MY VISION AND MISSION

"...In Tamil Nadu, we believe in constructive and rapid progress in this area of good governance. Roadblocks if any, will be removed. We are also moving fast, harnessing the power of information technology in creating value added e-governance practices..."

"...Our success in eradicating poverty and improving the standards of living of the people would depend on promoting opportunities, facilitating empowerment, enhancing security and good governance.

What the poor need is an enabling environment that provides them with material opportunities to break free from a life of perpetual destitution..."

"...We are dealing with people here, their fears, voicelessness, vulnerability, hopes and aspirations. Good governance implies reaching out to them and helping them to live their dreams. I am committed to wiping those tears away and bringing smiles to the faces of the poor in Tamil Nadu..."

Hon'ble Chief Minister
Selvi J JAYALALITHAA

HON'BLE CHIEF MINISTER'S IMPORTANT ANNOUNCEMENTS TO FULFIL THE PEOPLE'S NEEDS AND ASPIRATIONS (18.5.2004)

My Government has always been a people's Government responding to their needs and aspirations. Tamil Nadu has had to face economic hardship due to continuous drought over the last 3 years. This situation was made even more difficult as the previous DMK Government left the State in financial ruin. It has been my effort to set right the position while at the same time keeping the welfare of the people always uppermost in my mind. I am hopeful of a good monsoon and a return to normal seasonal conditions in the coming South West Monsoon period.

My Government has and will always be a people's Government responding to their every need. My Government has ensured that the Public Distribution System in Tamil Nadu is the best in the country. This has been duly acknowledged in detailed studies.

Even during the severe drought my Government ensured that rice was distributed without any breakdown through more than 28000 PDS outlets. Despite the severe financial crisis the price of rice has been fixed at Rs.3.50 per kg. which is the lowest in the entire country. During the severe drought last year I ensured the supply of free rice at 30 kgs per family per month from February 2003 to August 2003 to about 10 lakh families of landless agricultural labourers and small farmers. This prevented

any possibility of starvation deaths in Tamil Nadu. **Thus food security as a major priority has already been ensured in Tamil Nadu .**

After a detailed review of the Public Distribution System I have ordered further improvements to the existing system so that the public stand to benefit immensely.

The system of "H" endorsement on Ration cards will be withdrawn with immediate effect. The Ration Card holders with the "H" endorsement can draw commodities to which they were entitled to before getting the "H" endorsement.

The income ceiling of Rs.5000 per month for eligibility to obtain commodities from the Public Distribution System will be done away with.

Several representations have been received from families indicating that they do not have Ration Cards. All such families can apply for new Ration Cards from the 1st of June, 2004 to 30th June, 2004, at the relevant Taluk Office in the Districts and offices of the Assistant Commissioners of Civil Supplies in Chennai. This will be processed immediately and after due verification new cards will be issued.

All existing Ration Cards are valid till 31.12.2004. A detailed schedule for renewing the Ration Cards will be drawn up and announced separately. While renewing the cards a system of separate rice cards including sugar and kerosene, or separate

sugar / kerosene cards, will be introduced. The existing system allows a person who has not opted for a rice card to opt for a Sugar / Kerosene (Sugar or Kerosene) card.

The system of rice coupons will be discontinued from 1st July, 2004. All current rice card holders can continue to get rice through the PDS without rice coupons with effect from 1st July, 2004.

The DMK Government had taken funds under the Accelerated Power Development Programme in 2001 after concurring with the Memorandum of Understanding with the Government of India which required observance of all the principles set out in the Electricity Regulatory Commission's Act of 1998, including metering of consumers, including farm pumpsets and huts and discontinuing free electricity. Accordingly my Government was required to make the Tamil Nadu Electricity Regulatory Commission functional and to ensure metering of all consumers by 31.12.2003. The Tamil Nadu Electricity Board was also required to file a Tariff Application before the Tamil Nadu Electricity Regulatory Commission. This Government had no choice in the matter as the funds had already been received by the previous DMK Government.

Although my Government pleaded before the Tamil Nadu Electricity Regulatory Commission that the scheme of free electricity for pumpsets belonging to all farmers and huts in rural areas as followed by my Government since May, 2001 should be continued, the Tamil Nadu Electricity Regulatory Commission following the principles laid down in the 1998 Central Act set out a new Tariff of 20 paise per unit or Rs.250 per HP per annum for all farm pumpsets. Eventhough a new tariff had been prescribed by the Tamil Nadu Electricity Regulatory Commission, I ordered a new scheme of providing income support to small and marginal farmers and hut dwellers to pay

their dues to the Tamil Nadu Electricity Board. I also ordered the extension of this scheme to cover all farmers with effect from February, 2004. Thus with the sole intention of protecting the interest of farmers in the State, **my Government was the only Government in the entire country to ensure the continuance of free electricity.**

Farmer Groups have now met me and indicated that eventhough the Money Order Scheme by which income support is distributed enables them to continue to get free electricity, the procedure can be further simplified by the Government itself making direct payment to the Electricity Board for all farmers.

I have therefore now ordered that all farmers and hut dwellers will get totally free electricity. The Government will pay the entire tariff on electricity for farm pumpsets and huts as fixed by the Electricity Regulatory Commission directly to the Tamil Nadu Electricity Board. Money orders have already been despatched for the second half year of 2003-2004. The totally free electricity scheme will thus be operational from the first half year of 2004-2005, starting from 1st April, 2004.

