at  
 Conimere, that Rama Rajah King of the Morattaes is come overland from his  
 Kingdome and Army at Punnarree to his Government and Castle at Chingee, and  
 that the French and Dutch have already sent Persons with Considerable presents  
 to congratulate him into the Countrey, each reported to be to the amount of near  
 1400 Pag<sup>a</sup> and it being also expected that we should likewise pay our respects to  
 him in the same nature as well for the favourable assistants done the R<sup>t</sup> Hon<sup>ble</sup>  
 Comp<sup>as</sup> at Bomtay, as also for his protection of our Garrison and trade in his  
 Countrey, and tho he may expect to be visited hence by one of our Council, yet  
 least that should give suspition to the Mogulls Government and Army in these  
 parts and exasperate them against us, w<sup>ch</sup> they seem now more inclined to, from

[4th]

—FORT ST. GEORGE, DECEMBER 1689—

the late news and troubles at Bombay, Wee therefore conclude it more safe and expedient that the Cheif of Conimere with a suitable ritinnue do goe and Vissitt King Rama Rajah at Chingye with a present from thence wherein not much to exceed the amount of Pag<sup>s</sup> 600, since the french circumstances and ours in those parts are different, where they haveing their Cheif residence and settlement in that Government, and lately built a considerable Fort at Pullicherry, The Particulars of our present to be one of the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>a</sup> Persia horses with handsome furniture, three or four peices of Broadcloth Fine and ordinary, Fyre Armes, w<sup>th</sup>: some other rarities, that may be most pleasing & acceptable to Him.

Twas represented to the Councill the great charge of our Garrison at Conimere, haveing a whole Comp<sup>a</sup> of Soldiers in Pay there, and besides Gunners and other officers, which is a very considerable charge, considering the little benefit we have from thence by trade whereupon twas debated whether we should recall those soldiers thence, but in consideration of the threatned troubles to this place, and the supplies we may have in our necessity from thence, Tis resolved to continue y<sup>m</sup> as they are, till the Government, and we have a better understanding and things better settled.

Wee haveing lately made a Company of Granadeers all of English and Europe Soldiers, whose clothing and duty being more hard and chargeable to them then other soldiers, Tis therefore agreed that dureing y<sup>e</sup> present troubles and Scarcity, they be advanced 8 fanams a month each for their maintenance & encouragement, Wee being also enformed that Granadeers in Europe have 4<sup>s</sup> Ψ Meffs: advanced more then other soldiers in Consideration of their more dangerous service, but that this allowance be not a standing rule but to be recalled when we see fitting, and that they be so acquainted therewith.

The Paymaster and Storekeeper were againe reminded of fortifying repaireing and storing the Garrison, and that the Paymaster doe make an agreement with the Bricklayers for a quantity of Bricks at 2500 Ψ Pag<sup>o</sup> and to advance them 300 Pag<sup>o</sup> thereon.

The Storekeeper is order'd to gett a Sloop ready to be dispatch't with our Packetts, and what stores we can spare for Bombay though we have heard noe news from them a great while.

There being severall rich Europe Gold & Silver flowerd Silks, Velvetts and Sattins of the R<sup>t</sup> Hon<sup>ble</sup> Company in the Warehouse brought with the Agent &\* from Bengall, most of which damaged there & lying here decaying, The Warehousekeeper is orderd to expose them to sale at a publick outcry to prevent their further dammage.

The Ruby a Countrey Vessell belonging to M<sup>r</sup> Rob<sup>t</sup> freeman deceased, being lately arrived from Syam Via Atchein and Bengall, where notwithstanding y<sup>e</sup> Nabobs late promises and encouragements for our returne and resettlement, it seems they were ill treated and denyed both trade and provisions, and the master enformes us that the English lately freed from Chaines & imprison<sup>m</sup>t were againe under restraint, said to be occasioned by a late order from the Mogull, he being exasperated thereto from the Warrs at Bombay, The Master also advises us that the Pryaman with her Cargo of Pepper was lost on the Braces, unhappily driven thither in her passage from Bencolen hither, also that M<sup>r</sup> Hodges decess't aboard the Ruby in Ballasore road. M<sup>r</sup> Ju<sup>n</sup> Littleton and M<sup>r</sup> Styleman being his former Attorneys and he dying intestate, at least no Will yet appearing, Tis orderd that they do continue their care of His concernes, and examine his Books and papers for what may relate to or concerne the R<sup>t</sup> Hon<sup>ble</sup> Company, giving us an Acc<sup>t</sup> thereof, Wee haveing been a long time advised that M<sup>r</sup> Hodges had brought overtures of peace from the King of Syam and to accomodate all differences with the R<sup>t</sup> Hon<sup>ble</sup> Company; M<sup>r</sup> John Littleton Accomptant is also orderd to make up the Pearl friggotts Acc<sup>t</sup> of her Mergee Voyage, and to call M<sup>r</sup> John Hill to an acc<sup>t</sup> for the Dollers &c<sup>o</sup> deliverd M<sup>r</sup> Hodges him and Cap<sup>t</sup> Perryman when they went on that expedition.

The severall Summes paid M<sup>r</sup> John Cheney by the President in the time of his sickness amounting to Pag<sup>a</sup> [lacuna in the original.] for the defraying the Garrison charges is approved of by the Councill and Tis now orderd that Pag<sup>a</sup> 2000 be paid him more on said Acc<sup>t</sup>.

M<sup>r</sup> Richard Browne was sent for & acquainted with the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> pleasure concerning his dismission which he humbly submitted to, as also M<sup>r</sup> Dean Sowton the late Dyer in Bengall, and that their Sallaryes and other allowances from the R<sup>t</sup> Hon<sup>ble</sup> Comp<sup>as</sup> were to cease from this time.

There being severall English Soldiers, Pyrates Seamen &c<sup>a</sup> in the Mogulls service and the Neighbouring Camps Tis agreed and orderd that a Generall Invitation & Pardon be sent to recall them hither, least they prove mischivious against us, as also for the strengthening of our Garrison.

There being severall Criminalls in Prison, Tis orderd that a Generall Sessions be held by the Mayor and Coart of Aldermen on Wednesday the 11<sup>th</sup> Instant for their examination and tryall.

There being some of our officers and others lately engaged in quarelling and duelling, which being in itself criminall & of very ill consequence & bad example to our Garrison Soldiers, Tis orderd that the President, Councill with the officers & Command<sup>rs</sup> do meet at the fort hall tomorrow morning to examine and Judge them.
