INTRODUCTORY.

The object of the publication of this brochure is to place a handy volume of 1971 Census data, in the hands of the administrators and planners of the State at the earliest possible opportunity.

This brochure carries eight important tables containing the basic population statistics of 1971 Census relating to the districts of Tamil Nadu.

Table I	.. ..	State/District Primary Census Abstract.
Table II	.. ..	Primary Census Abstract for Cities.
Table III	.. ..	Workers by Industrial categories and non-workers by sex and certain broad age groups.
Table IV-Part A	..	Workers by Industrial categories and non-workers by sex and educational levels in *urban* areas.
Table IV-Part B	..	Workers by Industrial categories and non-workers by sex and educational levels in *rural* areas.
Table V	.. ..	Single year age returns.
Table VI	.. ..	Mother Tongue.
Table VII	.. ..	Religion.
Table VIII	.. ..	Scheduled Castes and Scheduled Tribes—
Part A	..	Scheduled Castes classified by literacy, workers in Industrial categories and non-workers by sex.
Part B	..	Scheduled Tribes classified by literacy, workers in Industrial categories and non-workers by sex.

Table I—State/District Primary Census Abstract :

This table gives information on area, population, literate and educated persons, Scheduled Castes and Scheduled Tribes, workers and its distribution by nine broad Industrial categories and non-workers by sex for the State as well as for districts with break-up data for rural and urban areas.

Table II—Primary Census Abstract for Cities :

As in Table I, the data for each of the Class I towns known as Cities are given in this table. Class I towns refer to such of those towns which have a population of one lakh and above. There are seventeen such cities in Tamil Nadu.

Table III—Workers and non-workers, etc., by broad age groups :

This table presents population data for the State and districts classified by workers and non-workers of both sexes in broad age groups. The data are presented separately for rural and urban areas of the State and districts.

Table IV—Workers and non-workers, etc., by educational levels :

Part A.—This table gives data by sex and Industrial category of workers and non-workers by educational levels. Table IV-A gives data for urban areas of State and each district.

Part B.—Gives similar data for rural areas.

Data for specialised technical education levels are presented for urban areas alone in Table IV-A.

Table V—Single year age returns :

This table gives the single year age data for the population of Tamil Nadu for rural and urban areas. An appendix to this table gives the population by sex for five-year age groups.

Table VI —Mother Tongue :

The distribution of population by mother tongue spoken by the population are given in this table. For the State as a whole, the figures are presented with rural and urban break-up. For the districts, the mother tongue data are presented for all the areas without split up for rural/urban.

The mother tongues are arranged in alphabetical order and sex break-up for the data are also given.

Table VII—Religion :

This table shows the distribution of the population of the State and districts by major religious groups by sex. The religions are arranged in alphabetical order. Rural and urban break-up figures are presented for the State as well as for the districts.

Table VIII —Scheduled Castes and Scheduled Tribes :

Part A.—The Scheduled Caste population of the State and districts are given in this table along with the distribution of workers and non-workers. The workers are again divided into nine broad Industrial categories. The figures are presented for total, rural and urban areas separately. Literate and illiterate figures among Scheduled Castes by sex are also available in this table.

Part B.—Similar to Table VIII—Part A, the distribution of the Scheduled Tribe population counted in 1971 Census are given in this table.

I do hope that the basic data presented in the above tables will be of use to departments of the Government, educationists and research workers alike.

K. CHOCKALINGAM,

Director of Census Operations,
Tamil Nadu and Pondicherry.