Although the DMK Government had accepted and received funds on the basis of a Memorandum of Understanding which required Meters to be installed for all farm pumpset connections and huts, **I have now ordered that meters shall not be installed for farm pumpset connections and huts.** The Tamil Nadu Electricity Board will inform the Tamil Nadu Electricity Regulatory Commission accordingly.

The Nutritious Noon Meal Programme introduced by Puratchi Thalaivar MGR today covers all children above the age of 2 years upto 15 years. This is an important and vital

programme providing food security. I had already ordered that every child under this programme should be provided with potatoes on one day and pulses on two other days so that a balanced nutritious diet could be provided. To further enrich the diet, **I have now ordered that additionally an egg be given to every child once a week, in addition to potatoes on one day and pulses on another day.**

With a view to benefit all students and to give a real meaning to the concept of Education for All, **I have ordered that from the new Academic Year starting from 1st June, 2004 all students studying from Standard I to Standard XII in all schools including private schools shall be provided with Free Travel Bus Passes to travel from their residence to school and back to their residence.** The free school bus passes will be valid on all holidays.

Similarly, the students studying in all colleges including private colleges will be given 50% concessional travel bus passes to travel from their residence to college and back to their residence with effect from 1st June, 2004. These passes will be valid on all holidays. The Chennai City College students will be issued 60 exchange tokens instead of 40 exchange tokens to travel in Metropolitan Transport Corporation buses.

During 1991-96 when my Government was in power I had ensured that benefits to Government Employees and Teachers were extended even without their asking for it. This was possible as my Government had ensured that the financial situation was healthy. Unfortunately by 2001, the previous DMK Government left the State in total financial ruins. In addition they had also postponed nearly Rs.1800 crores of payments due to Government Employees and Teachers beyond 2003. When my Government assumed office in May, 2001 there was not enough money in the treasury

to pay the monthly salaries. Further in 2001-2002 there was even a major shortfall in the promised share of Tamil Nadu in Central Taxes causing further serious deterioration in the financial position.

Despite the extremely impossible financial situation my Government took every effort to disburse salaries and pensions on time with no default. At the same time when the financial position improved my Government made it a point to release the additional instalments of Dearness Allowance and other benefits. Thus even today my Government provides Dearness Allowance far in excess of that provided by most other States. Thus I have ensured that my Government did its best for Government Employees and Teachers.

Unfortunately, misled by certain political parties, some Employees Organisations and Teachers Associations resorted to a strike in July, 2003. **Taking a compassionate view, I ordered the reinstatement of all dismissed Employees and announced this in the Legislative Assembly on 10th February, 2004.**

To promote good relations between Government Employees and Teachers on the

one hand and the Government on the other, and with the hope that they will serve the people of this State with renewed vigour and dedication, **I have decided to take a magnanimous view and completely cancel all the punishments imposed on and withdraw all pending disciplinary proceedings against Government Employees and Teachers for participation in the strike in July, 2003.** This will come into force immediately. I have every confidence that Government Employees and Teachers will fully reciprocate this gracious gesture by extending full co-operation to my Government.

Although my Government is aware that political leaders have indeed been behind the strike of Government Employees and Teachers in July, 2003, in order that this issue is settled once and for all, **I have ordered that all the cases filed by the Government against the leaders of political parties under the provisions of the Tamil Nadu Essential Services Maintenance Act in connection with the strike by Government Employees and Teachers in July, 2003, be withdrawn.**

I have always believed that the truth should be faithfully reported and distortions should not creep in while reporting matters. Otherwise the public could be misled leading to undesirable conclusions. In the hope that the Media will faithfully adhere unflinchingly to this essential principle which is valid at all times, **I have ordered that all the Defamation Cases filed by the Government against the Press and Media shall be withdrawn at once.** I have every confidence and hope that the Media will respond positively to this gesture by ensuring unbiased reporting, upholding the best traditions of journalistic ethics.

My Government will move a Resolution in the Tamil Nadu Legislative Assembly to drop all the proceedings against "The

Hindu" and other newspapers in connection with the Privilege Issues which figured in the Tamil Nadu Legislative Assembly in November, 2003, in the hope that these newspapers will conduct themselves in a responsible manner respecting the prestige, dignity and the privilege of the Tamil Nadu Legislative Assembly.

My Government has always been the strongest champion of the rights and welfare of every minority community, be it Christians, Muslims or others. My Government's record in protecting the interests of every minority community and promoting their development stands out both in the period 1991-96 and once again from May, 2001. Those who are today masquerading as secular forces have in fact been responsible for the abject misery and humiliation of minorities without lifting a little finger for their genuine benefit. Tamil Nadu has always been a haven of peace and tranquillity when my Government has been in power, guaranteeing full protection to minorities and promoting religious harmony. It was only when the DMK Government was in power that the hapless minorities actually suffered.

It was only with the good intention of further promoting religious harmony among all religions that my Government enacted the Tamil Nadu Prohibition of Forcible Conversion of Religion Act, 2002. This Act was never intended to be used against the minorities. However, as Leaders of some Minority communities have requested withdrawal of this Law and in order to clear any misconception on account of this law, **I have ordered that the Tamil Nadu Prohibition of Forcible Conversion of Religion Act 2002 be repealed at once.** An Ordinance for this purpose will be brought immediately. This Government will always be the true friend and champion of minorities.

