PUBLIC DEPARTMENT.

NOTICE is hereby given, that the 10 per cent Bonds of this Government, of the first Loan 1856-6, and which became payable in the Months of May, June, July and August next, will be discharged at the Genl Treasury as they respectively fall due, after which time all interest will cease.

Published by order of the Right Honorable the Secy to the Govt. G. C. KERLE, Secy to Govt. April 22, 1857. Govt. Gaz.

NOTICE TO THE SUBSCRIBERS

TO THE INDIAN

AND

EUROPEAN MISCELLANY.

THE Right Honorable the Governor in Council having decided that the Civil and Military Lists of this Government, to be published only at the Government Press, the Editor is compelled to inform his Readers that an Appendix, similar to that delivered with the Magazine of last Month, cannot be repeated. From this circumstance, added to intimations from various quarters that the high price of the work is a great bar to its more extensive circulation, the Public are respectfully informed that the Magazine to be delivered the next, and subsequent Months, will be charged only at five Rupees to subscribers instead of ten Rupees.

The Editor would gladly issue it at even a lower price, but from the heavy expense attending the publication, (not that the 1000 Pagodas per month) he cannot at present do so without running a risk of being a loser by the publication, and the other side of the settlement can never require a sacrifice of his time, without his receiving one remuneration. It, however, the proposed reduction in the price should be the means of increasing the subscribers to such a number as will do more of the work than is issued at five Rupees, the Editor will be happy in giving notice to that effect. As a part of the Local Intelligence, taken from the Newspapers, is considered on that account redundant, in future only such parts will be inserted as shall be considered sufficiently interesting to be kept up record.