VARIOUS MEASURES TO MITIGATE THE HARDSHIPS OF THE FARMERS AND AGRICULTURAL LABOURERS

Tamil Nadu is affected to a greater extent, due to droughts during last three years. Notwithstanding the fiscal constraints, the Government have launched various relief measures to mitigate the hardships of the farmers and the Agricultural labourers.

This Government responded promptly to the emerging situation by declaring all the districts, except Chennai district, as drought-affected. Relief measures aimed at providing gainful employment through construction of durable community assets, provision of supplementary nutrition, drinking water and relief to farmers among others, have been taken up.

❖ Just as the impact of the drought and non-release of Cauvery water for the standing Kuruvai crops in the delta districts began to be felt, the Hon'ble Chief Minister convened a special meeting in Thanjavur in June, 2002, and announced a special relief programme for the three delta districts at a cost of Rs.164.18 crores. This has been successfully implemented.

❖ The Government sanctioned a total of Rs.149.48 crores to combat the problems of drinking water supply in all the districts in the State. This has been utilised for deepening existing bore wells, installation of mini-power pumps, deepening and desilting of wells, extension of water pipelines to uncovered areas etc. Supply of drinking water through lorries was also made in badly affected areas.

❖ Coconut farmers in Tamil Nadu have been badly hit because of the failure of the monsoons and the consequent drying up of trees. The Government have sanctioned Rs.30.50 crores to the eligible beneficiaries as relief, to undertake replanting.

❖ The Hon'ble Chief Minister's scheme for providing gift hampers to about 10 lakh households of landless agricultural labourers in the Cauvery delta districts at the time of Deepavali in 2002 was implemented at a total cost of Rs.21 crores.

❖ The Hon'ble Chief Minister announced that 30 Kg. of rice will be given free of cost to every family registered under the Special Noon Meal Programme from 1st February 2003.

❖ The scheme to supply 30 Kg. rice free of cost, every month from February to August implemented at a cost of Rs.115.94 crores to the benefit of 9.71 lakhs families.

❖ A special programme for employment generation has been launched at a total cost of Rs.217.09 crores following the failure of the Samba crop.

❖ The Government have implemented a scheme of waiver of interest and penal interest dues of farmers amounting to Rs.310.50 crores.

❖ With a view to enable the farmers to take up planting of the next crop, the Government sanctioned income support to the tune of Rs.324.32 crores to the benefit of 47.83 lakh farmers.

❖ A massive Food for Work Programme with an outlay of Rs.341.92 crores has been implemented to ensure food and employment security to the rural people affected due to drought and the failure of monsoon. ●

EDUCATION FOR ALL

Education is an important factor for shaping the better future generation. The investment in education paves way for human resource development and knowledge based society. The Government under the dynamic leadership of Hon'ble Chief Minister Selvi J Jayalalithaa have initiated various steps to provide the wealth of education to all.

- ★ In Tamil Nadu, a large number of Institutions have been accredited by NAAC and Tamil Nadu enjoys the privilege of having more number of accredited colleges in the whole country.
- ★ 8 Government Arts and Science Colleges and 36 Government Aided Arts and Science Colleges in Tamil Nadu have been granted autonomous status.
- ★ A total sum of Rs.4.37 crores has been allocated for carrying out special repairs and maintenance works in 67 Government colleges.
- ★ Two centres have been established by the Government to give free coaching to women students who appear for the IAS / IPS examination. In each centre, 60 women students are being benefited.
- ★ Special schemes are implemented to literate the women particularly the Dalit Women who have discontinued their studies.
- ★ Placement cell and career guidance cell have been established in all the Constituent and Aided Colleges.
- ★ The scheme for filing of Applications and issue of Hall Tickets through online for Professional Courses Entrance Examinations was implemented by the Anna University. Nearly 1.50 lakhs students have been benefited through this scheme.
- ★ Knowledge connectivity with Engineering Colleges and Telemedicine facility have been launched.
- ★ Single Window System of admission into the first year Engineering Degree courses was conducted at Tiruchirappalli, Madurai, Coimbatore and Chennai to provide logistic advantage to the students and parents in general and the rural people in particular.
- ★ Transfers are effected to the teachers of government colleges and schools by means of counselling.
- ★ With a view to attract more number of students into the technical education, Government have ordered that all those who have passed in 10th Standard (SSLC) are eligible for admission into the Polytechnic Colleges and the students of H.S.C. (both Academic and Vocational) who have just passed are eligible for admission into the second year of Diploma courses under Lateral entry Scheme.
- ★ Government have reduced the minimum educational qualification from a pass in X Standard to a pass in VIII Standard to appear for English / Tamil Typewriting Junior Grade Examinations. Similarly Government have reduced the qualifications for appearing Higher Grade Typewriting examinations from Xth

standard with pass in Lower grade to VIIIth standard with pass in Lower grade.

- ★ Government have reserved 3% of seats for handicapped students in Engineering Colleges.
- ★ The Director of Technical Education has been permitted by the Government to enter into a MoU with British Council of India, for conducting Business Engineering course offered by the Cambridge University, United Kingdom, by affiliated Engineering Colleges, Polytechnics and Arts and Science colleges. It is expected to benefit 50,000 students of Tamil Nadu every year.

★ Basic Infrastructure facilities have been provided in Primary and Middle Schools at a cost of Rs. 96.06 crores.

★ Open and transparent single window admission system provides opportunities for 4,661 students every year in recognised teacher training institutions. Opportunities have also been provided to 1,560 students to get additional training.

★ During 2001-2003 , 10,178 vacant teacher posts have been filled and steps have been taken to appoint another 12,000 posts.

★ The Government have established separate "University of Physical Education and Sports".

★ A massive allocation of Rs.1,649 crores has been made in the Tenth Five Year Plan to provide elementary education to all the children aged between 6 and 14 in Tamil Nadu.

★ During the past three years, 1,112 Primary Schools, 1,075 Middle Schools, 260 High Schools and 300 Higher Secondary Schools have been established.

★ Construction of new class rooms, laboratories, toilet blocks and provision of drinking water facilities have been taken up in 346 High and Higher Secondary Schools with the NABARD assistance at a cost of Rs.99 crores.

★ A new Directorate of Matriculation Schools started for better regulation of matriculation education system.

★ Creation of Tamil Nadu Open University for providing higher and collegiate education to all.

★ Thiruvalluvar University was established at Vellore to cater to the educational needs of the students living in the backward districts.

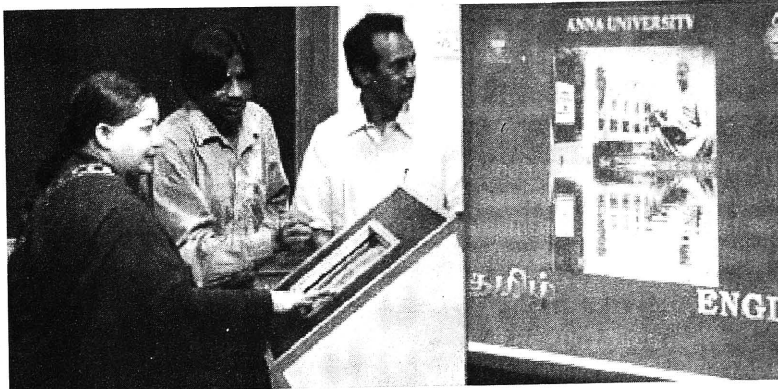

★ 867 Libraries have been established in rural areas. The Government have ordered to conduct book fairs in all the districts. A permanent book fair has been established in Chennai.

★ During 2003-2004 scientific Tamil has been introduced as a subject from LKG to 12th Standard in all the Schools.

TAMIL NADU AS A KEY HUB FOR INFORMATION TECHNOLOGY

- ❖ Tamil Nadu has grown as a top Information Technology State in the Country during the last three years.
- ❖ With a view to give a great impetus, the IT Policy 2002 was released by the Hon'ble Chief Minister during September 2002.
- ❖ The IT Policy was formulated with a vision to put the smile of prosperity on the face of every citizen of Tamil Nadu by leveraging Information Technology to create value and wealth for a knowledge based State.
- ❖ Due to the encouragement and active support of the Government the export of software has been increased to a greater extent.
- ❖ The three IT majors viz. Infosys, Tata Consultancy Services Ltd. and Wipro have acquired about 300 acres in and around Chennai to meet their expansion plans.
- ❖ The Knowledge Industry Township has been taken as a special project for development. M/s. KPMG, a world class Consultant Firm has submitted the detailed project report. For the initial phase, 300 acres of land at Sholinganallur has been identified.
- ❖ ELCOT has signed a Memorandum of Understanding with Bharathiyar University to promote Research and Development Park.
- ❖ The 7th National e-Governance Conference was organised in Chennai. The deliberations has opened new avenues for increasing the e-Governance activities in the State.
- ❖ A pilot project of Electronic Delivery of Services (EDS) was introduced in Tamil Nadu Electricity Board and Metro Water.
- ❖ Formation of e-Governance cell at ELCOT in the name and style of "TN e-Gov Mission".
- ❖ Video conferencing net work facility connecting the Hon'ble Ministers, Secretaries, District Collectors and other senior Government Officials.
- ❖ High speed inter - connectivity of 2 mbps has been provided with an outlay of Rs.63 lakhs with a view to enable quick access to information for crucial decision making.
- ❖ The Rural Access to Services through Internet (RASI) project was launched to bridge the Digital Divide and provide information and services to the

❖ The Tamil Nadu Medical Services Corporation (TNMSC) has implemented a Computerised Drug Distribution Management System (DDMS) and is considered to be the pioneer model and backbone for the Drug Logistics System in Tamil Nadu.

❖ The Government of

rural masses at their nearest locations. The scheme implemented as a pilot project in selected part of the State has enabled the public to give e-mail and represent their grievances to Hon'ble Chief Minister directly. Further it has opened new channels of communication with the district administration.

Tamil Nadu have taken a lead in redefining the existing tea auction system into a completely electronic tea auction system called ETAS. It comprises of the computerisation of the pre-auction, auction and post-auction processes of the primary marketing of tea.

- ❖ Rural Internet Kiosks open the doors to a new way of life to rural people. Online application for Birth, Death, Income, Community and Nativity Certificates has been made possible. The Rural Internet revolution now covers about 600 RASI centres and this will be extended to all the villages.
- ❖ TAMILNILAM (Tamil Nadu Info-system for Land Administration and Management) was introduced with the objective of computerising Land records data for the benefit of the public in terms of better information availability for administrative and development purposes. The project has been undertaken in Two Phases with a cost of Rs.132.60 lakhs and Rs.405 lakhs. Now, the 'Patta' copies are available across the counter in 206 Taluks in Tamil Nadu, where the Project has been implemented, for a nominal payment of Rs.20. For a fee of Rs.2 all landowners can view the data relating to their land.
- ❖ Towards introducing e-Governance, "e-Administration", a paperless File Management System is implemented at ELCOT as an empowerment tool.
- ❖ Driving Licences are being issued electronically in all the 86 RTO offices.
- ❖ Nine Agriculture regulated markets were computerised to provide valuable price information of Agricultural products for farmers online and continuously in the first phase.
- ❖ 29 District Treasuries, 205 Sub-Treasuries, 7 Pay and Accounts Offices and Pension Pay Office at Chennai have been computerised. Daily transaction data are captured at the Sub Treasuries and consolidated at the District Treasuries.
- ❖ The Urban Local Bodies have been computerised to provide services for birth and death registration, building plan approvals, census, trade license, elector rolls, family enumeration (mother and child welfare) professional tax, property tax, solid waste management and water charges.
- ❖ The Small Industries Department has facilitated issue of "provisional SSI registration certificate" to the new entrepreneurs by the District Offices as one of the areas of e-Governance. The Hon'ble Chief Minister of Tamil Nadu has launched this unique initiative on 12.9.2002. There are now more

than 260 authorised centres which can issue this certificate. This is first of its kind in the country.

- ❖ The Information Touch Screen Kiosks at 30 model Taluk offices are enabling the public to view details like land, patta, guideline value, birth details etc. at one touch.
- ❖ All Forest circles, Divisions and Range Offices have been computerised in phased manner.
- ❖ For redressing the grievances of the Public in Hon'ble Chief Minister's Office a computer software for the entire State has been formulated and the district units are connected with the State Computer System. The complaints received through various sources are entered in the systems till the grievances are redressed.
- ❖ Tamil Nadu pioneered an ambitious programme to impart computer literacy and education in all the Government Higher Secondary Schools. A total of 1,197 schools have been covered. The total number of School students who will leave the portals of the schools, fully IT literate is about 92,500 per annum. The Tamil Nadu model is adopted as the All India model.
- ❖ All the Government Arts and Science, Law and Medical Colleges, numbering 76 have been covered for the IT education programme benefiting

14,000 students per year. ELCOT is the nodal agency for the implementation of these projects.

❖ Interactive Voice Response Systems (IVRS) is installed at the Directorate of Small Savings and Collectrates to help the public to access the information about the agents, operation in the residential areas and nearest post offices.

❖ The REGINET project is designed to substantially improve the citizen interfaces,

bringing speed and efficiency in the Registration process. Now all the 325 Registration offices spread over Tamil Nadu are connected. The REGINET aims to issue Encumbrance Certificate (EC) for any property in the State from any Registration Offices.

TAMIL VIRTUAL UNIVERSITY

- ❖ Literatures from Sangam Age to Modern Age are placed in the Digital Library.
- ❖ To have glimpse of heritage, arts and culture, photo and video galleries are provided.
- ❖ The Government have provided separate funds to encourage Tamil Software developments and projects are under various stages.
- ❖ Hon'ble Chief Minister released the Tamil 'Optical 'Character Reader' OCR software during June 2002.
- ❖ Hon'ble Chief Minister released the Tamil Software Machine Aided English - Tamil Translation on 20-8-2003.
- ❖ TVU Study centres have been opened in Sri Lanka, Malaysia, Mauritius, U.S.A. and Canada.
- ❖ Idham 2000 - Advanced Tamil Interface for Microsoft Windows Software have been completed.

ENRICHMENT OF TAMIL LANGUAGE AND DEVELOPMENT OF ART AND CULTURE

- ★ The Government have sanctioned a sum of Rs.66 lakhs as grant for conducting cultural functions and art camps in Districts.
- ★ The Government have sanctioned a sum of Rs.3.63 lakhs for conferring awards to eminent Artists at District level. So far 95 Artists from 20 Districts were conferred with awards. For the year 2003-04 a sum of Rs.3.75 lakhs has been allotted.
- ★ Additional class rooms and library room for the Government College of Fine Arts at Kumbakonam were constructed at a cost of Rs.5.60 lakhs.
- ★ The Government have sanctioned a financial assistance of Rs.500 per month for 498 indigent Artists.
- ★ The Government have issued Identity Cards to 11,176 artists through District Art Societies.
- ★ The Government have sanctioned a sum of Rs.3 lakhs for the purchase of Computers and Accessories to the Government College of Architecture and Sculpture, Mamallapuram.
- ★ The Government have sanctioned a sum of Rs.5 lakhs for the purchase of Musical Instruments and Audio Visual Instruments to 17 District Government Music Schools.
- ★ The Government have sanctioned to purchase xerox machines for the Regional Cultural Centres at Thanjavur and Trichy at a cost of Rs.2 lakhs.
- ★ Refresher courses were conducted to the Teachers of Government Music Colleges and Music Schools at a cost of Rs.3 lakhs and nearly 115 teachers have been benefited by this programme. Training Camps in folk arts were also given to youth at a cost of Rs.2 lakhs.

- ★ Summer Training Camps are conducted to the benefit of Jawahar Bal Bhavan students in all Districts with an outlay of Rs.5 lakhs.
- ★ A sum of Rs.10 lakhs was sanctioned for conduct of Music Festivals in Music Colleges.
- ★ The Government have sanctioned a sum of Rs.1 lakh for printing of books for the Government Music Colleges and the Music Schools.
- ★ The Government have sanctioned a sum of Rs.25 lakhs as share of Tamil Nadu for the Corpus Fund of South Zone Cultural Centre, Thanjavur.
- ★ The Government have enhanced the grant from Rs.5000 to Rs.6000 to the families of deceased artists.
- ★ During the past three years, the Government have sanctioned a sum of Rs.79.49 lakhs for conducting art festivals, cultural programmes and Art Training Programmes.
- ★ For the promotion of young budding artistes, a sum of Rs.1 lakh has been sanctioned.
- ★ To organise Tamil Panorama Programme, Kurunthogai Dance Programme was conducted with an estimated expenditure of Rs.65,000 to the benefit of 400 Government Music College students.
- ★ For the promotion of Raga Research Programme, Rs.22 lakhs have been sanctioned.
- ★ A sum of Rs.5 lakhs has been sanctioned to Kalai Payil Panpattu Kazhagam for the promotion of arts.
- ★ The Government have sanctioned a total sum of Rs.35.54 lakhs to Tamil Nadu Ovia Nunkalai Kuzhu as grant during the last three years.
- ★ Art Exhibitions and Lecture Demonstrations were conducted at Thiruchirapalli, Kancheepuram, Madurai, Tirunelveli, Thanjavur and Salem.

- ★ Jawahar Bal Bhavāns are functioning in 35 places in all the districts of Tamil Nadu. Every year various schemes are implemented for the benefit of children.

were benefited during the last three years. 1259 artistes were benefited by availing travel concessions in buses.

The Government Museum at Chennai is the oldest and the largest among all State Museums in the country. The museum was renovated and beautification works were carried out. The Government have sanctioned a grant of Rs.4.44 crores to conserve the heritage building, housing the museum theatre and a large part of the heritage compound wall, to completely refurbish and modernise some of the galleries, to reorganise their displays using the latest monument lighting, and to introduce an interactive Sonet

Lumiere Show. The Rock Art and Cave Art Gallery has been created as a walk-through in a simulated cave-like atmosphere.

- ★ During the last three years, Free Cultural Training Programmes were organised to benefit 14,877 children.

- ★ With a view to felicitating famous artistes who are surviving in a commendable manner in the field of performing arts, the Tamil Nadu Eyal Isai Nataka Mandram is conferring Kalaimamani award on them every year. During the last three years Kalaimamani award were presented to 91 artistes.

- ★ Orders have been issued to enhance the Family Maintenance Grant from Rs.5000 to Rs.6000. This grant has been sanctioned to 34 families during the last three years.

- ★ Travel Concession certificates for availing 75% concessional fare in second class and 50% in first class are being issued to the performing artistes who undertake the journey in Train to the places beyond 300 kms. to perform cultural programmes. Under this scheme 9,572 artistes

- ★ A total sum of Rs.436.31 lakhs has been allotted during the last three years, for the heritage protection of the identified monuments.

- ★ A sum of Rs.2.90 crores has been given as maternity loan to 13397 women beneficiaries.
- ★ The Rural Housing Scheme is implemented through Primary Co-operative Agriculture and Rural Development Bank. Under this scheme, a sum of Rs.28.98 crores has been issued as loan to 2315 beneficiaries.
- ★ Government have issued orders to implement 'One Time Settlement Scheme' in the Co-operative Banks to provide relief to the urban and rural borrowers of the Co-operative Banks, so as to facilitate the recovery of Non-Performing Assets and long pending overdues. So far, 24,138 persons were benefited to the tune of Rs.124.70 crores.
- ★ Under the National Agricultural Insurance Scheme, a total claim of Rs.48.70 crores was disbursed to 1,36,817 farmers in the drought affected area as subsidy.
- ★ In order to alleviate the sufferings of the small tea growers, Ooty tea is being sold through Public Distribution System retail outlets. The quantity of tea sold so far is 6012 M.Ts.
- ★ In order to alleviate the sufferings of handloom weavers, handloom dhoties and sarees were sold through Co-operative Fair Price shops.
- ★ The rice mill owners, retailers and wholesale dealers would face no difficulty either in procuring or selling the rice / paddy as a result of removal of the ceiling limit for stocking of rice / paddy by them.
- ★ Though in several States rice is supplied at the rate of Rs.6 per kg for the poor people and Rs.8 to Rs.9 for others, this Government is supplying eligible rice to all families without any discrimination at the uniform price of Rs.3.50 per kg from 1.9.2003 inspite of severe financial constraints.
- ★ During 2003, 181 casual workers have been absorbed as permanent workers as per the Industrial Act, 1981 (Permanency provided to the Labourers).
- ★ Inspite of steep fall in tea prices during the past three years, TANTEA is paying the highest wages of Rs.74.62 per day. But, in the private tea industries, the wages have been reduced from Rs.76.85 to Rs.70 and Rs.71 per day from 01.01.2002.

Environment friendly projects

★ Environmental upgradation through bioremediation of Ooty and Kodaikanal Lakes has been undertaken under the National Lake Conservation Programme (NLCP) at a total cost of Rs.688 lakhs.

★ For developing environment friendly cities in future, an "eco-city plan" has been prepared for Kancheepuram Town through National Environment Engineering Research Centre (NEERI), Chennai, at a cost of Rs.2.50 lakhs. A seminar was conducted on 08.01.2004 at Kancheepuram.

★ To create environmental awareness among the school and college students, 1260 eco-clubs have been formed in all the districts of the State involving selected educational institutions and NGOs. **Tamil Nadu has the distinction of launching eco-clubs in all the districts of the State with the State Government funds.** Environmental exhibitions are conducted every year at District level through the Eco-clubs. Financial assistance to the extent of Rs.25,000 to Rs.50,000 per district is released for the activities of the Eco-clubs every year. Each District has got Eco-clubs in 40 to 50 schools. Moreover financial assistance is also given to the Educational institutions and NGOs for conducting Seminars, Workshops to promote environmental consciousness. During the last three years, more than 20 such workshops, seminars on environmental management were supported by the Government. For all the environmental awareness programmes an amount Rs.45 lakhs was spent by this department.

★ Enthused by the success of school eco-clubs, another 2900 schools Eco-clubs have been started at 100 schools per district under the National Green Corps (NGC) programme. About 40 to 50 students are enrolled in each

school under a teacher co-ordinator. This year the NGC programme is being extended to additional 1450 schools at 50 per district. **On the whole, over 2.5 lakhs school children have been covered under this massive eco-awareness programme covering 5500 schools all over the State.** Environmental awareness under this programme is organised through thematic campaigns, tree planting, competitions and eco-camps. The Department of Environment is functioning as the State Co-ordinator of NGC. A sum of Rs.76.19 lakhs has been incurred for NGC activities so far.

★ To provide green cover to the degraded temple hillocks in the State, a pilot scheme for Eco restoration of "Sholingur Temple Hillock" in Vellore District is implemented at a cost of Rs.9 lakhs. Rs.6 lakhs has already been released to Forest Department. The Forest Department has completed the planting work. Environment Management Agency of Tamil Nadu (EMAT) is developing irrigation infrastructure to the plantation at a cost of Rs.3 lakhs.

★ The pilot programme for manufacture of hand made paper and paper bag making units through self help Groups and Non-Governmental Organisations has been implemented in five Corporations of Chennai, Tiruchy, Coimbatore, Madurai and Salem at a cost of Rs.12 lakhs during the year 2003-04. ♦

IT enabled operations in Registration Department

- ★ With a view to providing quick services and ensuring transparency by suitably harnessing IT enabled operations in Registration Department - it is proposed to computerise all the 600 sub Registrar Offices and 50 District Registrar Offices in a phased manner. There are 350 registration offices throughout Tamil Nadu, which operate computerised counters to help citizens to complete process of registration of properties in less than an hour instead of several days, as was necessary under the earlier system.
 - ★ The IT enabled process has taken place in two levels namely: STAR (Simplified and Transparent Administration of Registration) and REGINET (Registration Network). This e-governance initiative has been evaluated from the following perspective: The Citizen, Governance and Service Delivery. The systemic improvements have helped the department in regaining the confidence of the public and in making the registration process a pleasant experience.
 - ★ REGINET, the first of its kind in the country, connects all the Sub Registrar offices. As a result, the data available in all these offices become shareable and information about EC of any property can be accessed from any other location. This enables the registrants to approach the nearest Sub Registrar Office and avail the services.
 - ★ A facility for online submission of application for Encumbrance Certificate has also been introduced. The information submitted by the applicants is processed at the respective offices and the Encumbrance Certificate is kept ready. The applicants can either collect in person directly by paying required fee or the certificate will be delivered at the doorsteps.
 - ★ An Exclusive website (www.tnreginet.net) have been launched towards ensuring transparency in the registration process, particularly the posting of statewide guideline values for all the areas. Besides providing general information, the website also provides details about property valuation, registration process and public utility forms / model draft documents as downloads.
 - ★ In view of huge pendency of documents with Special Deputy Collector (Stamps) for determination of market value, 'Samadhan Scheme' was launched. The scheme was in force from 1.10.2002 to 29.11.2002. As per the Scheme, the public could get back the documents by paying 60% of the total disputed stamp duty / registration fee as raised by the Sub Registrar. Out of 91,101 documents, 50694 documents were returned on collection of Rs.95.55 crores as stamp duty and registration fee.
 - ★ Stamp duty at the rate of 8% on amount or market value set forth for conveyance of properties was levied in urban areas and 7% in rural areas. In addition, transfer duty at 5% was levied, the proceeds of which is apportioned to the local bodies after due collection charges.
- ### Stamp duty has been reduced for :
- ★ Simple Mortgage - duty reduction from 4% to 1% with a ceiling of Rs.20,000 and maximum registration fee is fixed at Rs.5000 at 1%.
 - ★ Mortgage with possession - Duty and surcharge reduced to 3% and 1% respectively. Registration fee 1% with maximum limit of Rs.2 lakhs.
 - ★ Deposit of Title Deeds: Stamp duty at 0.5% with maximum duty at Rs.5,000. Registration fee is 1% maximum fees at Rs.1,000.
 - ★ Power for consideration duty reduced to 4%.
 - ★ Stamp duty rates for property transactions within the family in respect of Deeds of Settlement, Release, Partition and Dissolution of Partnership - 1% on the market value of the property subject to a ceiling of Rs.10,000 and registration fee at 1% with a ceiling of Rs.2000. In the case of Partition the ceiling will be on each share.
 - ★ The Government have ordered the opening of a central stamp vending unit at the office of Deputy Inspector General of Registration, Chennai to sell judicial, non-judicial stamp papers and other stamps, from 24.2.2004.
- ❖ ❖ ❖

LABOUR AND EMPLOYMENT

- ★ A total sum of Rs 58,01,000 was disbursed at the rate of Rs 250 per month to 2215 eligible workmen who were working in the units which were either closed or which are not functioning for a long time.
- ★ The Lok Adalat was constituted in Chennai and Madurai to settle the workmen's claim pending under the Workmen's Compensation Act, 1923 in an expeditious manner with minimum cost and hardship. 43 cases have been disposed and compensation amount of Rs 73,03,521 have been disbursed.
- ★ The Government have sanctioned a sum of Rs 18.75 lakhs as State Government subsidy for 375 houses at the rate of Rs 5000 per house for the year 2002-03 under Integrated Housing Scheme for Beedi Workers. Further an amount of Rs 60 lakhs has been appropriated in the Budget Estimate for the year 2003-2004 for this scheme out of which a sum of Rs 6.20 lakhs has been sanctioned for 124 houses.
- ★ State Action Plan for eradication of child labour was approved by the Government. It aims at eliminating child labour in hazardous employment by the year 2005 and in non-hazardous employment by the year 2007. The Government have accorded sanction for the formation of child labour rehabilitation cum welfare society and allotted a grant of Rs 25 lakhs to the society to implement the action plan. The district child labour rehabilitation cum welfare society have been formed in all the districts of Tamil Nadu.
- ★ The Tamil Nadu Labour Welfare Board has disbursed a sum of Rs 79,27,419 to 24,128 workers as financial assistance under the various welfare schemes.
- ★ 2,10,362 construction workers were registered and a sum of Rs 9,04,37,675 has been disbursed to 24768 construction workers as financial assistance. A new office building at Chennai at a cost of Rs 3.50 crores for Tamil Nadu construction workers welfare board was constructed and inaugurated on 28.11.2002 by the Hon'ble Chief Minister of Tamil Nadu.
- ★ 6,54,616 manual workers were registered and a sum of Rs 1,99,43,000 has been disbursed to 6124 workers as financial assistance.

★ Under computerisation programme, so far 25 Employment Exchanges and 4 special offices have been computerised. The remaining 4 Employment Exchanges (Karur, Perambalur, Uthagamandalam and Sivagangai) have been provided with computer systems during this year. It is proposed to connect the Employment Exchanges with the Commissionerate of Employment and Training to facilitate instant access to the datas of Employment Exchanges and to have effective communication through WAN. This will lead to achieve the e-Governance in this department.

renew their registrations during the year 1999 and 2000. 31161registrants have benefited.

★ The website cum interactive job portal for the Employment Exchanges was inaugurated by Hon'ble Chief Minister on 6.6.2003. This website hosts datas of 2.85 lakhs of marketable, professional and post graduate candidates of Professional and Executive Employment Office, Chennai.

★ Special concession was granted again by the Government to the registrants of the Employment Exchanges who had failed to renew their registration during the calendar year 2001 and 2002. Due to this concession, 82,337 registrants have benefited.

★ The job portal right from the inception is an instant success and received more than 1,09,038 hits and 935 employers had registered with it till date.

★ During the past three years a sum of Rs 21.53 lakhs has been spent for coaching 3200 Hindu Adidravida candidates for appearing for the entrance examination for admission to professional courses. Due to this coaching, 398 candidates have been admitted in various professional colleges.

★ The private employers are using this website for their manpower requirements.

★ In all the District Employment Offices, second Friday of the month is observed as private placement day. On that day both the employers and the job seekers are made to meet each other in a fixed venue. The selection is made then and there avoiding loss of time and other resources. So far 12011 candidates were placed in private sector by all the District Employment Offices in the State.

★ The total number of factories has increased from 29,681 in 1.5.2001 to 34,101 as on 1.4.2004. Likewise the number of workers working therein has increased from 11,95,843 to 12,56,402.

★ For the rural educated youth, study circles were initially opened in 6 Panchayat Unions. Subsequently, it was extended to 379 Panchayat Unions all over Tamil Nadu. The Hon'ble Chief Minister of Tamil Nadu has dedicated the above 379 Panchayat Union Study.Circles at Sivagangai on 23.9.2003.

★ A total of 1,498 complaints received from workers and Trade Union Leaders were enquired and 1,447 complaints have been disposed off.

★ An amount of Rs 53.06 lakhs has been sanctioned by the Government towards purchase of books, magazines and other materials. An amount of Rs51.96 lakhs has been spent so far. 7,316 candidates enrolled their names as members.

★ Tamil Nadu under the able guidance of our Hon'ble Chief Minister has adopted child labour elimination as one of its top priorities in its agenda towards developing a vibrant state in the Chief Minister's 15 Point Programme. In the past three years 397 cases have been filed in regard to child labour violations by this Inspectorate and Rs 12,52,500 has been collected as fine amount. These efforts have certainly minimised the problem in the organised sector.

★ Special concession was given by the Government in 2001 for those who defaulted to

★ During the past three years 2793 special squad inspections have been conducted all over the State and 534 child labour were found and cases filed against the erring managements.

Tourism Development in Tamil Nadu
